INDEPENDENT AUDITORS' REPORT

The Investment Committee
Il Fornaio 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Il Fornaio 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IL FORNAIO 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Il Fornaio 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General – The Plan was established on December 1, 2019 to provide retirement benefits for the employees of Il Fornaio (America) LLC (the "Company"), previously named Il Fornaio (America) Corporation, who have attained age 21, and had completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Company has established an investment committee to fulfill these responsibilities. The investment committee also monitors the Plan's investment offerings and investment performance.

In December 2022, Standard Insurance Company ("The Standard") acquired Securian Financial Group, Inc. retirement plan recordkeeping business. Minnesota Life Insurance Company ("Minnesota Life") and The Standard entered into a Reinsurance Agreement and other related agreements that transferred administrative, payment, and investment responsibilities with respect to certain insurance contracts from Minnesota Life to The Standard, on a coinsurance basis in the case of general account liabilities and on a modified coinsurance basis in the case of separate account liabilities. Pursuant to the agreements, The Standard is responsible for all administrative services, including the preparation and certification of the plan's annual reporting on behalf of Minnesota Life. On February 23, 2024, the Plan migrated to The Standard's recordkeeping and administrative services platform as a result of the acquisition.

Participant Contributions – Participants may voluntarily contribute on a pre-tax basis, either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participant contributions are subject to annual limits specified by the IRC. For the year ended December 31, 2025, the annual limitation was $23,500. Participants who are at least 50 years of age by the end of the calendar year may also make catch-up contributions limited to $7,500 for the year ended December 31, 2025. Effective January 1, 2025, an optional provision of SECURE 2.0 Act was adopted to increase catch-up contribution limits for participants aged 60 through 63 to $11,250. Participants may also contribute amounts representing rollovers from other eligible retirement plans.

Employer Contributions – The Company may elect to make discretionary matching contributions each bi-weekly payroll period based on qualified participant contributions. There have been no employer contributions since the inception of the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions, the Company's discretionary matching contributions, if any, as well as allocations of Plan investment earnings and losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions, rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent graded vested after five years of credited service. However, upon disability or death, the participants become fully vested in the Company's discretionary matching contributions.

Investment Options – The Plan currently offers various pooled separate accounts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participant may change their investment options at any time.

Notes Receivable from Participants – Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid within a 5 year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through automated clearing house ("ACH") or check payment.

Payment of Benefits – On termination of service due to normal retirement, disability, death, or termination of employment, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, partial withdrawal distribution, or installment payments. A participant who has reached 59 ½ years of age may elect to receive a pre-retirement distribution. A terminated participant that has a vested account balance between $1,000 and $7,000, and has not provided distribution instructions to the Plan, will have his or her account rolled over to an individual retirement account as designated by the plan administrator. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. Mandatory distributions are required to begin no later than April 1st of the calendar year following the calendar year the participant turns 73 years of age.

Forfeitures – The unvested portion of a participant's account is forfeited upon termination of employment. Forfeitures can be used to pay for expenses of the Plan and to reduce employer's discretionary matching contribution, if any. Participants were 100% vested in all Plan assets as of December 31, 2025 and 2024, and there were no forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions – Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is reported on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Concentrations – As of December 31, 2025 and 2024, four investments accounted for approximately 62% and 61%, respectively, of total investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All of the investments held by the Plan at December 31, 2025 and 2024, are pooled separate accounts. Investments in pooled separate accounts are valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by The Standard Insurance Company, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. These valuation methods may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In accordance with fair value measurement guidance, investments in pooled separate accounts that are measured at fair value using the net asset value per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy.

The following table sets forth additional disclosure of the Plan's investments measured at fair value based on NAVs per share (or its equivalent) as of December 31, 2025 and 2024, respectively:

Pooled Separate Accounts	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2025	$14,859,509	N/A	Daily	None*
December 31, 2024	$13,466,546	N/A	Daily	None*

* The Plan may initiate withdrawals at any time by giving written notice. Upon receipt of notice, a transfer date will be determined.

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Pursuant to the Reinsurance Agreement and other related agreements discussed in Note 1, Standard Insurance Company, on behalf of Minnesota Life Insurance Company, the insurance company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment income and interest income on notes receivable from participants presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are units of participation in pooled separate accounts of Standard Life Insurance Company. Standard Life Insurance Company holds the Plan's assets, and therefore, these transactions qualify as party-in-interest transactions.

Standard Insurance Company and its affiliate provide certain administrative services to the Plan and receive revenues from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Standard Insurance Company and its affiliate for their administrative services to the Plan.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $52,736 were not remitted within the required time period for the year ended December 31, 2025. The Company is in the process of remitting these delinquent employee contributions, including any lost earnings as a result.

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2026, the SECURE 2.0 Act requires that catch-up contributions made by participants aged 50 or older with prior-year compensation exceeding $150,000 be designated as Roth contributions.

The Company has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued.
