INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Neighborhood Credit Union 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Neighborhood Credit Union 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Doeren Mayhew Assurance, PC and Doeren Mayhew Advisors, LLC (and its subsidiary entities) practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. Doeren Mayhew Assurance, PC is a licensed independent CPA firm that provides attest services to its clients, and Doeren Mayhew Advisors, LLC and its subsidiary entities provide tax and business consulting services to their clients. Doeren Mayhew Advisors, LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

General

The Neighborhood Credit Union 401(k) Plan and Trust (the Plan) is a defined contribution plan established January 1, 1997, by Neighborhood Credit Union (the Credit Union). The Plan qualifies as a tax-exempt plan under the provisions of the Internal Revenue Code (IRC) and complies with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description is provided for general information purposes only. Participants should refer to the Adoption Agreement, including amendments thereto, or the Summary Plan Description for a more complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is the Credit Union. The Plan's Trustees are officers and employees of the Plan Sponsor. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed a committee made up of Plan Sponsor officers and members of the human resources department. The committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance and fees. The Plan's Custodians are Matrix Trust Company and CMFG Life Insurance Company (CMFG). The Plan's Custodians hold all of the Plan's assets and execute all of the Plan's transactions. The Plan Sponsor has retained TruStage Financial Group to provide participant recordkeeping and administration services.

Eligibility

The Plan covers all employees of the Plan Sponsor who have attained age 18 and who have completed 3 months of service. An employee becomes a participant in the Plan on the first day of the quarter coinciding with or next following the completion of the eligibility requirements.

Contributions to the Plan

Each year, participants may elect to contribute pre-tax and after-tax Roth defer contribution maximums, as defined by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants aged 60-63 are eligible for super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Plan includes an automatic elective deferral feature whereby all new employees are automatically enrolled in the Plan at a 2% deferred contribution, upon meeting the eligibility requirements, unless they have elected otherwise. In addition, the Plan has an automatic escalation clause for automatically enrolled participants, which includes scheduled increases of deferral rates by 1% annually, beginning the second applicable plan year change date after default contributions start, effective during the first day of each plan year until the deferral rate reaches 5%.

Continued

The Plan Sponsor provides a safe harbor matching contribution of 100% of elective deferrals up to 5% of the eligible compensation for the plan year. Safe harbor matching contributions, net of forfeitures, totaled $631,285 for the year ended December 31, 2025. Each year, the employer may also elect to make a discretionary matching contribution and/or discretionary profit-sharing contribution to the Plan. The Plan Sponsor elected not to make a discretionary profit-sharing contribution for the year ended December 31, 2025.

Participants direct the investment of both their individual contributions plus their share of employer contributions, if any, into the various investment options offered by the Plan. Participants may change or transfer their investment options daily.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and applicable employer contributions. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The investment fund income, gains, or losses are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000 and participants may only have two loans outstanding at any given time. Loan transactions are treated as participant-directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Distribution of Benefits

On termination of service due to death, disability or retirement (age 62) or other reasons, a participant may elect to receive payment in the form of a lump sum distribution, substantially equal installments, or partial withdrawals. The distributable amount is equal to the value of the participant's vested interest in his or her account. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan Administrator will authorize the benefit payment without the participant's consent.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

Continued

Vesting

Participants are immediately vested in their contributions and the employer safe harbor matching contributions, plus actual earnings thereon. Vesting in employer discretionary matching and profit-sharing contributions are based on elapsed-time method at a rate of 25% per year after the second year of credited service. A participant is 100% vested after five years of service. Participants also become 100% vested upon death, disability or attainment of normal retirement age.

Forfeitures

Forfeitures can be used to offset plan administrative expenses and reduce employer contributions. Unallocated forfeiture balances as of December 31, 2025 and 2024 were $-0-. $5,528 in forfeitures were used to reduce employer contributions for the year ended December 31, 2025. No forfeitures were used to offset plan administrative expenses during the year ended December 31, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee contributions are recorded when they are withheld from pay. Employer contributions and income from investments are recorded when they are earned. Expenses are recorded in the accounting period in which they are incurred.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain of the Plan's administrative expenses, including salaries, accounting, and legal, are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's accounts and are included in administrative expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 1, 2026, which is the date the financial statements were available to be issued.

Subsequent to December 31, 2025, a third-party service provider utilized by the Plan experienced a cybersecurity incident that resulted in a temporary disruption of certain recordkeeping and transaction-processing services. As a result of the disruption, the Plan Sponsor was unable to transmit and process certain employee contributions, employer contributions, and participant loan repayments through the service provider's normal systems. Participants were also temporarily unable to initiate or complete certain distributions and participant loans.

As of the date the financial statements were available to be issued, certain transactions affected by the disruption had not yet been fully processed or reconciled. Plan management continues to work with the service provider and other applicable parties to restore normal processing, reconcile affected transactions, and determine the appropriate corrective actions, if any.

Management is evaluating the financial and operational effects of the incident, including the timing and amount of affected contributions and participant transactions and whether corrective contributions, lost earnings, participant reimbursements, or other remedial actions may be required. The ultimate financial effect of the incident, if any, cannot presently be determined.

Note 3 – Unaudited Investment Information Certified by the Custodians

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Matrix Trust Company and CMFG Life Insurance Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1) All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;

2) All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025;

3) All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025; and

4) Notes receivable from participants as of December 31, 2025 and 2024 and the related income on notes receivable from participants for the year ended December 31, 2025.

Note 4 – Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024:

Mutual funds: Valued at daily closing prices as reported by the fund and are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$ 27,532,883	$ -	$ -	$ 27,532,883

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$ 21,624,729	$ -	$ -	$ 21,624,729

Note 5 – Fully Benefit-Responsive Investment Contract

At December 31, 2025, the Plan has entered a fully benefit-responsive investment contract with CMFG with regard to the Guaranteed Account. CMFG maintains the contributions in a general account. The account is credited with earnings on the underlying balances and charged for withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The credit rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The crediting rate for the year ended December 31, 2025 was 1.95%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Continued

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020, from the IRS. The Plan was amended and restated in its entirely, effective January 1, 2022. The Plan was most recently amended effective December 31, 2024, relating to its prior year merger.

While the amended plan document has not received an IRS determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and, therefore, the Plan qualifies under Section 401(a) and is tax-exempt as of December 31, 2025.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2025 and 2024. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

Certain plan investments are managed by Matrix Trust Company and CMFG Life Insurance Company, who are the Plan's Custodians. During the year ended December 31, 2025, the Plan paid direct compensation to the Custodians for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Plan's Custodians from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b)(2) of the ERISA regulations.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest, market, and credit rate risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the Form 5500	$ 29,667,747	$ 23,994,996
Pending activity from plan merger	-	3,744,054
Net assets available for benefits per the financial statements	$ 29,667,747	$ 27,739,050

The following is a reconciliation of the increase in assets per the Form 5500 to the net increase in assets per the financial statements for the year ended December 31, 2025:

	2025
Net increase in assets per the Form 5500	$ 2,004,275
Differences in unrealized gains and losses	(75,578)
Net increase in assets per the financial statements	$ 1,928,697

Note 11 – Plan Merger

Effective December 31, 2024, the RelyOn Credit Union 401(k) Plan (the "Acquired Plan"), a defined contribution plan sponsored by RelyOn Credit Union, was legally merged with and into the Neighborhood Credit Union 401(k) Plan and Trust. This merger occurred in connection with the acquisition of RelyOn Credit Union by Neighborhood Credit Union on September 1, 2024.

As a result of the merger, all assets and liabilities of the Acquired Plan, totaling $3,744,054, were transferred to the Plan. Of the assets transferred, $3,706,482 were investments and $37,572 were notes receivable from participants. The merger was legally effective on December 31, 2024; however, the Acquired Plan's assets did not physically transfer to the Neighborhood Credit Union 401(k) Plan and Trust until 2025. As such, a receivable for the transferred assets was recorded on the statement of net assets available for benefits as of December 31, 2024.

Participants of the Acquired Plan became participants in the Neighborhood Credit Union 401(k) Plan and Trust, with their account balances seamlessly integrated. The transferred assets were mapped to comparable investment options within the Plan, with participants receiving advance notification of the mapping strategy and any associated blackout periods.
