Independent Auditor's Report

To the Board of Trustees of
AECI Charter Schools Network 401(k) Plan
Bronx, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of AECI Charter Schools Network 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AECI Charter Schools Network 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AECI Charter Schools Network 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AECI Charter Schools Network 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AECI Charter Schools Network 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AECI Charter Schools Network 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of AECI Charter Schools Network 401(k) Plan (the "Plan") is provided only for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

AECI Charter Schools Network (formerly NYC Charter High School for Architecture, Engineering & Construction Industries) sponsors a defined contribution retirement plan established in 2009. The Plan was amended and restated effective January 1, 2023, to reflect the updated Plan Sponsor name and other relevant information. Eligible employees may participate upon attaining age 21. There is no minimum service requirement for participation with respect to salary deferrals, and eligible employees enter the Plan on the first day of the month next following satisfaction of the eligibility requirements. The Plan is a qualified defined contribution plan under the Internal Revenue Code of 1986 and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Benefits under the Plan are based on contributions and the performance of the Plan's investments.

Contributions

Participants may elect to make pre-tax salary deferrals up to the applicable limits under the Internal Revenue Code. Participants who satisfy the applicable age requirements may also make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. Roth elective deferrals were not permitted under the Plan during the year ended December 31, 2025.

The Sponsor makes contributions according to the safe harbor method. The Sponsor makes an enhanced safe harbor matching contribution equal to 100% of salary deferrals up to 4% of Plan compensation. The safe harbor matching contribution is 100% vested. For the year ended December 31, 2025, the Sponsor made safe harbor matching contributions of $307,033 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and rollovers, allocations of the Plan Sponsor's safe harbor matching contributions and Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and in the Plan Sponsor's safe harbor matching contributions, plus actual earnings thereon. Safe harbor contributions are 100% vested under the Plan.

Note 1 Description of Plan – (continued)

Investment Options
Participants may direct the investment of their accounts among the investment options made available under the Plan. The Plan's assets are held in trust by Capital Bank and Trust Company, which serves as trustee of the Plan. The Plan currently offers various mutual funds and a stable value fund.

Notes Receivable from Participants
Participants may borrow from their accounts subject to certain restrictions under the Plan. Loans must be for a minimum of $1,000. The maximum number of Plan loans that a participant may have outstanding at any given time is two. All loans to participants are limited to the lesser of $50,000, reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period, or 50% of the participant's vested account balance.

Loans, together with the interest required to be paid thereon, generally must be repaid by ratable payroll deductions within five years. Loans used for the purchase of a participant's principal residence may be repaid over a longer period, not to exceed ten years. The interest rate charged on participant loans is equal to the prime interest rate plus 1%. Loans bear a fixed rate of interest for the duration of the loan (interest rates range from 4.25% to 9.50%).

Payment of Benefits
Upon termination of employment, a participant may receive the participant's vested account balance as a lump-sum distribution. The Plan Administrator may also permit partial or installment distributions to the extent necessary to satisfy required minimum distribution requirements. Distributions may generally be made in cash, through a direct rollover, or a combination thereof, in accordance with the Plan provisions.

Hardship Withdrawals
The Plan permits hardship distributions from eligible participant accounts upon satisfaction of the safe harbor hardship distribution requirements set forth in the Plan.

Note 1 Description of Plan – (continued)

Forfeited Accounts
The Plan may maintain unallocated forfeiture balances in accordance with the provisions of the Plan. Such forfeitures are available for use in accordance with the Plan's provisions and are not allocated to individual participant accounts. The Plan document provides for the treatment of forfeitures, including their application to employer contributions or Plan expenses, as applicable.

At December 31, 2025, the Plan's investments included $100,129 invested in a stable value fund. Included in this amount was approximately $517 of unallocated forfeitures available for future use. Forfeitures are included in investments for financial statement presentation purposes and are not allocated to participants' accounts. The total forfeiture balance available for future use was $517 as of December 31, 2025.

Plan Amendment
On November 18, 2025, the Sponsor executed an amendment to the Plan effective January 1, 2026. The amendment permits Roth elective deferrals and in-plan Roth conversions beginning January 1, 2026.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and realized gains or losses on investments sold during the year.

Note 2 Summary of Significant Accounting Policies – (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant fails to make loan repayments and the Plan Administrator deems the participant loan to be in default, under certain circumstances, the loan that is in default may be considered a distribution from the Plan and could be considered taxable income to the participant.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Note 3 Information Prepared and Certified by Trustee

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Capital Bank and Trust Company (a qualified institution) (the "Trustee"), except for comparing such information with the information reported in the financial statements. Based on the information provided and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2025 and 2024. Accordingly, the Trustee of the Plan assets has certified the completeness and accuracy of:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024, respectively.

- Net appreciation in fair value of investments and interest and dividend income on investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Investments as listed in the accompanying Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at measurement date.

- Level 2 – Inputs to the valuation methodology include:
  (1) quoted prices for similar assets or liabilities in active markets;
  (2) quoted prices for identical or similar assets or liabilities in inactive markets;
  (3) inputs other than quoted prices that are observable for the asset or liability;
  (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Stable Value Fund – Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Mutual Funds – Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds publish a daily net asset value and transact at that price. Accordingly, the mutual funds held by the Plan are considered actively traded and are classified as Level 1 investments.

Note 4 Fair Value Measurements – (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

Investments	*Quoted Prices in Active Markets for Identical Assets (Level 1)*	*Significant Other Observable Inputs (Level 2)*	*Significant Unobservable Inputs (Level 3)*	*Total Fair Value*
Mutual funds	$ 6,563,971	$ -	$ -	$ 6,563,971
Stable value fund *				100,129
Total Investments, at fair value				$ 6,664,100

December 31, 2024

Investments	*Quoted Prices in Active Markets for Identical Assets (Level 1)*	*Significant Other Observable Inputs (Level 2)*	*Significant Unobservable Inputs (Level 3)*	*Total Fair Value*
Mutual funds	$ 5,044,248	$ -	$ -	$ 5,044,248
Stable value fund *				25,116
Total Investments, at fair value				$ 5,069,364

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 Fair Value Measurements – (continued)

Investments measured using the Net Asset Value per Share Practical Expedient
The following tables summarize investments measured at fair value based on net asset value per share practical expedient:

	December 31, 2025			
	Fair Value measured at NAV	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value fund	$ 100,129	N/A	Daily	1 Day
Total	$ 100,129			

	December 31, 2024			
	Fair Value measured at NAV	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value fund	$ 25,116	N/A	Daily	1 Day
Total	$ 25,116			

Note 5 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 6 Party-in-Interest Transactions

Certain Plan investments consist of shares of mutual funds in the American Funds family. Capital Research and Management Company, the investment adviser to the American Funds, and Capital Bank and Trust Company, the Plan's trustee, are affiliated entities of The Capital Group Companies, Inc. Accordingly, transactions involving these investments qualify as party-in-interest transactions under ERISA. Notes receivable from participants also constitute party-in-interest transactions. These transactions are exempt from the prohibited transaction provisions of ERISA when conducted in accordance with applicable requirements.

Note 7 Tax Status

On June 30, 2020, the Internal Revenue Service issued a favorable opinion letter with respect to the pre-approved plan document adopted by the Plan, stating that the form of the plan is acceptable under Section 401 of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, no further contributions shall be made to the Plan, and each participant will be fully vested as to their account balance.

Note 9 Subsequent Events

Subsequent events were evaluated through September 23, 2026, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures.
