INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
The Metraflex Company Employees' Profit Sharing and Savings Plan & Trust

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Metraflex Company Employees' Profit Sharing and Savings Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – Prior Period Financial Statements

Plan management is responsible for the accompanying financial statement of The Metraflex Company Employees' Profit Sharing and Savings Plan & Trust, which comprises the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN SUMMARY AND DESCRIPTION:

The following description of The Metraflex Company Employees' Profit Sharing and Savings Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer plan sponsored by The Metraflex Company (the Plan Sponsor) as a defined contribution 401(k) plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees eligible to participate in the Plan are those employees of The Metraflex Company and Flexicraft Industries, Inc. (collectively, the Company) who are age twenty-one or older and meet the eligibility requirements of the Plan. Effective July 1, 2025, the Plan was amended to change eligibility requirements. Employees who complete 500 hours of service during a consecutive six-month period are eligible to participate. Prior to July 1, 2025, eligibility required completion of 1,000 hours within the first year of service. Employees may enroll on the first day of the quarter coincident with or next following the date eligibility is attained.

Contributions

Each year, participants may contribute a percentage or flat dollar amount of eligible compensation, as defined in the Plan. Eligible participants may elect to contribute pre-tax compensation to the Plan by means of a salary deferral agreement or post-tax Roth contributions not to exceed the maximum percentage permitted by law of their annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and individual retirement accounts in accordance with Plan provisions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 3%, unless they affirmatively elect not to participate.

Participants direct the investment of all deferral and allocated Company contributions into various investment options offered by the Plan. All contributions are subject to certain limitations as defined in the Plan. The Plan offers various investment options, including registered investment companies and collective trust funds.

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

The Company may make discretionary matching contributions in accordance with Plan provisions. Additional amounts may be contributed at the option of the Company's Board of Trustees under non-elective contributions. The Company made a non-elective contribution in the amount of $666,782 and matching contributions of $287,225 for the Plan year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions, allocations of Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company's employer match contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of continuous service. An employee must work 1,000 hours to be credited with a year of service. A participant is 100% vested in the profit sharing contributions after six years of credited service.

Participants who attain the normal retirement age, or who terminate employment due to death or disability, are 100% vested in their account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or partial payments in accordance with Plan provisions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or partial withdrawal of any portion of the vested balance.

All distributions will be made as soon as administratively feasible. Following termination of employment, mandatory distributions for participants with vested balances of less than $7,000 may be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

If a terminated employee has a vested account balance greater than $7,000, they are not required to take a distribution from the Plan until required distribution rules apply.

In-service and hardship withdrawals, subject to certain restrictions, are permitted. Distributions are also permitted prior to termination if certain age requirements are met. Participants may also elect to withdraw rollover contributions at any time.

Forfeited Accounts

Forfeited nonvested accounts totaled $7,732 and $6,646 at December 31, 2025 and 2024, respectively. These accounts may be used to offset additional nonelective contributions or pay plan expenses. During the year ended December 31, 2025, forfeitures of $12,727 were applied to reduce nonelective employer contributions. Employer contributions of $954,007 reflected in the Statement of Changes in Net Assets Available for Benefits represent gross contributions made by the Company before application of forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the Statement of Changes in Net Assets Available for Benefits.

Contributions

Contributions from Plan participants are recorded in the year in which the contributions are withheld from compensation. Company contributions are recorded in the period in which the related obligation is incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is reported on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions

Excess participant contributions are recorded as a reduction of participant contributions. Earnings allocable to those contributions are reported as corrective distributions. Amounts owed to participants but unpaid at year-end are recorded as excess contributions payable.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2026, which is the date the Plan's financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

Collective Trust Funds

Collective trust funds are valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. Participant-directed redemptions are not subject to restriction; redemption restrictions, if any, apply only at the plan level as described below.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

The following tables set forth, by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 40,412,057	$ 40,412,057	$ -	$ -
Investments measured at NAV	2,181,234			
Investments at fair value (a)	$ 42,593,291			

Investments at Fair Value as of December 31, 2024

	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 33,043,586	$ 33,043,586	$ -	$ -
Investments measured at NAV	2,906,852			
Investments at fair value (a)	$ 35,950,438			

(a) Investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

	2025	2024
Collective trust funds – fair value	$ 2,181,234	$ 2,906,852
Unfunded commitments	None	None
Redemption frequency	Daily	Daily
Redemption notice period – participant	None	None
Redemption notice period – plan level	Up to 30 days	Up to 30 days

Participants may not transfer directly from the collective trust fund to a competing investment without first investing in a non-competing investment for at least three months. Plan-directed (employer-initiated) redemptions require up to 30 days advance written notice and are subject to approval by the fund trustee at its sole discretion; proceeds may be deferred up to 12 months or paid earlier subject to a market value adjustment.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been certified to as complete and accurate by Capital Bank and Trust Company as of December 31, 2025 and 2024:

	2025	2024
Investments, at fair value	$ 42,593,291	$35,950,438
Notes receivable from participants	228,233	205,769
Net appreciation in fair value of investments	3,305,651	N/A
Dividends	3,052,256	N/A
Interest income on notes receivable from participants	15,845	N/A

NOTE 5 – EXCESS CONTRIBUTIONS PAYABLE:

Excess contributions payable of $27,784 represents amounts refundable to certain highly compensated participants as a result of the Plan's failure to satisfy the actual deferral percentage (ADP) test under IRC §401(k)(3) for the plan year ended December 31, 2025. This amount consists of $23,613 of excess contributions and $4,171 of allocable earnings, all of which were earned through December 31, 2025.

The excess contributions are recorded as a liability with a corresponding reduction to participant contributions, and the allocable earnings are recorded as a liability with a corresponding corrective distribution. The excess contributions and allocable earnings were distributed to the applicable participants on February 4, 2026, which is within the correction period prescribed by IRC §4979, and accordingly no excise tax was incurred.

NOTE 6 – REFUNDABLE CONTRIBUTIONS:

Refundable contributions of $25,521 represent participant elective deferral and Roth contributions related to the January 2, 2026 payroll that were inadvertently deposited into the Plan on December 31, 2025. As the contributions related to 2026 compensation, they are reported as a liability at December 31, 2025.

NOTE 7 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $49,988 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing contributions.

NOTE 10 – TAX STATUS:

The Internal Revenue Service issued an opinion letter dated June 30, 2020, that the non-standardized pre-approved defined contribution plan adopted by the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.
