Independent Auditors' Report

To the Plan Administrator
403(b) Thrift Plan of ASPIRO, Inc.
Green Bay, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan of ASPIRO, Inc. (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan of ASPIRO, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of ASPIRO, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of ASPIRO, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of ASPIRO, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of ASPIRO, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2025 financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of 403(b) Thrift Plan of ASPIRO, Inc. (Plan) provides only general information. More complete information regarding the Plan's provisions may be found in the Plan document.

General

ASPIRO, Inc. (Organization) established the Plan to provide eligible employees with a systematic means of saving and investing for the future. Eligible employees may make elective deferrals beginning on their first day of employment. Unless an affirmative election is made, eligible employees are automatically enrolled at a deferral rate of 1% of Plan Compensation. The automatic deferral percentage increases by 1% each Plan year until it reaches 5%. Employees become eligible for matching contributions upon attaining age 18 and completing one Year of Service, as defined by the Plan, and enter the Plan on the first day of the calendar month coinciding with or next following satisfaction of these requirements. Employees who normally work fewer than 20 hours per week are excluded, subject to the provisions of the Plan. The Board of Trustees oversees the Plan. The Investment Committee monitors the Plan's investment options and reports to the Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are eligible to elect to defer 100% of their compensation as a pretax or Roth contribution each year not to exceed the thresholds set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other 403(b) plans or qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization provides a contribution to all eligible employees each pay period so long as they are contributing at least 1% of their compensation. The Organization's match contribution is 5% of total qualified participant compensation, as defined by the Plan. The Organization's match contribution is invested directly into the same investment options as directed by the participants. All investments are participant-directed and participants may change their investment options at any time. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and allocation of (a) the Organization's match contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balance, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Organization's base/match contribution portion of their accounts is based on years of service. A participant is 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their vested account balances up to the lesser of $50,000, reduced by the participant's highest outstanding loan balance during the preceding 12 months, or 50% of the participant's vested account balance. The minimum loan amount is $1,000, and a participant may have no more than two loans outstanding at one time. Loans bear interest at a fixed rate of 2% above the prime rate established by Associated Bank, N.A. Loan terms range from one to five years, except loans used to acquire a participant's principal residence may have a term of up to 15 years. Loans are secured by the participant's vested account balance, and principal and interest are repaid through payroll deductions.

Note 1 - Description of Plan (Continued)

Payment of Benefits

Upon retirement, disability, death, or other termination of employment, a participant or beneficiary may receive the vested portion of the participant's account in a lump-sum distribution or in installments in accordance with the provisions of the Plan. Vested account balances of $5,000 or less may be distributed without participant consent, subject to the Plan's automatic rollover provisions. The Plan also permits hardship withdrawals of participant contributions in accordance with the provisions of the Plan.

Forfeited Accounts

Plan forfeitures arise when participants terminate employment before becoming fully vested in the Organization's matching contributions and related earnings. At December 31, 2025 and 2024, forfeitures available for future use totaled $2,116 and $3,956, respectively. Forfeitures may be used in accordance with the Plan document to reduce future Organization contributions or pay Plan expenses. Organization contributions were reduced by forfeitures of $29,016 and $19,122 during the years ended December 31, 2025 and 2024, respectively.

Note 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value or other applicable measurement basis. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for further information regarding fair value measurements.

Purchases and sales of investments are recorded on a settlement-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes realized and unrealized gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the plan document and the loan policy. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Note 2 - Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to monthly contract charges, administrative charges and forfeiture processing for participants who are not fully vested are charged directly to the participant's accounts. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 1, 2026, which is the date the financial statements were available to be issued.

Note 3 - Income Taxes

The Organization amended the Plan based on the Prototype Non-standardized 403(b) Plan. The prototype has received a favorable opinion letter from the Internal Revenue Service. As such, the Plan qualifies under Section 403(b) of the Internal Revenue Code and, therefore, is not subject to tax under present income tax laws. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that publish a daily net asset value and transact at that price. The mutual funds held by the Plan are classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts: Valued based on the net asset value per unit reported by the insurance company. The unit values are based on the underlying investments of the separate accounts. Because the reported unit values are not quoted in active markets, the pooled separate accounts are classified within Level 2 of the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of other methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024.

	Investments at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 8,491,526	$ -	$ -	$ 8,491,526
Pooled Separate Accounts	-	123,691	-	123,691
Total Assets at Fair Value	$ 8,491,526	$ 123,691	$ -	$ 8,615,217

	Investments at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 7,281,317	$ -	$ -	$ 7,281,317
Pooled Separate Accounts	-	145,257	-	145,257
Total Assets at Fair Value	$ 7,281,317	$ 145,257	$ -	$ 7,426,574

Note 5 - Party-in-Interest Transactions

Certain Plan investments are held by Associated Trust Company, N.A. (Associated) and Mutual of America Life Insurance Company (Mutual of America), which are service providers to the Plan. Fees paid by the Plan to Associated totaled $36,359 and $27,720 during 2025 and 2024, respectively. Fees paid by the Plan to Mutual of America totaled $120 and $102 during 2025 and 2024, respectively. These transactions qualify as party-in-interest transactions. Certain employees and officers of the Organization, who are also participants in the Plan, performed administrative services for the Plan at no cost to the Plan.

Note 5 - Party-in-Interest Transactions (Continued)

Associated provides trustee, custodial, recordkeeping, administrative, and other services to the Plan under a service agreement with the Organization. Associated may receive revenue from mutual fund providers for administrative and shareholder support services. Such revenue is used to offset recordkeeping, administrative, asset management, and custodial fees payable to Associated. Revenue received in excess of such fees is allocated to participant accounts. There were no excess amounts during 2025 and 2024.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Certification of Investment Information

Associated Trust Company, N.A. and Mutual of America Life Insurance Company, qualified institutions of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of the investment information reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
