Report of Independent Auditors

The Participants and Plan Administrator
Learjet Inc.
Tax-Deferred Savings Plan for Represented Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Learjet Inc. Tax-Deferred Savings Plan for Represented Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

A member firm of Ernst & Young Global Limited

Shape the future
with confidence

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

A member firm of Ernst & Young Global Limited

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025 and delinquent participant contributions for the year then ended (referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

A member firm of Ernst & Young Global Limited

Shape the future
with confidence

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Tax-Deferred Savings Plan for Represented Employees

Notes to Financial Statements

December 31, 2025

1. Description of the Plan

The following description of the Learjet Inc. Tax-Deferred Savings Plan for Represented Employees (the Plan) provides general information about the Plan's provisions. Learjet Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Bombardier Aerospace Retirement Plans Administrative Committee is responsible for the general administration of the Plan. The Bombardier U.S. Retirement Plans Investment Committee is responsible for the investment authority and selection of service providers. Charles Schwab Trust Bank is the trustee and Schwab Retirement Plan Services, Inc. is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers substantially all employees of the Company who are covered by a specific collective bargaining agreement and who have completed 75 days of service. Effective January 1, 2026, eligible participants are automatically enrolled in the Plan at a default deferral rate of 3% of eligible compensation on the first day of the month following 75 days of service unless they affirmatively decline to participate.

Contributions

The Plan is funded from voluntary contributions by eligible employees and matching contributions by the Company. The participants may make pretax or Roth salary deferral contributions of not less than 1% or more than 75% of their annual compensation. Effective January 1, 2026, if automatically enrolled, a participant's deferral is set at 3% of eligible compensation at the date of enrollment. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

1. Description of the Plan (continued)

The Company matches contributions at its discretion. Effective July 28, 2025, the Company increased the matching contribution formula from 50% of the first 6% of eligible elective deferrals contributed to 50% of the first 8% of eligible elective deferrals contributed. Contributions are subject to certain limitations as determined by the Internal Revenue Code (the Code).

Participant Accounts

An account is established on behalf of each eligible participant. Each eligible participant's account is credited with the participant's contributions, the matching contribution made by the Company, and an allocation of plan earnings or losses, and charged with an allocation of administrative expenses, as appropriate. Allocations are based on account balances or respective elected investment options, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest in their Company matching contribution accounts as follows:

Years of Service	Vesting
Less than two years	–%
Two years but less than three years	50
Three years but less than four years	75
Four or more years	100

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to reduce future company contributions or

1. Description of the Plan (continued)

to pay plan expenses. The unallocated forfeiture balances as of December 31, 2025 and 2024, were $2,424 and $14,801, respectively. Forfeitures used to reduce company contributions for 2025 and 2024 amounted to $16,805 and $9,329, respectively. Forfeitures used to reduce plan expenses for 2025 and 2024 were nil and $18,193, respectively.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The $50,000 limit is reduced by the excess of the participant's highest outstanding loan balance during the preceding 12-month period over the outstanding balance on the day prior to when the loan is made. A participant may not have more than one loan outstanding at any point in time. The maximum loan term is five years, or up to 15 years for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the Company, he or she may continue to make loan payments through a preauthorized check agreement. If the loan is not repaid after three months, it will automatically be treated as a distribution to the participant.

Benefit Payments

Benefit payments under the Plan are made upon a participant's death, disability, retirement, or termination of employment. A participant may withdraw all or any portion of salary deferral contributions in the event of a financial hardship, as defined. Upon attainment of the age of 59½, participants may withdraw all or a portion of their vested account balance. Participants may withdraw all or a portion of their unrelated rollover account balance at any time. Upon termination of employment, a participant may withdraw all or a portion of his or her vested account balance in excess of $1,000.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

1. Description of the Plan (continued)

Transfers to or From Bombardier 401(k) Savings Plan

Certain participants transfer their account balances to or from the Bombardier 401(k) Savings Plan (the Bombardier Plan) as their employment status changes.

Administrative Expenses

The Plan's administrative expenses, which are paid from plan assets through deductions from participant accounts or through the forfeiture account, include trust, custody, recordkeeping, legal, audit, and financial consulting fees. Administrative expenses of the Plan that are paid by the Company are excluded from these financial statements.

Investment Options

Contributions may be invested in multiples of 1%, at the election of the participants, in various investment funds offered by the Plan. Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options at any time. The Company's contributions are invested in the same investment options as that of the participant's elective contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time and by action of its governing body by filing written notice thereof with the administrator and trustee and by discontinuing contributions to the Plan, subject to the provisions of ERISA and the collective bargaining agreement. In the event the Plan terminates, all participant accounts will become 100% vested and will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not terminated.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Contributions

Contributions from plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held in the Master Trust are stated at fair value. Investments in mutual funds (including money market funds) are stated at the net asset value of shares held by the Plan at year-end, based on quoted prices on an active market. The fair value of the investments in the common/collective trusts represents the readily determinable net asset value of the units of such funds as reported by the issuer, and participant transactions (purchases and sales) may occur daily without restrictions. See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical or similar assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets

- Quoted prices for identical or similar assets or liabilities in markets that are not active

2. Summary of Significant Accounting Policies (continued)

- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety. There have been no changes in the valuation methodologies used during the years ended December 31, 2025 or 2024.

3. Investments in Master Trust

The Plan holds assets in the Bombardier US 401(k) Plans Master Trust (Master Trust), commingled with assets of the Bombardier Plan, another Company-sponsored defined contribution benefit plan.

Certain investment information disclosed in the accompanying financial statements and supplemental schedules, including the Plan interest in Master Trust and notes receivable from participants at December 31, 2025 and 2024, and the net investment gain from Plan interest in Master Trust and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan and Master Trust, and State Street Bank & Trust, the directed subcustodian of the Target Risk Funds in the Master Trust.

3. Investments in Master Trust (continued)

Investment options offered to participants are composed of four Target Risk Funds (Very Conservative Fund, Conservative Fund, Balanced Fund, and Aggressive Fund) and eight Core investment options. These Target Risk Funds comprise varying allocations of certain of the Core investment options and are valued based on the net asset value of the underlying funds, which are unitized daily. Such funds include investments in highly diversified funds designed to match the return and risks of specific capital and equity indexes.

Each participating plan's interest in the investment funds (separate accounts) of the Master Trust is based on the account balances of the respective plan's participants and their elected investment funds. The Master Trust assets are allocated between the participating plans by assigning to each plan those transactions that can be specifically identified (primarily contributions, benefit payments, and Plan-specific expenses) and by allocating between the plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the Master Trust. The Plan's interest in the net assets of the Master Trust was 8.86% and 8.74% at December 31, 2025 and 2024, respectively.

3. Investments in Master Trust (continued)

The following table presents the net assets of the Master Trust in each of the investment options offered to participants and the composition of these investment options at December 31, 2025:

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

Certain investments held by the Master Trust may be managed by service providers to the Plan or their affiliates. The Plan also pays certain administrative and service-provider fees from Plan assets and holds notes receivable from participants. These transactions qualify as party-in-interest transactions under ERISA. Management believes such transactions are exempt from the prohibited transaction provisions of ERISA.

6. Delinquent Participant Contributions

During 2025, the Company failed to transmit certain participant contributions and loan repayments to the Plan in the amount of $ 2,272,222 within the time period prescribed by ERISA. Late transmissions of participant contributions and loan repayments constitute a prohibited transaction under ERISA section 406, regardless of materiality.

The delinquent participant contributions and loan repayments were subsequently remitted to the Plan. The Company is in the process of calculating and remitting any associated lost earnings to affected participant accounts and will satisfy any applicable excise tax obligations related to the prohibited transaction. The delinquent contributions and loan repayments have been reported on Schedule H, Line 4a, “Schedule of Delinquent Participant Contributions.”

7. Tax Status

The Plan has received a determination letter from the IRS, dated June 13, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through September 29, 2026, the date the accompanying financial statements were available to be issued.

During 2026, the Plan was amended to incorporate an auto enrollment feature and certain provisions of the SECURE 2.0 Act of 2022, including changes related to catch-up contributions. Certain provisions, including the requirement that specified catch-up contributions be made on a Roth basis, the addition of the super catch-up provision and auto enrollment are effective for plan years beginning on or after January 1, 2026. The Plan does not expect these provisions to have a material impact on its financial statements for 2026.

No other significant subsequent events were identified that required recognition or disclosure in the accompanying financial statements.
