To the Plan Administrator
KS Engineers, P.C. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KS Engineers, P.C. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KS Engineers, P.C. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KS Engineers, P.C. 401(k) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the KS Engineers, P.C. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of KS Engineers, P.C. The Plan is intended to satisfy the applicable sections of the Internal Revenue Code ("IRC"). An employee becomes eligible to participate upon attaining age 18 and completing 80 Hours of Service within the one-month period following the employee’s Employment Commencement Date. If the employee does not complete 80 Hours of Service during that period, the employee satisfies the service requirement upon completing one Year of Service, generally requiring 1,000 Hours of Service during the applicable Eligibility Computation Period. Participation begins on the applicable Entry Date under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, eligible employees may elect to have a percentage or specified dollar amount deducted from their eligible compensation, as defined by the Plan. Participant contributions may be made on a pre-tax basis. Eligible employees are automatically enrolled at a pre-tax deferral rate of 3% unless they make a contrary election. The automatic deferral percentage increases by 1% each Plan Year until it reaches 10% of compensation, unless the participant makes a different election. Participants who are age 50 or older may also make catch-up contributions as permitted by the IRC. Participants may make rollover contributions of amounts distributed from other qualified retirement plans.

The Company makes matching contributions to the Plan on behalf of eligible participants. The amount of the matching contributions is equal to 50% of participant contributions up to 6% of eligible compensation not to exceed $125 per pay period per employee. Employer matching contributions recognized during 2025 totaled $485,614, net of forfeitures used to reduce employer contributions.

1. Description of Plan (Continued)

Participant Accounts

Participants direct the investment of their account balance into various investment options offered by the Plan and can change their investment options at any time subject to the terms of the funding vehicles. Each participant's account is credited with the participant's contributions and allocations of employer matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses under the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided solely from the participant's vested account.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants vest in the Employer matching contributions plus actual earnings thereon as per the following schedule:

Years of Service	Vested percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

1. Description of Plan (Continued)

Forfeitures

In the event that a participant terminates before becoming fully vested in his or her account balance, the non-vested portion of the participants' account balances will be forfeited as of the termination date. Forfeitures of terminated non-vested accounts will be used to reduce future employer contributions made to the Plan or used to pay any administrative expenses of the Plan. At December 31, 2025 and 2024, forfeited nonvested amounts totaled $51,965 and $48,405. Employer matching contributions of $578,947 were reduced by $93,333 of forfeitures; accordingly, employer contributions recorded for 2025 totaled $485,614.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance and bear interest at the prime rate plus one percent. Loan repayments generally must be made over a term not exceeding five years; principal-residence loans may have a repayment term of up to 15 years. Principal and interest are paid ratably through periodic payroll deductions.

Withdrawals and Benefit Payments

The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account. Benefits may be distributed upon retirement, disability, death, or other separation from service. Distributions may be made in a form permitted under the Plan, including a lump-sum payment. The Plan also permits certain in-service withdrawals, including withdrawals after a participant attains age 59½ and hardship distributions, subject to the applicable Plan requirements. If a terminated participant's vested account balance is $5,000 or less, the Plan may make a mandatory distribution in a single lump-sum cash payment. If the vested account balance exceeds $1,000 and the participant does not elect to receive the distribution or make a direct rollover, the amount is automatically rolled over to an individual retirement account.

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan follows U.S. GAAP guidance on fair value measurements, which establishes a three-level fair value hierarchy based on the inputs used to measure fair value. Level 1 inputs are unadjusted quoted prices in active markets for identical assets. Level 2 inputs include observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or other market-corroborated inputs. Level 3 inputs are unobservable inputs. Investments measured using net asset value ("NAV") per share, or its equivalent, as a practical expedient are not classified within the fair value hierarchy.

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Mutual funds are valued at the daily closing NAV reported by the respective funds. Variable annuity accounts are valued using unit values reported by the insurance company, based on the value of the underlying investments and the applicable contract terms. Common/collective trusts are valued at NAV per unit as reported by the respective trustees, and NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is probable that an investment will be sold for an amount different from its reported NAV. The insurance company general account is reported at contract value, which represents contributions plus credited interest, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan origination and administration fees, when assessed, are charged directly to the applicable participant. Loan origination fees are deducted from the related loan proceeds. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 29, 2026.

3. Information Certified by Qualified Institutions

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions.

4. Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

Assets at Fair Value as of December 31, 2025	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 6,817,613	$ -	$ 6,817,613
Variable annuity accounts	12,938,031	-	12,938,031
Common collective trusts	-	18,162,097	18,162,097
	$19,755,644	$18,162,097	$37,917,741

Assets at Fair Value as of December 31, 2024	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	$18,242,128	$ -	$18,242,128
Variable annuity accounts	7,182,691	-	7,182,691
Common collective trusts	-	6,670,738	6,670,738
	$25,424,819	$ 6,670,738	$32,095,557

4. Investments (Continued)

* In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Insurance Company General Account

The Plan has a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America ("Empower"), known as the EI Fixed Account – Series Class III, for 2025 and 2024. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Empower is contractually obligated to repay principal and credit interest to the Plan in accordance with the terms of the contract. The crediting interest rate is based on the earnings of the underlying assets in the applicable general account portfolio, the minimum interest crediting rate specified in the contract, and prevailing market conditions. The crediting interest rate is reset quarterly.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the investment contract. The investment contract is presented on the statements of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024, was $3,978,394 and $3,475,981, respectively. The average crediting interest rate was 1.95% and 1.91% for 2025 and 2024, respectively. The crediting interest rate is reviewed and reset quarterly.

5. Insurance Company General Account (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In the event of a Plan termination or certain other employer-initiated events, the Plan may not be entitled to an immediate payment of the full contract value. Depending on the applicable terms of the contract, settlement may be subject to a market value adjustment or payment of the contract value over a specified book-value installment period. Accordingly, the amount or timing of settlement for such Plan-initiated transactions may differ from the contract-value treatment generally applicable to participant-initiated transactions.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

6. Common/Collective Trusts

The Plan invests in common/collective trusts (“CCTs”), including MFS International Equity CIT CL CT; T. Rowe Price Retirement Hybrid Trusts with target retirement dates ranging from 2010 through 2065; NT Collective ACWI Ex US IMI DC; Cohen & Steers U.S. Realty Fund Class CT; Boston Partners Small Cap Value II EQ D; NT Collective Russell 2000 Index DC NL CT; NT Collective S&P 400 Index DC NL CT; MFS Mid Cap Growth CIT CL CT; and NT Collective Agg Bond NL Tier CT.

6. Common/Collective Trusts (Continued)

The fair value of each CCT is determined based on the net asset value ("NAV") per unit of the respective trust. Unit values are generally determined daily, and purchases and redemptions are processed in accordance with the terms of the respective trusts. Net investment income and realized and unrealized gains and losses of the underlying investments are reflected in the unit value rather than distributed separately to participants.

The MFS common/collective trusts require five business days' advance written notice for plan-directed withdrawals. The remaining CCTs are subject to the applicable redemption provisions and other terms of the respective trusts. The Plan had no unfunded commitments related to these investments as of December 31, 2025 and 2024.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Tax Status

The Company has adopted a pre-approved plan document for which the Internal Revenue Service issued an opinion letter dated November 14, 2022, concluding that the form of the pre-approved plan is acceptable under the applicable provisions of the Internal Revenue Code ("IRC"). Plan management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Party-in-Interest Transactions

Certain Plan investments are managed or issued by Empower Annuity Insurance Company of America or its affiliates, which are parties in interest to the Plan. Accordingly, the related transactions constitute party-in-interest transactions.

Certain employees of the Company may also be participants in the Plan and perform administrative services to the Plan at no cost to the Plan.

Participants who are active employees may borrow from their Plan accounts. Such loans qualify as exempt party-in-interest transactions under ERISA and are reported as notes receivable from participants in the statements of net assets available for benefits.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
