Plan Administrator
First National Bank Alaska Profit Sharing and 401(k) Plan
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of First National Bank Alaska Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the First National Bank Alaska Profit Sharing and 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan began on January 1, 1999 and was restated in its entirety effective September 1, 2022. The Plan restatement had no impact to the financial statements. The Plan was amended in 2024 with no material impact to the financial statements. The Plan is a defined contribution plan that covers substantially all employees of First National Bank Alaska (the Bank) who are 18 years old or older. There are no excluded employees for purposes of making salary deferrals to the Plan and for receiving matching contributions. Excluded employees are not entitled to receive employer discretionary profit sharing contributions under the Plan. Excluded employees are employees who are employed solely as directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: For salary deferral contributions and matching contributions, the participant's entry date to the Plan is the first pay period following the date that the minimum age requirement is met. The entry date for discretionary profit sharing contributions is the first day of the Plan year during which the eligibility requirements are satisfied. The Plan provides for automatic enrollment and automatic escalation of pre-tax contributions of participants who do not elect to opt out of participation. Automatically enrolled participants have their deferral rate set at 3.5% of eligible compensation and their contributions invested in a designated target date fund until changed by the participants. The deferral rates of all eligible active participants are increased by 1% each year, up to a maximum deferral rate of 15%, until changed by the participants. Participants may make salary deferral contributions to the Plan up to the lower of 50% of compensation or the maximum allowed by law, which was $23,500 in 2025 and $23,000 in 2024. Participants are also permitted to make contributions to the Plan on an after-tax basis. Participants over age 50 were permitted to make catch-up contributions up to a maximum amount of $7,500 in 2025 and 2024. The catch-up contributions are allowed in addition to the maximum deferral amounts. The Bank made matching contributions of 100% on the first 6% of a participant's compensation. To be eligible for the employer's matching contributions, the participant must complete at least one hour of service during the year. Eligible participants may also contribute amounts representing distributions from other qualified plans. Additional profit sharing amounts may be contributed at the option of the Bank's board of directors. To be eligible for the profit sharing contribution, the participant must have completed one year of service and be employed at the end of the year. The profit sharing contribution for the years ended December 31, 2025 and 2024 was $0. The Plan offers thirty-four mutual fund options and one fixed annuity option for participants to direct contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's matching contribution and (b) Plan earnings. Participant account balances are also adjusted annually for a pro-rata share of the Bank's discretionary contribution, if any, determined by the percentage, which the participant's annual compensation bears to the total annual compensation for all participants eligible to share. Allocations of Plan earnings are based on each participant's earnings with the fund that the participant elects. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a distribution in installments or as a lump sum pursuant to the election of the participant. Upon termination of a participant's employment for any reason other than disability, retirement, or death, the participant becomes entitled to a distribution that may be paid to the participant in installments or as a lump sum equal to the value of the participant's vested interest in his or her account. A terminating participant can elect to keep his or her fund in the account, but may not make any future contributions. Upon attaining the age of 59 1/2, participants are eligible to receive in-service distributions of all vested balances.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts plus actual earnings thereon is based on years of credited service as follows:

Completed Years of Service	Percentage Vested
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five	100%

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested 401(k) account balance, whichever is less. The loans are secured by the balance in the participant's account and the interest rate is 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month before the loan is originated. Principal and interest are paid ratably through bi-weekly payroll deductions. Loans are to be repaid within five years unless they are used to purchase a participant's principal residence, in which case loans are to be repaid within thirty years.

Expenses: Investment management fees are paid from the Plan participants' accounts.

Forfeited Accounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $97,281 and $109,603, respectively. Employer contributions were reduced by $107,256 and $94,155 from forfeited nonvested accounts for the years ended December 31, 2025 and 2024, respectively. Forfeitures may be used to pay Plan expenses as well as reduce nonelective contributions or matching contributions. These accounts are used to offset the employer match.

Excess Contributions: Excess contributions represent amounts withheld from participants in excess of Internal Revenue Code (IRC) limitations that were refunded to participants. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan. No excess contributions were made during the Plan years ended December 31, 2025 or 2024.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals: Under certain conditions, participants, while still employed by the Bank, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, domestic abuse, or to prevent eviction or foreclosure from the participant's principal residence.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Income Recognition: Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis.

Investment Valuation: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See note 4 for discussion on the contract value investment and note 5 for discussion of fair value measurements.

Net Appreciation (Depreciation) in Fair Value of Investments: Net appreciation (depreciation) in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Subsequent Events: The Plan has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contribution and earnings thereon.

(Continued)

NOTE 4 – INVESTMENT IN INSURANCE FUND

As of December 31, 2025 and 2024, the Plan holds a fully-benefit responsive group annuity contract with Empower Annuity Insurance Company of America. The Empower Select Guaranteed Fund is a group annuity contract and is a general account product of Empower Annuity Insurance Company of America. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate and prevailing market conditions. The interest crediting rate is reset quarterly. As described in Note 2, contract value is the relevant measurement attribute for this fund.

Certain events limit the ability of the Plan to transact at contract value with Empower Annuity Insurance Company of America. Such events include premature termination of the contracts by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable. There are no reserves against contract value for credit risk of Empower Annuity Insurance Company of America or otherwise. The average yield earned by the Plan of 2.40% for 2025 and 2.36% for 2024 is derived by averaging the Plan's quarterly interest rates.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds: The fair values of mutual fund investments are based upon the closing net asset value per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as of December 31, at fair value on a recurring basis:

	Level 1	Level 2	Level 3	Total
2025				
Investments - Mutual Funds	$117,870,573	$ -	$ -	$117,870,573

	Level 1	Level 2	Level 3	Total
2024				
Investments - Mutual Funds	$108,765,184	$ -	$ -	$ 108,765,184

NOTE 6 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the certifying entities. The certifying entities were Empower Trust Company, LLC (the trustee of the Plan) and Empower Annuity Insurance Company of America as of and for the years ended December 31, 2025 and 2024.

(Continued)

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service has issued an opinion letter effective November 14, 2022 indicating that the non-standardized pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan has been amended since receiving the last opinion letter. The plan administrator believes that the Plan is currently designed and being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment fund options, which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonable that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan. The Plan holds units of a guaranteed investment contract with Empower Annuity Insurance Company of America. Parties in interest include Gallagher Benefit Services, Empower Trust Company, LLC, and Empower Annuity Insurance Company of America. Total fees paid to the parties in interest were $177,206 and $166,648 in 2025 and 2024, respectively.
