INDEPENDENT AUDITOR'S REPORT

To the Trustees
Hunter-Davisson, Inc. 401(k) Trust
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Hunter-Davisson, Inc. 401(k) Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the 2025 Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Predecessor Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Hunter-Davisson, Inc. 401(k) Trust. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated July 24, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Hunter-Davisson, Inc. 401(k) Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all regular full-time employees of Hunter-Davisson, Inc. (the Company) who are age 18 or older who have completed one month of service. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan engages Reliance Trust Company (the Custodian) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
A participant may elect to contribute up to the maximum allowed under the IRC, each year instead of receiving that amount in cash. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions include employee pre-tax deferral contributions, after-tax Roth deferral contributions, or a combination of both. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants are automatically enrolled at a deferral rate of 1% of eligible wages and the deferral rate is increased by one whole percent annually up to a maximum of 6% of compensation, unless the participant manually changes this election.

The Company matches a discretionary portion of participants' annual deferral. The Employer may make discretionary matching contributions in an amount which is the lesser of 50% on the first 6% of the participant's compensation which is deferred as an elective deferral and 50% of the total elective deferral. Participants must be employed on the last day of the plan year to receive a matching allocation.

The Plan also allows the Company to make discretionary nonelective contributions allocated to all eligible participants. Contributions are subject to certain limitations. No such contributions were made for the Plan years 2025 and 2024.

Investment Elections
Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the opportunity to change their investment combinations on a daily basis.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are made in a manner that recognizes each participant's account balance, investment selection, and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their employee contributions, including actual earnings thereon. Vesting in the Company's discretionary match plus actual earnings thereon is based on years of continuous service and occurs gradually. A participant becomes partially vested at the end of two years of credited service and is 100% vested after six years of credited service. A participant becomes fully vested in the entire balance of his or her account upon attainment of normal retirement age, permanent disability, death, or termination of the Plan. Any amount not vested upon a participant's separation from service is forfeited and may be used to reduce the Company's contribution or pay Plan expenses.

Note 1 - Description of the Plan, continued

Notes Receivable from Participants
Participants may borrow from their fund accounts in a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have a maximum of two outstanding loans at any time and may initiate up to two loans during a calendar year. Loan terms range from one to five years or up to 30 years for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rates ranged from 4.25% to 9.50% for the year ended December 31, 2025.

Payment of Benefits
On termination of service due to any reason, participants with vested account balances of less than $7,000 receive an automatic distribution to an Individual Retirement Account (IRA). Participants with vested account balances of $7,000 or more may elect to receive a single lump-sum amount or choose to rollover their balance into another qualified retirement plan or IRA.

Participants may also elect to take in-service or hardship withdrawals subject to the terms of the Plan document and Internal Revenue Service (IRS) regulations.

Forfeitures
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $13,238 and $1,359 respectively. During the year ended December 31, 2025, forfeitures of $27,766 were used to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies, continued

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions specifically related to that participant.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued.

Note 3 - Information Certified by Custodian

The Plan's investments are held by Reliance Trust Company, the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Investment, at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Note 4 - Fair Value Measurements, continued

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 – quoted prices in active markets for identical assets or liabilities.

Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 20,962,577	$ -	$ -	$ 20,962,577

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 17,714,340	$ -	$ -	$ 17,714,340

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The inputs used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Note 5 - Guaranteed Investment Contract

The Standard Stable Asset A is a guaranteed investment contract with Standard Insurance Company (the Standard), which meets the definition of fully benefit-responsive based on the terms of the related agreement and is therefore presented at contract value. Contract value, as reported to the Plan by the Standard, represents contributions made under the Standard Stable Asset A plus earnings, less participant withdrawals and administrative expenses. The Standard maintains the contributions for the Contracts in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Standard is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The contract value of the Standard Stable Asset A at December 31, 2025 and 2024, was $1,477,445 and $1,614,141, respectively. These contracts were credit with 3.16% interest in 2025 and 3.07% interest in 2024.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments in the Standard Stable Asset A at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. Certain events may limit the ability of the Plan to transact at contract value with the Standard Stable Asset A. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, Hunter-Davisson, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The IRS has determined by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA plan sponsored by Standard Retirement Services Inc. which has been adopted by the Plan, is acceptable pursuant to Section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

Standard Insurance Company provides third-party administration services to the Plan, Martel Wealth Advisors provides investment advisory services to the Plan, and Reliance Trust Company provides custodian services to the Plan. Transactions with these entities qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA. The fees for third-party administration services and investment advisory services were $58,965. Other fees related to the operation of the Plan are paid directly by the Plan Sponsor.

Note 9 - Reconciliation of Financial Statements to Form 5500

Net assets on the Form 5500 are reported on the modified cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 23,042,629	$ 19,855,672
