To the Plan Administrator and Participants
Atria Senior Living, Inc. 401(k) Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Atria Senior Living, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auding standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of Plan

The following description of the Atria Senior Living, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Atria Senior Living, Inc.; Atria Management Company, LLC; and Atria Home Care, LLC, collectively, (the "Company" and the "Plan Sponsor") who are age 21 or older and have completed 90 days of service. The Plan was amended in 2014 to credit all service for eligible employees of various predecessor employers now acquired by Atria Senior Living Inc. Transamerica Retirement Solutions, LLC ("Transamerica") is the recordkeeper of the Plan. State Street Bank and Trust Company ("State Street") acts as both the custodian and the trustee of the Plan. Transamerica Trust Company ("TTC") acts as a trustee of the Plan with respect to Collective Trust Funds, in which the Plan invests as of December 31, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Each year, participants may contribute up to the maximum amount allowable under the Internal Revenue Code ("IRC") of pre-tax or Roth after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company provides a matching contribution equal to 50% of the first 4% of eligible compensation contributed by a participant to the Plan. Eligibility for the matching contribution requires completion of one year of service and commences on the first of the month of the employees' anniversary date.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, and an allocation of Plan investment results. Participant accounts are charged with their withdrawals and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after four years of credited service accrued in 25% increments after the first year. A participant also becomes fully vested in the Company's contributions upon death, permanent disability while an employee of the Company, attaining normal retirement age, or termination of the Plan.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. No more than one loan may be outstanding at any one time. Participant loans are secured by the balance in the participant's account and bear interest at rates based on the prime rate, plus one percentage point. Principal and interest is paid ratably through payroll deductions.

Note 1—Description of Plan (continued)

Payment of Benefits – On termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive benefit payments in a lump sum or installment payments and payment will occur as soon as administratively feasible, following the date on which a distribution is requested or is otherwise payable. Plan participants may withdraw their vested account balances from their elective deferral accounts in the case of undue financial hardship. In addition, upon attainment of age 59½, participants may receive in-service distributions from all vested accounts.

Forfeited Accounts – The nonvested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts were $170,338 and $131,170, respectively. During 2025, the Plan applied $101,012 of forfeitures to reduce the Company's matching contributions; however, the forfeiture fund was not fully depleted. It is anticipated the remaining forfeitures will be fully utilized to offset the Company's matching contributions during 2026.

ERISA Account – The Plan Sponsor has an agreement with Transamerica for an Expense Reimbursement Credit ("ERISA Account") to hold revenue sharing funds the Plan receives to be used by the Plan to offset the cost of reasonable and necessary expenses of the Plan. Excess amounts may be reallocated to Plan participants. These revenue sharing funds are recorded in net appreciation in fair value of investments on the statement of changes in net assets available for benefits were $117,236 for the Plan year ended December 31, 2025. During 2025, the amount used to pay Plan expenses in accordance with this agreement was $116,087. At December 31, 2025 and 2024, the ERISA Account balance was $82,655 and $25,438, respectively.

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses – The Plan Sponsor is not obligated to pay administrative expenses of the Plan but has elected to pay for a portion of these expenses. The Plan also has an ERISA Account which is described in Note 1 to fund certain administrative expenses. Administrative expenses are exclusive of investment expenses which are charged to each Plan investment and netted against the investment's net appreciation. Trustee and other professional fees associated with administering the Plan are paid from Plan assets. During the year ended December 31, 2025, total administrative expenses were $456,705.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the Plan year.

Note 2—Summary of significant accounting policies (continued)

Investment Management Fees and Operating Expenses – Investment management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid. There were no benefit payments requested and not yet disbursed at December 31, 2025 or 2024.

Corrective Distributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRC, and related earnings thereon, that are required to be refunded prior to December 31 of the subsequent year.

Note 3—Information certified by qualified institutions

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street and TTC, qualified institutions, have certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for the investments measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Cash Reserve Account – This investment is a short-term investment valued at cost plus accrued interest, which approximates fair value and are, therefore, classified within Level 1 of the valuation hierarchy.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are, therefore, classified within Level 1 of the valuation hierarchy.

Collective Trust Funds – Valued at NAV of units held by the Plan at year-end provided by the issuer of the fund. NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments. Investments valued using NAV as a practical expedient are not reflected in the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4—Fair value measurements (continued)

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Cash reserve account	$ 268,349	$ -	$ -	$ 268,349
Mutual funds	55,196,670	-	-	55,196,670
Total assets in fair value hierarchy	$ 55,465,019	$ -	$ -	55,465,019
Investments measured at NAV *				120,333,425
Investments, at fair value				$ 175,798,444

	2024			
	Level 1	Level 2	Level 3	Total
Cash reserve account	$ 170,468	$ -	$ -	$ 170,468
Mutual funds	123,576,721	-	-	123,576,721
Total assets in fair value hierarchy	$ 123,747,189	$ -	$ -	123,747,189
Investments measured at NAV *				38,465,888
Investments, at fair value				$ 162,213,077

* Certain investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5—Related party and party-in-interest transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties-in-interest. It invests in a cash reserve account managed by State Street. State Street is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Certain Plan investments are invested in a collective trust fund managed by TTC and mutual funds managed by an affiliated company, Transamerica Partners Funds Group. The Plan paid fees to Transamerica totaling $402,104 during the Plan year ended December 31, 2025. These transactions, as well as notes receivable from participants and related activity qualify as party-in-interest transactions.

Note 6—Income tax status

The Internal Revenue Service ("IRS") ruled on June 30, 2020 that the Non-Standardized Pre-Approved Plan of Transamerica Retirement Solutions, LLC, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the financial statements.

Note 9—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 178,727,016	$ 165,441,454
Corrective distributions payable	185,920	261,687
Net assets available for benefits per the Form 5500	$ 178,912,936	$ 165,703,141

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net loss per Form 5500 for the Plan year ended December 31, 2025:

Net increase in net assets available for benefits	$ 13,285,313
Change in corrective distributions payable	(75,767)
Net income per the Form 5500	$ 13,209,546

Note 10—Subsequent events

The Plan has evaluated all subsequent events through September 25, 2026, which is the date these financial statements were available to be issued and has determined there are no subsequent events that require disclosure.
