INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Horne LLP Profit Sharing Plan
Ridgeland, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Horne LLP Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter -- Plan Termination and Liquidation Basis of Accounting

As discussed in Note 5 to the financial statements, the governing body of Horne LLP Profit Sharing Plan approved a plan of liquidation on September 30, 2025, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Horne LLP Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are as a whole presented fairly, in all material aspects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -- Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held (at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of Horne LLP Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was terminated effective October 31, 2025, see Note 5 for additional information. The following is a description of the Plan prior to termination.

General – The Plan is a defined contribution profit-sharing plan with additional salary reduction contributions and matching features available to all eligible employees of Horne LLP (Employer and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees the governance of the Plan.

Eligibility – All employees, excluding employees classified as intern, temporary, or seasonal (employees who worked less than 1,000 hours), are eligible to participate upon attainment of age 21. Excluded employees previously mentioned are eligible to participate upon completing a year of service, 1,000 hours of service, and attainment of age 21. For all Plan purposes, employees and partners of the Employer and affiliated employers who are residents of Puerto Rico are ineligible to participate, irrespective of whether the employee or partner receives United States taxable compensation. All Puerto Rico resident employees and partners are eligible to participate in a separate plan of the Employer.

Contributions – Participants may contribute up to 100 percent of their eligible annual compensation, as defined in the Plan document, to the Plan on a tax-deferred or post-tax basis, provided the amounts do not exceed the annual Internal Revenue Service (IRS) limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to make rollover contributions of amounts received from other tax-qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Discretionary profit-sharing contributions are determined by the Employer's Board of Directors. The Plan sponsor amended the Plan in 2025 to add an employer matching contribution for all participants, based on years of service. For participants with greater than three years of service, employer matching amounts will equal 50 percent of elective deferrals up to 4 percent of compensation. For participants with less than three years of service, employer matching amounts will equal 25 percent of elective deferrals up to 2 percent of compensation.

Based upon the conditions of the Plan termination discussed further in Note 5, eligible Plan compensation for all contributions ceased as of October 1, 2025, the date the Plan was frozen and liquidation was considered imminent.

[remainder of page intentionally left blank]

Note 1 – Description of Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit-sharing contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions and the employer's discretionary matching contributions, plus actual earnings or losses thereon. The vesting schedule for discretionary profit-sharing contributions is as follows:

Years of Vesting Service	Vesting %
Less than Two Years	0%
Two Years	20%
Three Years	40%
Four Years	60%
Five Years	80%
Six or More Years	100%

Participant accounts are 100% vested as of the effective date of Plan termination, discussed further in Note 5.

Notes Receivable From Participants – Loans are not permitted under the plan.

Payment of Benefits – Benefits are generally payable on termination, retirement, death, or disability in the form of a lump-sum amount equal to the value of the participant's vested interest. After attaining age 62, a participant may elect to receive an in-service distribution for all or a portion of their vested balance, provided they have been a participant for at least six years. In addition, hardship distributions are available from the deferral and rollover portions of a participant's account, non-elective account, and matching account, provided the participant is 100 percent vested, subject to regulatory requirements.

Forfeited Accounts – Forfeitures, which result from participants withdrawing from the Plan prior to vesting in Employer discretionary profit-sharing contributions, are allocated to the remaining eligible participants. Forfeited accounts totaled $1,504,535 and $1,760,520 as of December 31, 2025 and 2024, respectively. During 2025, forfeitures were allocated to participant accounts in the amount of $1,412,121.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – As discussed in Note 5 to the financial statements, on September 30, 2025, the Plan Sponsor's Board of Directors voted to terminate the Plan effective October 31, 2025. The Plan Sponsor considered the liquidation of the Plan's assets imminent as of September 30, 2025. As a result, the Plan changed its basis of accounting for the periods subsequent to September 30, 2025 from the going concern basis to the liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process, and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassifications – Certain prior-year reclassifications have been changed in the current year's financial statements in order to clarify financial presentation.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Refunds Payable to Participants – Some contributions to the Plan are based on estimated income for the plan year. At year-end, if it is determined that a participant had no eligible compensation or otherwise did not qualify for contributions, the Plan refunds such amounts to the affected participants. As of December 31, 2024, amounts identified as refundable are recorded as a liability and presented as "Refunds Payable to Participants" on the accompanying financial statements.

Expenses – Certain expenses incurred in maintaining the Plan are paid by the Plan unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in the net appreciation of fair value of investments.

Note 3 – Certified Investment Information

Certified information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by American Trust Company, a qualified institution.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 –Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Total Fair Value	Level 1	Level 2	Level 3
Mutual Funds	$ 114,988,452	$ 114,988,452	$ -	$ -

Note 4 – Fair Value Measurements (continued)

Fair value measurements as of December 31, 2024:

	Total Fair Value	Level 1	Level 2	Level 3
Mutual Funds	$ 106,382,909	$ 106,382,909	$ -	$ -

Note 5 – Plan Termination

On September 30, 2025, the Plan Sponsor's Board of Directors announced their agreed-upon acquisition by a national firm. As a result of this, the decision was made to terminate the Plan effective October 31, 2025. Contributions were frozen as of October 1, 2025, and Plan liquidation was deemed imminent. As discussed in Note 2, the liquidation basis of accounting was applied to the period from October 1, 2025 to December 31, 2025. As of the effective date of the termination, participant accounts are 100% vested. The Plan's assets will be distributed to participants as prescribed by ERISA and its related regulations. The Plan sponsor fully distributed all remaining plan assets in July 2026.

Note 6 – Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan sponsor did not complete the optional step of requesting an IRS determination letter about the Plan's qualification status at termination. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 7 – Related Party and Exempt Party-in-Interest Transactions

The Trustees of the Plan are equity partners of the partnership and also serve as the Plan's administrative committee.

Administrative expenses (which are exclusive of investment fees) included on the statements of changes in net assets available for benefits totaled $339,064 for the year ended December 31, 2025, and were paid by the Plan to American Trust Company. The Plan has a number of other service providers. These transactions qualify as exempt party-in-interest transactions under ERISA.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

For the years ended December 31, 2025 and 2024, there were no reconciling items between the financial statements and the Form 5500.

Note 10 – Non-Exempt Party-in-Interest Transactions

During 2025 and 2024, the Employer remitted certain participant contributions to the custodian later than required by Department of Labor (DOL) Regulations 2510-3-102 totaling $0 and $10,485, respectively. In May 2025, the Employer subsequently corrected the 2024 late remittances totaling $10,485 with calculated lost earnings deposited into the Plan totaling $147.

Note 11 – Subsequent Events

The Plan has evaluated subsequent events through October 2, 2026, the date the financial statements were available to be issued.

As of October 2, 2026, all Plan assets have been distributed to participants, and no assets remained in the Plan.
