Independent Auditors' Report

The Plan Administrator
Pension Plan for Union Employees of Bisti Fuels Company, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pension Plan for Union Employees of Bisti Fuels Company, LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended and the statement of accumulated plan benefits as of December 31, 2024, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Pension Plan for Union Employees of Bisti Fuels Company, LLC's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pension Plan for Union Employees of Bisti Fuels Company, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Union Employees of Bisti Fuels Company, LLC's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pension Plan for Union Employees of Bisti Fuels Company, LLC's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Union Employees of Bisti Fuels Company, LLC's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of Pension Plan for Union Employees of Bisti Fuels Company, LLC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Pension Plan for Union Employees of Bisti Fuels Company, LLC (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Bisti Fuels Company, LLC (the Company) and is a defined benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

The Plan covers active participants who were employed at the Navajo Broken Hill mine on January 1, 2017 and covered by the collective bargaining agreement between BHP Billiton New Mexico Coal, Inc. and the International Union of Operating Engineers, Local No. 953. The Plan is frozen for purposes of eligibility. Under the Plan, a participant must complete at least 1,000 Hours of Service during a Plan Year to earn a vesting credit. A participant must complete at least 1,600 Hours of Benefit Service during a Plan Year to earn a full year of benefit service credit; partial credit is granted for between 400 and 1,600 hours.

Plan Administration

The Company is the Plan sponsor. Navajo Transitional Energy Corporation (NTEC) is the Plan administrator. Investment decisions are made by the Bisti Fuels Company, LLC Benefit Plans Administrative Committee.

Vesting

Participants vest in their plan benefit after five years of service.

Contributions

The Plan's funding policy is for the Company to contribute, at a minimum, amounts necessary to provide the Plan sufficient assets to meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met or exceeded in 2025.

Pension Benefits

Participants accrue pension benefits at a fixed rate of $36 per month for each Year of Benefit Service earned after January 1, 2017. Benefits earned prior to that date were determined under prior plan formulas. Various offsets and minimum benefits also apply. The Plan permits early retirement with reduced benefits at age 55 with five or more years of vesting services.

Various pre-retirement and post-retirement death benefits are payable under all parts of the Plan. In the event of a participant’s death prior to distribution of such benefits, such benefits are distributed, as provided by the Plan, to the participant’s beneficiary. In general, benefits are paid in the form of monthly payments, or in limited circumstances, a lump-sum distribution, as defined by the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through September 29, 2026, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of credited service. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuation been performed as of December 31, 2024, there would be no material differences. The significant actuarial assumptions used in the valuations as of January 1, 2025 and 2024, the valuation dates for the years ended December 31, 2025 and 2024, respectively, were as follows:

	2025	**2024**
Assumed rate of return and discount rate	4.00%	3.50%
Mortality basis	Pri-2012/MP-2021	Pri-2012/MP-2021
Retirement age	Rates vary by age, ranging from 3% (age 50) to 100% (age 67+)	Rates vary by age, ranging from 3% (age 50) to 100% (age 67+)
Mine shutdown	Shutdown date of December 31, 2031. Upon shutdown, all employees eligible to retire are assumed to do so. All other employees are assumed to terminate employment and retire at age 60.	Shutdown date of December 31, 2031. Upon shutdown, all employees eligible to retire are assumed to do so. All other employees are assumed to terminate employment and retire at age 60.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The change in actuarial assumptions represents the net effect of the increase in the Plan's discount rate from 3.50% to 4.00% used in the Plan's valuation.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,929,971	$ -	$ -	$ 2,929,971
Total investments at fair value	$ 2,929,971	$ -	$ -	$ 2,929,971

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,862,574	$ -	$ -	$ 2,862,574
Total investments at fair value	$ 2,862,574	$ -	$ -	$ 2,862,574

5. Information Certified by Trustee

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan’s financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by PNC Bank, National Association, the Plan's Trustee and a qualified institution. The certified information includes the Plan's investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) reported in the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.

6. Related-Party and Party-In-Interest Transactions

The Plan's investments are administered under a contract with PNC Bank, National Association, the Trustee of the Plan, which invests cash received, interest and dividend income and makes distributions to participants. These transactions are party-in-interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

7. Plan Termination

The Company has the right to terminate the Plan at any time within the constraints of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and the Plan's provisions.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

8. Tax Status

The IRS has determined and informed the Company by a letter dated February 5, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Summary of Plan Provisions

Plan Provisions

The most recent amendment reflected in the following plan provisions was the termination of the Occupational Disability Benefit amended and effective on March 1, 2018.

Covered employees	Active participants who were employed at the Navajo Broken Hill mine on January 1, 2017 covered by the collective bargaining agreement between BHP Billiton New Mexico Coal Inc. and the International Union of Operating Engineers, Local No. 953. Employees hired in surface operations after June 30, 2004 and employees hired in underground operations after April 30, 2006 are not eligible for the Plan.
Participation date	Covered employees become participants upon employment with the prior employer. Effective April 30, 2006, the plan was closed to new entrants.

Definitions

Participant	An employee eligible to participate in the plan or a former employee receiving or eligible to receive a benefit under the plan.
Vesting service	A year of service for vesting and eligibility purposes is earned for each calendar year in which a covered employee works at least 1,000 hours; for years in which an employee works at least 400 but less than 1,000 hours, a partial year of service is earned, equal to the number of hours worked, divided by 1,000.
Credited service	A year of service for benefit accrual purposes is earned for each calendar year in which a covered employee works at least 1,600 hours; for years in which an employee works at least 400 but less than 1,000 hours, a partial year of service is earned, equal to the number of hours worked, divided by 1,600.
Benefit formula	$36 x years of credited service after January 1, 2017. For service prior to January 1, 2017, covered employees' benefits are payable from the NMC Retirement Plan sponsored by BHP Billiton New Mexico Coal Inc.

SCHEDULE SB ATTACHMENTS

Normal retirement date (NRD)	The first of month coincident with or next following age 65
Monthly preretirement death benefit	(i) If the participant dies while Survivor's Benefit coverage is in effect, the surviving spouse or other beneficiary is entitled to a Survivor's Benefit. If the participant was married for at least one year before death, the surviving spouse is entitled to a monthly benefit for his or her lifetime equal to one-half of the Plan benefit that would have been payable for the participant's lifetime if the participant had started Plan benefits when the Survivor's Benefit starts. Any temporary Supplemental Early Retirement Benefit that the participant may have been eligible to receive is not included in determining the amount of the Survivor's Benefit. The Survivor's Benefit will start in the later of the month following the participant's death or the month the participant would have attained age 65, but the surviving spouse can elect to start the Survivor's Benefit as early as the month following the month the participant would have attained age 55. If the participant had already attained age 55 when the participant died, the surviving spouse can start the Survivor's Benefit in the month following the participant's death. (ii) If the participant as not married for at least one year before death, the beneficiary is entitled to a benefit paid rateably over a 60-consecutive month period beginning in the month of the participant's death equal to 60 times the monthly Plan benefit that would have been payable for the participant's lifetime if the participant had started the Plan benefit in that month. Any temporary Supplemental Early Retirement Benefit that the participant may have been eligible to receive is not included in determining the amount of the Survivor's Benefit.

SCHEDULE SB ATTACHMENTS

Eligibility for Benefits

Normal retirement	Retirement on or after age 65.
Early retirement	Retirement before age 65 after both attaining age 55 and completing five years of vesting service.
Supplemental early retirement	Retirement before age 65 after the participant attains age 55 and the sum of age plus years of service equals or exceeds 85 assuming employment at Navajo Broken Hill mine immediately prior to retirement. All employees eligible for the supplemental early retirement benefit prior to January 1, 2017 will receive this benefit from the NMC Retirement Plan.
Deferred vested	Termination for reasons other than death, disability or retirement after becoming fully vested in the plan benefit. Eligible for commencement on the first of any month following age 55. Participants are vested in their plan benefit after five years of vesting service.
Disability	Termination upon becoming totally and permanently disabled (defined by the plan administrator). Must be eligible for Social Security disability payments.
Preretirement survivor	Death of a vested participant who has been married for at least one year and who is at least age 55. Payments begin on the first of the month following the date of the participant's death.
Preretirement death	Death of an unmarried vested participant or a participant who has been married less than one year who is at least age 55. Payments begin on the first of the month following the date of the participant's death.
Mine accident death	Death of a married participant in a Company mine accident. Payments begin on the first of the month following the date of the participant's death and end at the earlier of the survivor's death or remarriage.

SCHEDULE SB ATTACHMENTS

Benefits Paid Upon the Following Events	
Normal retirement	Monthly benefit determined under the benefit formula.
Early retirement	Benefits for any participants who elect to commence their benefits prior to normal retirement are reduced by ½% for each of the first 60 months commencement precedes age 60. No reduction applies for benefits commenced after age 60.
Supplemental early retirement	$300 per month, payable from early retirement to age 62 or death, if earlier.
Late retirement benefit	Beyond age 65, annual benefit accruals are compared to the actuarial increased value of the prior year's benefit.
Vested termination	Equal to the early retirement benefit.
Disablement	Equal to the normal retirement benefit determined using a minimum of 10 years of credited service, unreduced for early commencement, payable from date of disability to age 65.
Surviving spouse	Equal to 50% of the benefit the deceased participant would have received had he elected to commence on the date the survivor payments begin. The benefit is paid as a monthly annuity for the survivor's lifetime.
Preretirement death	60 monthly payments in the amount the deceased participant would have received had he elected to commence on the first of the month following his death.
Mine accident death	Equal to the excess of the normal retirement benefit (determined using a minimum of 10 years of credited service) over the survivor benefits generally payable under the plan. This benefit is paid in addition to the general survivor benefits.

SCHEDULE SB ATTACHMENTS

Other Plan Provisions

Forms of payment	Life annuity with five years of guaranteed payments to single retirees, 50% joint and survivor annuity for married retirees
Conversion factors for optional forms of payment	N/A – same benefit payable just based on marriage status
Maximum limits on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the IRC. The plan provides for increasing the dollar limits automatically as such changes become effective.
Plan status for PBGC reporting purposes	Closed participation, some participants' benefits frozen

Future Plan Changes

No future plan changes were recognized in determining funding requirements. WTW is not aware of any future plan changes that are required to be reflected.

Changes in Benefits Valued Since Prior Year

Benefits valued were updated to only value the Bisti portion of the benefit, without regard to the legacy NMC benefit. Previously, the plan assumed a participant would start their NMC Plan benefit at the same time as the Bisti plan benefit and that the Bisti plan would pay late retirement increases on the benefit earned before January 1, 2017, as directed by the prior plan sponsor.

SCHEDULE SB ATTACHMENTS

Schedule SB, Part V
Statement of Actuarial Assumptions/Methods

Economic Assumptions

Expected return on plan assets for asset smoothing purposes	6.00%

Interest rate basis

• Applicable month	October 2024
• Interest rate basis	Segment rates

Interest rates	**Reflecting Stabilization**	**Not Reflecting Stabilization**
• First segment rate	5.05%	5.05%
• Second segment rate	5.31%	5.31%
• Third segment rate	5.50%	5.37%
• Effective interest rate	5.35%	5.31%

Plan-related expenses $119,779, the prior year administrative expenses paid from the plan.

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates and may be inconsistent with other economic assumptions used in the valuation.

SCHEDULE SB ATTACHMENTS

Demographic Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees

It was assumed there will be no new or rehired employees.

Mortality

- Healthy

Separate rates for non-annuitants and annuitants based on Pri-2012 "Employees" and "Healthy Annuitants" (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).

- Disabled

Alternative disabled life mortality tables as defined under Revenue Ruling 96-7.

Termination

50% of 2003 SOA study age only table. Upon shutdown, all employees not eligible for retirement are assumed to terminate employment.

Representative Rates	
Age	**Percentage**
45	3.1%
55	1.5%

Disability

82% of the 1985 Disability Study Class 4 rates for males and females

Representative Rates		
Age	**Male**	**Female**
45	0.8%	0.7%
55	1.9%	1.7%

SCHEDULE SB ATTACHMENTS

Retirement

Rates varying by age. Average retirement age is 61. Upon shutdown, all employees eligible to retire are assumed to do so.

Representative Rates	
Age	**Percentage**
50-54	3.0%
55-60	5.0%
61-63	15.0%
64	25.0%
65-66	35.0%
67+	100.0%

Shutdown

When the contract expires in 2031

Benefit commencement age

- Preretirement death benefit — The later of the death of the active participant or the date the participant would have attained age 55
- Deferred vested benefit — Age 60
- Disability benefit — Upon termination of employment
- Retirement benefit — Upon termination of employment

Form of payment

- Married — 50% joint and survivor annuity
- Single — Single life annuity with five years certain

Percent married

80% of participants are assumed to be married

Spouse age

Males are assumed to be three years older than females

Postponed retirement factors

The plan does not provide suspension of benefits notices. Postponed retirement benefits are increased using an average of the annual IRC §417(e)(3) assumptions since plan inception.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year (based on actual expenses paid in previous year; $119,779 for the 2025 plan year)
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 6.00% (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.) The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

SCHEDULE SB ATTACHMENTS

Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with NTEC and based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

The plan sponsor furnished participant data as of the valuation date. Information on contributions and plan provisions was supplied by the plan sponsor. Information on assets was supplied by the trustee. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. No additional assumptions were made for missing or apparently inconsistent data elements. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Assumed return for asset smoothing	The assumed return of 6.00% used for asset smoothing is the expected return on assets assumption chosen by NTEC with the help of their investment advisers for the 2024 fiscal year under U.S. GAAP (prior to adjustment for expenses). Although determining the expected rate of return on plan assets was not within the scope of our work, it is NTEC's best estimate and we determined that it does not significantly conflict with what would be reasonable based on their asset allocation. When higher, this rate is limited by the applicable year third segment rate of 5.74% (2023) and 5.59% (2024).
Plan-related expenses	Administrative expenses are estimated as the actual expenses paid from the trust the preceding year.

Assumptions Rationale - Significant Demographic Assumptions

Healthy mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).

SCHEDULE SB ATTACHMENTS

Disabled mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Other demographic assumptions	The following assumptions are based on an experience study undertaken by the prior actuary in 2015 using experience from January 1, 2009 through December 31, 2013. The resulting assumptions balance the plan's historical experience with future expectations based on input and concurrence from the participant's prior employer: • Retirement incidence • Termination incidence • Form of payment • Percent married • Deferred vested benefit commencement age

Prescribed Methods

Funding methods	The methods used for funding purposes as described in herein, including the method of determining plan assets, are "prescribed methods set by law," as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430 or were selected by the plan sponsor from a range of methods permitted by IRC §430.
