Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

Trustee
DS Containers, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DS Containers, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of DS Containers, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, as most recently restated January 1, 2022, is a contributory, defined contribution plan maintained for the benefit of all eligible employees of DS Containers, Inc. (the Sponsor). The Sponsor is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

John Hancock Life Insurance Company (U.S.A.) (John Hancock) is the custodian and record keeper of the Plan.

Eligibility: Employees become eligible to participate in participant-directed contributions to the Plan and receive discretionary Sponsor matching contributions, if any, upon reaching 21 years of age and after completing one month of service. For purposes of being eligible to make participant-directed contributions and receive discretionary Sponsor matching contributions, if any the Plan provides for quarterly entry dates on January 1, April 1, July 1 and October 1 after meeting eligibility requirements. These employees are also eligible to receive discretionary Sponsor nonmatching contributions, if any, upon reaching 21 years of age, completing 1,000 hours of service and being employed by the Sponsor on the last day of the year.

The Plan's investments are 100% participant directed.

Contributions: Contributions from Plan participants and the discretionary matching contributions from the Sponsor if any are recorded in the year in which the employee contributions are withheld from compensation. The Plan provides for the following contributions, which are to be maintained in separate accounts and subject to certain limitations:

Participant-directed contributions: Each year, participants may contribute to the Plan pretax eligible compensation, as defined in the Plan, up to the maximum amount allowed by the Internal Revenue Code (IRC), limited to $23,500 in 2025. Participants may also make Roth after-tax contributions. Participants who are age 50 and older are additionally able to make maximum catch-up contributions of $7,500 in 2025.

Discretionary Sponsor matching contributions: The Sponsor may, at its discretion, contribute an amount equal to a percentage of each participant's eligible salary deferral contributions (excluding Roth deferrals). The discretionary Sponsor matching contributions for 2025 were allocated on the basis of 75% of each participant's eligible elective deferrals not to exceed 6% of eligible compensation (as defined in the Plan).

Discretionary Sponsor nonmatching contributions: The Sponsor may also, at its discretion, contribute nonmatching contributions to participants. The amount to be contributed by the Sponsor is at the discretion of the Sponsor. No discretionary Sponsor nonmatching contributions were made for 2025.

Participant-rollover contributions: The Plan provides for rollover contributions to be made by the participant from amounts distributed or transferred from another qualified deferred compensation plan.

Note 1. Plan Description (Continued)

Participants' accounts: Each participant's account is credited with participant-directed; discretionary Sponsor matching, if any; discretionary Sponsor nonmatching, if any; and participant's rollover contributions, and plan earnings (losses). Allocations are based on the participant's earnings (losses) or account balances, as defined. Allocation of administrative expenses of the Plan is based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income is allocated daily.

Vesting: Participants are immediately vested in their participant-directed and participant-rollover contribution accounts and earnings thereon. Discretionary Sponsor matching and discretionary Sponsor nonmatching contributions vest 25% after one year of service and an additional 25% is vested each year thereafter until the participant is fully vested after four years of credited service. In the event of death or disability, participants become fully vested.

Forfeitures: In the event of normal retirement, death, or disability, participants become fully vested. In the event of termination of employment before full vesting, the nonvested portion is determined as of the earlier of the last day of the plan year in which the Plan Administrator distributes the participant's entire vested interest or the last day of the plan year of the fifth consecutive break in service. The amount of the participant's accounts forfeited will be reinstated providing the participant resumes employment prior to incurring a break in service (as defined). Amounts forfeited during the year are first used to restore any prior forfeiture in the event of a former participant's return to employment, and any amounts remaining are used to pay administrative expenses of the Plan or used to reduce future contributions by the Sponsor. At December 31, 2025 and 2024, forfeited amounts approximated $33,000 and $6,000, respectively. During the year ended December 31, 2025, nonvested forfeited accounts approximated $45,000, and approximately $18,000 of forfeitures were used to pay administrative expenses.

Participant investment options: Upon enrollment in the Plan, a participant may direct the account balance to be invested in selected pooled separate accounts as made available and determined by the Plan's Trustee. Participants are allowed to change their investment options on a daily basis.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the vested account balance or $50,000, reduced by the participant's highest outstanding loan balance in the previous 12 months even if all or a portion of this amount has been repaid. A participant may have no more than two loans outstanding at any given time. All loans are secured by the vested balance in the participant's accounts and bear interest at a reasonable fixed rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the loan was funded. Principal and interest are paid periodically through biweekly payroll deductions.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan's literature. In-service withdrawals are allowed by the Plan upon attainment of age 59½ from all of the participant's accounts, by determination that a financial hardship, as defined, has been incurred from the participant's deferral accounts and at any time from the participant's rollover account.

At December 31, 2025, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Note 1. Plan Description (Continued)

Administrative costs: The majority of administrative costs of the Plan are paid for by the Plan with the remainder paid by the Sponsor.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Valuation of notes receivable from participants: Notes receivable from participants are measured at their unpaid principal plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent events: The Sponsor has evaluated subsequent events for potential recognition and/or disclosure through September 28, 2026, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Shares of pooled separate accounts: Valued at the net asset value (NAV) of shares held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain fair value instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy. The Plan's investment in shares of pooled separate accounts is measured at NAV and, accordingly, such amounts, $32,956,939 and $26,485,218 at December 31, 2025 and 2024, respectively, are not included in the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's assets whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

	Fair Value		Unfunded Commitment		Redemption	Redemption
	2025	2024	2025	2024	Frequency	Notice Period
Shares of pooled separate accounts	$ 32,956,939	$ 26,485,218	$ -	$ -	Monthly	None

A redemption period is the period when the Plan changes or removes funds in the Plan and the Sponsor sends a notice to the participants which includes the date the fund will be removed, the date the new fund will be available and the date at which the money will be moved from the old account fund to the new account fund.

Note 3. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan's Trustee evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 4. Information Certified and Provided by John Hancock, the Custodian

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information certified and provided to the Plan Administrator by the custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets and income:

	2025	2024
Shares of pooled separate accounts	$ 32,956,939	$ 26,485,218
Notes receivable from participants	1,092,428	897,888
Net appreciation in fair value of shares of pooled separate accounts	4,581,659	
Interest on notes receivable from participants	82,365	

Note 5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 34,082,237	$ 27,389,185
Notes receivable from participants	(1,092,428)	(897,888)
Investments—participant loans	1,092,428	897,888
Net assets available for benefits per Form 5500	$ 34,082,237	$ 27,389,185

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

Note 7. Income Tax Status

Effective January 1, 2022, the Plan has adopted a nonstandardized preapproved plan of Administrative Retirement Services, Inc. The preapproved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently operating in compliance with applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 8. Related-Party Transactions

Certain Plan investments are managed by John Hancock and, therefore, these transactions qualify as party-in-interest. Furthermore, John Hancock provides Plan administrative services to the Plan.

Certain investment advisory and administrative expenses are paid by the Plan. Total investment advisory expenses paid to Herbst Financial Advisors, Inc. by the Plan for the year ended December 31, 2025, were $30,000. Total administrative expenses paid to John Hancock and Administrative Retirement Services, Inc. by the Plan for the year ended December 31, 2025, were $55,619 and $7,780, respectively. In addition, certain administrative functions are performed by the Plan's Trustee or employees of the Sponsor for which no compensation is received from the Plan.

Certain other administrative expenses are paid by the Sponsor on behalf of the Plan. These amounts are not material to the financial statements and are not included in these financial statements.

Note 9. Risks and Uncertainties

The Plan provides options for investment in various securities. These investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2025.
