Report of Independent Auditors

To the Board of Directors of **Van Acker Construction Associates, Inc.** and the Plan Administrative Committee for **Van Acker Construction 401(k) Profit Sharing Plan**:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Van Acker Construction 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Van Acker Construction 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Van Acker Construction 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Van Acker Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Van Acker Construction 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Van Acker Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For in-

formation included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Van Acker Construction 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024

Note 1 – Description of the Plan

The following brief description of the Van Acker Construction 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of its provisions.

General
The Plan is a defined contribution profit sharing plan with a cash or deferral arrangement under section 401(k) of the Internal Revenue Code (IRC). New loans are not permitted into the Plan, per the July 1, 2022 plan amendment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A Plan committee, appointed by the Board of Directors of Van Acker, manages the Plan. Effective January 1, 2025, ADP Retirement Trust Services, LLC serves as Trustee. State Street Bank and Trust Company, the Custodian, holds all the Plan investment assets. ADP Retirement Services, a division of ADP, Inc. is the Administrator and prepares the Form 5500. Formerly, Reliance Trust Company, served as Trustee of the Plan.

Eligibility
Employees of Van Acker may participate in the Plan on the first day of January or July coincident with or following one year of service with at least 1,000 hours of service and attainment of age 21; however, employees covered by a collective bargaining agreement or nonresident aliens without U.S. income are not eligible to participate in the Plan. Effective February 1, 2026, employees may participate in the Plan on the first day of the month coinciding with or next following the date that eligibility requirements are met.

Contributions and vesting
Participants may defer (pre-tax regular and post-tax Roth) up to the lower of 90% of their annual qualified compensation and the IRC limit to the Plan. Participants that attain age 50 by the last day of the Plan year may defer additional amounts ("catch-up" contributions) to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Rollovers are not subject to Plan or IRC contribution limits. Participants are always 100% vested in their deferral, catch-up and rollover contributions and earnings thereon.

The Plan provides for an annual non-elective Safe Harbor contribution by Van Acker and allocates it to each participant, equal to 3% of their eligible compensation. Participants are always 100% vested in their annual non-elective Safe Harbor contribution and earnings thereon. There was no change from the non-elective Safe Harbor contribution rate used during the year ended December 31, 2024.

Note 1 – Description of the Plan (continued)

The Plan also provides for an annual discretionary profit sharing contribution, determined by the Board of Directors of Van Acker. Van Acker allocates any annual discretionary profit sharing contribution based on the relative eligible compensation earned by each eligible participant. An eligible participant for the annual discretionary profit sharing contribution is one that Van Acker credited with at least 500 hours of service during the Plan year, is employed at the end of the Plan year, or dies, becomes disabled or reaches normal retirement age (65) during the Plan year. Participants are always 100% vested in their annual discretionary profit sharing contribution and earnings thereon. During the year ended December 31, 2025, Van Acker paid an annual discretionary profit-sharing contribution equal to 1.9% of eligible participant compensation. There was no change from the discretionary profit-sharing contribution rate used during the year ended December 31, 2024.

The Plan also provides for an annual discretionary matching contribution, determined by the Board of Directors of Van Acker. Van Acker allocates any annual discretionary matching contribution as a percentage of participant deferrals, limited by eligible compensation. Participants not deferring during the Plan year are ineligible for any annual discretionary matching contribution for that Plan year. Participants are always 100% vested in their annual discretionary matching contribution and earnings thereon. During the years ended December 31, 2025 and 2024, Van Acker made no annual discretionary matching contribution. There was no change from the matching contribution rate used during the year ended December 31, 2024.

Participant accounts
Each participant's account is credited with the participant's contributions, employer safe harbor contributions, as well as allocations of employer discretionary profit sharing and matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options
Participants choose investment options for their deferral, catch-up, rollover, Safe Harbor, profit sharing and matching contributions from the investment options offered by the Trustee. As of December 31, 2025, the Trustee offered mutual funds to participants.

Notes receivable from participants
Effective April 7, 2021, participants could borrow, by withdrawing a portion of their vested account balance, a minimum of $500 and a maximum of the lower of 50% of the vested account balance or $50,000 (less the highest outstanding note balance during the past twelve months).

Note 1 – Description of the Plan (continued)

The notes would bear fixed interest at rates similar to those issued by lending institutions under similar circumstances and the term of the notes could not exceed five years, except when the participant used the note proceeds to buy the participant's principal residence, in which case the maximum term was thirty years. Participants would make weekly note payments with deferrals of after-tax compensation. The remaining participant account balance secured the note. Notes became due immediately upon termination of employment. Effective July 1, 2022, new loans are not allowed into the Plan. At December 31, 2025 and 2024, the Plan had no participant notes receivable outstanding.

Payment of Benefits

Upon termination of employment, death, attainment of age 59 ½, retirement, disability and for any other reasons permitted by the Plan or the IRC, a participant or beneficiary is entitled to receive a lump-sum distribution, a rollover, or installments equal to the participant's vested interest in his or her account. A participant also can take a distribution of his or her rollover contributions and Roth contributions (if any) at any time. Terminated participants with account balances in excess of $5,000 may delay the receipts of distributions. The Plan, at its discretion, will distribute terminated participants' account balances of $5,000 or less directly to participants.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Van Acker. Expenses that are paid by Van Acker are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US-GAAP).

Use of estimates

The preparation of financial statements in conformity with US-GAAP requires management to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustees. See Note 3 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefits are recorded when paid.

Note 3 – Investments at Fair Value Measurements

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to level 1 inputs and the lowest priority to Level 3 inputs. The hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs consist of quoted prices for identical assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs consist of unobservable inputs that are significant to the fair value measurement.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Investments at Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There are no plan assets requiring the use of Level 3 inputs for the periods presented and there were no changes in the methodology used to measure fair value at December 31, 2025 and 2024.

The Plan bases the fair value of mutual funds on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). The SEC requires mutual funds to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

As of December 31, 2025, the fair values and input Levels of the Plan investments totaled as follows:

	Fair Value	Level 1
Mutual funds	$28,476,448	$28,476,448

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

As of December 31, 2024, the fair values and input Levels of the Plan investments totaled as follows:

	Fair Value	Level 1
Mutual funds	$25,577,128	$25,577,128

Note 4 – Financial Information Certified by the Trustee

The Plan has elected to perform an audit pursuant to ERISA Section 103(a)(3)(C). Management has obtained investment certifications from qualified institutions stating that the Plan's investment information is complete and accurate. ADP Retirement Trust Services, LLC, the Trustee (current), certified all of the investments in the statements of net assets available for benefits as of December 31, 2025, the supplemental Schedule H, Line 4(i): Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment income in the statement of changes in net assets available for benefits for the year ended December 31, 2025. Reliance Trust Company, the Trustee (former), certified all of the investments in the statements of net assets available for benefits as of December 31, 2024.

Note 5 – Receivables

The Trustee received and allocated the annual non-elective Safe Harbor and discretionary profit-sharing contributions, calculated on eligible compensation earned during the year ended December 31, 2025, and totaling $438,233 and $276,155, on March 25 and March 31, 2026, respectively.

The Trustee received and allocated the annual non-elective Safe Harbor and discretionary profit-sharing contributions, calculated on eligible compensation earned during the year ended December 31, 2024, and totaling $401,878 and $253,665, on April 2 and March 28, 2025, respectively.

Note 6 – Income Tax Status

Van Acker last amended and restated the Plan effective July 1, 2022, and patterned the amended and restated Plan after the "Non-standardized Pre-Approved Profit Sharing Plan/Money Purchase with CODA" of the Trustee. The Internal Revenue Service (IRS) issued the latest determination letter for the "Non-standardized Pre-Approved Profit Sharing Plan/Money Purchase with CODA" on October 6, 2020. The favorable determination letter stated that the "Prototype Non-standardized Profit Sharing Plan with CODA," as then designed, complied with the applicable requirements of the IRC. Although Van Acker has since amended the Plan, management and its tax counsel believe that the current design, qualification and operations of the Plan comply with the applicable sections of the IRC and the related trust was tax-exempt as of December 31, 2025. Accordingly, Van Acker did not include a provision for income taxes.

Note 6 – Income Tax Status (continued)

In addition, management evaluates certain tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. As of December 31, 2025 and 2024, two investment funds represented approximately 38% and 39% of total investments, respectively.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, Van Acker has the right to discontinue future profit sharing and matching contributions at any time and to amend or terminate the Plan subject to the provisions of the ERISA. Under no circumstances may any vested Plan assets revert to Van Acker by Plan amendment or termination.

Note 9 – Terminated Participants

As of December 31, 2025 and 2024, participants who were no longer employees of Van Acker had $5,216,026 and $2,989,081, respectively, remaining in their accounts, all of which is fully vested.

Note 10 – Related Party and Party-in-Interest Transactions

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $23,994 to Resources Investment Advisors, Inc., $4,504 to Edelman Financial Services, and $1,116 to ADP, Inc. for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 11 – Form 5500 Reconciliation

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:
