Report of Independent Auditors

To the Administrator of Biogen 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Biogen 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the Biogen 401(k) Savings Plan (the "Plan") is provided for general information purposes only. The information below summarizes certain aspects of the Plan that were in effect during 2025 and 2024, and is intended to be a summary only. Participants should refer to the plan agreement for more complete information.

General Information

The Plan was established effective January 1, 1989 and has been amended and restated most recently January 1, 2024. The Plan was amended effective January 1, 2016 to comply with the 401(k) safe harbor plan design requirements of the Internal Revenue Code Sections 401(k)(12) and 401(m)(11). The Plan year is January 1 through December 31. The Plan is administered by a Plan administrator appointed by Biogen Inc. (the "Company" or "Employer"). The Plan administrator may be an individual or a committee. Fidelity Management Trust Company is the trustee (the "Trustee") of the Plan.

Included in the 2024 restatement were the eighth and ninth amendments adopted in 2024. The eighth amendment corrected certain operational failures relating to the definition of applicable compensation under the plan effective January 1, 2009 through December 31, 2018. The ninth amendment retroactively removes the requirement that an eligible employee attain age 21 in order to participate in the plan effective March 15, 2004.

Participation

Participation in the Plan is voluntary. Each employee of the Company and its subsidiaries and affiliates is eligible to participate in the Plan unless the employees are: (a) a student employed on a temporary or casual basis; (b) an employee of a non-U.S. subsidiary or division of the Company; or (c) a member of a collective bargaining unit agreement. An otherwise eligible employee who is temporarily assigned by an employer to work for the Company or its subsidiaries or affiliates, or on a joint venture with the Company located outside of the United States with the intent on the part of the employer that such employee will return to work as an eligible employee of the employer in the United States, will be treated as an employee in the class eligible to participate in the Plan during such temporary assignment.

Contributions

Eligible employees may make both before-tax and after-tax savings deposits (as described below) to the Plan in whole percentages of their gross salary ranging from a minimum of 1% to a maximum of 40%, subject to certain limitations. The Company will make matching contributions equal in value of 200% of up to the first 3% of the employee's eligible earnings, subject to certain limitations, into the same funds as selected by the participants for their own contributions. Following the end of each plan year, an additional true-up matching contribution may be made on behalf of an eligible participant, including eligible participants (excluding those who are highly compensated employees determined under Code Section 414(q)) who terminated employment with the Company during the plan year, subject to certain IRS limitations. For the year ended December 31, 2025 and 2024, true-up matching contributions of $6,775,915 and $5,409,009, respectively, were accrued for and recorded as employer contributions receivable as of December 31, 2025 and 2024 within the statements of net assets available for plan benefits.

Rollovers from other qualified plans are also allowable by the Plan. During the year ended December 31, 2025, participant rollovers into the Plan were $21,357,463.

Participant Accounts

Fidelity Workplace Services, LLC is the Plan's recordkeeper. Each participant's account is credited with the participant's contribution, the Company's matching contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All active participants are fully vested in their accounts, including, if applicable, special Company contributions, at all times.

At December 31, 2025 and 2024, participant forfeiture balances totaled $190 and $57,938, respectively. Forfeitures are mainly distributed to plan participants but can also be used to offset future employer contributions, unless the Plan administrator elects to first reduce administrative expenses. For the year ended December 31, 2025, $58 of the participant forfeiture balance was used to offset employer contributions.

Benefit Payments

Distributions are generally payable at termination of employment due to retirement, disability, death or any other reason. Distribution payments are made in cash once the participant or the beneficiary request the payment and the payment is processed.

Notes Receivable from Participants

Participants may borrow against their accumulated balance and rollover accounts. The minimum loan amount is $1,000. No participant loan will exceed the smaller of (i) 50% of the participant's account balance or (ii) $50,000 (reduced by the highest outstanding loan balance during the 12 months preceding the loan). Participants may have no more than two loans outstanding at any time. There is no minimum service requirement for a participant to be eligible for a loan. Loans will bear an interest rate determined by the Plan administrator, which is equal to the Reuters prime rate plus 1% at the time of inception of the loan. Repayment of loans is made by direct withholdings of a participant's salary for a period not to exceed five years (ten years for a residential loan). Interest rates on the loans ranged from 4.25% to 10.00% at December 31, 2025 and from 4.25% to 10.00% at December 31, 2024. The loans are collateralized by the participants' account in the Plan. Participants are also permitted to pay outstanding loan balances following termination from employment with the Company.

Plan Termination

The Company has the right to amend, suspend or terminate the Plan, but may not do so in a way which would reduce any participant's nonforfeitable account balance. If the Plan is terminated, the Trustee will continue to hold the assets of the Plan for distribution as directed by the Plan administrator. The Plan administrator will determine whether to direct the Trustee to disburse the Plan's assets as immediate benefit payments, to retain and disburse them in the future or to follow any other advisable procedures. The Company currently has no intention to terminate the Plan.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies which are in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and consistently followed by the Plan in the preparation of its financial statements.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments

Plan investments are stated at fair value. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisers and the Trustee. Investments in registered mutual funds (other than those that are exchange traded) or collective investment funds, if any, are valued at their respective net asset value. The funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Please see Note 3 for classification within the fair value hierarchy.

For mutual funds, purchases and sales of securities are recorded on a trade-date basis. Cost is determined on the average cost basis. Net appreciation or depreciation in fair value of mutual funds, which includes realized and unrealized gains or losses on investments bought and sold as well as held during the year, is reflected for the year in the statement of changes in net assets available for plan benefits. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. For collective investment funds, security transactions are accounted for as of the trade date. The investments in the collective investment funds are allocated to participant accounts based on the unit value of the fund. The net asset value (NAV), as provided by the underlying Plan's Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective investment fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The NAV is based on the fair value of the underlying investments held by the fund plus other assets less its liabilities. Net appreciation or depreciation in fair value of collective investment funds, which includes realized and unrealized gains or losses on investments bought and sold as well as held during the year, is reflected for the year in the statement of changes in net assets available for plan benefits.

Notes Receivable

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit

payment is recorded. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Contributions

Employee contributions are recorded in the period in which the employee payroll deductions are made. Matching contributions from the Company are recorded in the period in which the employee payroll deductions are made and are allocated based upon the participants' contribution selections.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

No provision for income taxes has been made in the financial statements as the Plan qualifies as a tax-exempt entity under Section 401 of the Code. The Plan has received a favorable determination letter dated March 16, 2015 from the Internal Revenue Service (IRS) stating that the Plan and related trust are designed in accordance with the applicable sections of the Code. The Plan has since been amended. Management has asserted that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administration has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Expenses of the Plan

Audit fees are paid directly by the Company and, accordingly, such items are not reflected in the financial statements of the Plan. Expenses directly related to the investment transactions and loans of the Plan are paid by the Plan participants initiating such transactions. Effective April 1, 2024, Plan participants became responsible for paying plan administrative fees, which include recordkeeping fees.

During the year ended December 31, 2025 the Plan Trustee repaid a total of $447,875 to plan participants as part of an expense recapture program, which are recorded as Other income within the Statement of Changes in Net Assets Available for Plan Benefits. These amounts are distributed quarterly to participant accounts on a pro-rata basis.

Subsequent Events

The Plan evaluated all events or transactions that occurred after December 31, 2025 up through September 30, 2026, the date the Plan's financial statements were available to be issued. In May 2026, Biogen acquired Apellis Pharmaceuticals, Inc. Following the acquisition, certain former Apellis employees became eligible to participate in the Plan. On August 3, 2026, the Plan facilitated the transfer of account balances for 295 participants, totaling approximately $55,628,102, from the Apellis retirement plan to the Plan at the election of the individual participants. Additionally,

20 participant loans were transferred to the Plan in connection with these participant-directed transfers. No other events were identified that would require disclosure in the Plan's financial statements.

3. Fair Value Measurements

Fair value is defined as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. The Plan follows an established fair value hierarchy that requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required.

Level 1 Fair values are determined utilizing quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access;

Level 2 Fair values are determined utilizing quoted prices for identical or similar assets and liabilities in the active markets or other market observable inputs such as interest rates, yield curves and foreign currency spot rates; and

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

These financial assets have been initially valued at the transaction price and subsequently valued, at the end of each reporting period, typically utilizing the net asset value per Trustee or other market observable data.

The Plan's Retirement Committee validates valuations provided by its Trustee by reviewing its pricing methods. After completing the validation procedures, the Plan did not adjust or override any fair value measurements provided by their Trustee as of December 31, 2025 and 2024, respectively.

The Plan's Retirement Committee periodically reviews the Plan's investment design to assess the range of investment options available through the Plan, investment option performance and value, and administrative fees. As a result of a recent review, the Plan consolidated its investment options in 2024 primarily to eliminate fund overlap and simplify the core menu of options.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Other Investments Measured at NAV*	Total
Mutual Funds

* In accordance with ASC 820-10, certain investments that are measured at fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2025, there were no transfers among Levels 1, 2, or 3.

Participants can enter and exit out of funds each business day with no restrictions.

The following tables set forth a summary of the Plan's investment whose values were estimated using a reported NAV as a practical expedient as of December 31, 2025 and 2024:

In addition, the investment information included within the supplemental schedule was certified by Fidelity Management Trust Company as accurate and complete.

5. Related Party and Party-in-Interest Transactions

Certain employees of Biogen Inc. perform administrative work and financial reporting for the Plan and are not compensated by the Plan. Additionally, the Plan's assets include investments in mutual funds and collective investment funds for which Fidelity Management & Research Company LLC provides investment advisory services. Fidelity Management & Research Company LLC is an affiliate of both Fidelity Management Trust Company and Fidelity Workplace Services LLC. Accordingly, these transactions, as well as participant loans and expenses, qualify as party-in-interest transactions. Administration expenses paid by the Company in connection with the administration of the Plan and revenue sharing payments are considered related party transactions. The Company, in its role as plan sponsor, is considered a related party to the Plan. The Company contributed $49,876,590 to the Plan for the year ended December 31, 2025.

6. Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds and collective investment funds. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Global conflicts or disputes and interruptions in international relationships, including tariffs, trade protection measures, economic embargoes and import or export licensing requirements as well as the ongoing geopolitical tensions related to the conflict in Ukraine and Middle East, and the related sanctions and other penalties imposed, are creating substantial uncertainty in the global economy. The extent and duration of such conflicts, sanctions and resulting market disruptions are highly unpredictable. The extent of the impact of the ongoing global conflicts and disputes on the Plan's net assets available for plan benefits will depend on future developments.
