THE RETIREMENT COMMITTEE
CYPRESS LAWN CEMETERY ASSOCIATION
401(k) SAVINGS ACCOUNT
Colma, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **CYPRESS LAWN CEMETERY ASSOCIATION 401(k) SAVINGS ACCOUNT** (**the Plan**), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

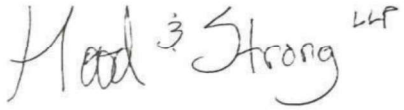

The supplemental schedules, Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cypress Lawn Cemetery Association 401(k) Savings Account

Notes to the Financial Statements

Note 1 - Description of the Plan:

The following description of the Cypress Lawn Cemetery Association 401(k) Savings Account (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Cypress Lawn Cemetery Association (the "Association") ("Sponsor") on November 1, 1998, and was amended and restated effective January 1, 2016. During 2020, the Plan elected to implement certain provisions of the Coronavirus Aid, Relief and Economic Security ("CARES") Act. The Plan Sponsor has elected to implement these provisions by retroactive amendment, required by December 31, 2022. The Plan is a defined contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees of the Association are eligible to participate in the Plan upon attaining 18 years of age and completing 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC. The Plan was most recently restated effective July 22, 2022.

Plan Administration

The Association is the Administrator of the Plan. As Administrator, the Association has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan, including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the Trustee. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company") is the appointed Trustee for the Plan and acts at the direction of the Plan's Administrator.

Contributions

The Plan includes automatic enrollments for all new employees, which commence as soon as administratively possible after the employee becomes eligible for the Plan. Deferral contributions for employees entered under the automatic enrollment are 3% with no automatic escalation of the deferral amount. Employees who elect to participate in the Plan may contribute up to 90% of their salary subject to the limits imposed by Section 402(g) of the IRC. The Plan allows for Roth contributions to be made at the election of the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Association makes a safe harbor nonelective contribution of 3% of compensation to eligible participants. In addition, the Association may make discretionary matching contributions and discretionary profit-sharing contributions. Discretionary profit-sharing contributions are allocated to eligible participants based on their classification and then pro-rata based on compensation. Effective January 1, 2019, the Plan was amended to define an eligible participant for discretionary profit-sharing contributions being a participant employed on the last day of the Association's fiscal year end. Each classification is based on participants combined age and years of service. In 2025, the Association made no discretionary matching contributions, but made a discretionary profit-sharing contribution of 1.8% to 7.5% of eligible participants' compensation based on their classification.

Payment of Benefits

When participants leave the Association, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment, equal installments, or partial withdrawals. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½ or having a hardship. In-service withdrawals may be taken from all vested account balances.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. The Plan allows for mandatory distributions of participant accounts below $5,000.

In the event of a mandatory distribution greater than $1,000, but less than $5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator.

Participant Accounts

Each participant's account is credited with the participant's contributions, Association safe harbor contributions, discretionary matching and profit-sharing contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Participant Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a common/collective trust fund offered by the Plan. Effective January 1, 2017, the Plan was amended to allow participants to invest in self-directed brokerage accounts. Participants may change their investment options at any time.

Vesting

Participant contributions, rollovers, safe harbor nonelective contributions, and net earnings on these contributions, are fully vested when made or earned.

Discretionary profit-sharing contributions, as well as net earnings on these contributions, are fully vested after 2 years of service.

Discretionary matching contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants are fully vested upon retirement, death, disability, or Plan termination.

Forfeitures

Forfeitures that occur will be used to reduce expenses related to the administration of the Plan and to reduce future Association contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $621 and $4,661, respectively. During the year ended December 31, 2025, forfeited funds of $624 were used to pay Plan expenses.

Notes Receivable from Participants

Participants are allowed only one note receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which is limited to the lesser of 15 years or a period of years consistent with commercial home loan practices. The notes receivable is secured by no more than 50% of the balance in the participant's account and bear a reasonable rate of interest as determined by rates for similar loans by other lenders. Interest rates on notes receivable from participants as of December 31, 2025 ranged from 5.25% to 10.50% per annum. Principal and interest are paid ratably through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the note receivable.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions

Contributions from Plan participants and the Association are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and within individual participant accounts, has fluctuated since December 31, 2025.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as an adjustment to net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Association. Expenses that are paid by the Association are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2025, through September 3, 2026, the date which these financial statements were available to be issued, and has determined that there were no material subsequent events that required recognition or disclosure in these financial statements.

Note 3 - Information Certified by Principal Trust Company (Trustee):

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

Information related to notes receivable from participants as of December 31, 2025 and the related interest income on notes receivable from participants for the period from January 1, 2025 to December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under these accounting standards are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,630,130	$ -	$ -	$ 31,630,130
Total assets in the fair value hierarchy	$ 31,630,130	$ -	$ -	31,630,130
Investments measured at NAV using the practical expedient (a)				2,882,660
Investments, at fair value				$ 34,512,790

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 26,053,262	$ -	$ -	$ 26,053,262
Total assets in the fair value hierarchy	$ 26,053,262	$ -	$ -	26,053,262
Investments measured at NAV using the practical expedient (a)				2,274,635
Investments, at fair value				$ 28,327,897

a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair values and net asset values presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments measured at NAV per share representing fair value as a practical expedient as of December 31, 2025 and 2024, respectively.

	December 31, 2025 NAV	December 31, 2024 NAV	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Collective trust funds:					
Stable Value	$ 2,882,660	$ 2,274,635	n/a	Daily	12 months

Note 5 - Plan Termination:

The Association has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Association reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their employer contributions.

Note 6 - Tax Status:

The Association has adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA, sponsored by Principal Life Insurance Company (Principal). Principal received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that this plan is designed in accordance with applicable sections of the IRC. The Plan has not filed for a determination letter. The volume submitter plan document has been amended/restated since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of a common/collective trust fund, mutual funds and self-directed brokerage accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rates, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Vanguard 500 Index Admiral Fund investment represented approximately 18% and 15% of Plan assets as of December 31, 2025 and 2024, respectively. The T Rowe Price Retirement 2030 Fund investment represented approximately 12% of Plan assets as of December 31, 2024.

Note 8 - Related Party and Party-in-Interest Transactions:

Certain Plan investments are managed by the Trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Note 9 - Reconciliation to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 34,920,519	$ 28,804,350
Add: Reversal of prior year loan deemed distribution	-	24,102
Less: Loan deemed distribution	2,247	-
Net assets per Schedule H of Form 5500	$ 34,918,272	$ 28,828,452

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements for the year ended December 31, 2025 to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per these financial statements	$ 6,116,169
Less: Reversal of prior year loan deemed distribution	24,102
Loan deemed distribution	2,247
Net income per Schedule H of Form 5500	$ 6,089,820

Note 10 - Nonexempt Prohibited Transactions:

During 2025, the Association inadvertently failed to deposit $153,182 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. Delays in remitting contributions were due to administrative errors. The lost earnings due to the affected participants accounts as a result of the delay were deemed immaterial to the financial statements.
