INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Committee of
Ferguson Construction Company 401(K) Plan for Operations

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits the accompanying financial statements of Ferguson Construction Company 401(K) Plan for Operations, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the Related Statement of Changes in Net Assets available for benefits as of December 31, 2025, and the related Notes to the Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ferguson Construction Company 401(K) Plan for Operations financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information), supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

· the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

· the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ferguson Construction Company 401(K) Plan for Operations and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ferguson Construction Company 401(K) Plan for Operations ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ferguson Construction Co 401k Plan Audit internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ferguson Construction Co 401k Plan Audit's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H - Schedule of Assets Held for Investment Purposes are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ferguson Construction Company
401(K) Plan for Operations
Notes to Financial Statements

Note 1 - Description of the Plan:

The following description of the Ferguson Construction Co. (Company) 401(K) Plan for Operations (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all full-time employees of the Company who have completed six months of service and are age eighteen or older, and are hourly employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute up to the maximum allowable under the tax law of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employee deferrals for the years ended 2025 and 2024 were $695,400 and $626,789, respectively. Effective January 1, 2022, the Company matches up to 4% of compensation, with no limit for employees who participate. The Company matches for 2025 and 2024 were $368,888 and $344,726, respectively. A discretionary profit sharing contribution may be contributed at the option of the Company's board of directors. The Company made a discretionary profit sharing contributions of $608,017 and $407,408 for the years ended 2025 and 2024, respectively.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of (1) the Company's contributions and (2) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of service.

Investment Options
Upon enrollment in the Plan, a participant may direct employee contributions to several investment options.

Loans to Participants
Participant loans are not permitted.

Note 1 - (Continued)

Payment of Benefits
On termination of service, a participant will receive a lump-sum amount equal to the value of his or her vested interest in his or her account.

Forfeited Accounts
At December 31, 2025 and 2024 there were $65,577 and $58,460 of forfeited nonvested accounts, respectively. These accounts were used to reduce future employer contributions. In 2025 and 2024, employer contributions were reduced by $50,773 and $59,344 respectively.

Plan Expenses
Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Note 2 - Summary of the Accounting Policies:

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held in Guaranteed Interest Funds are valued at fair value, which represents contributions, reinvested income, less any withdrawals plus accrued interest. Fair value is adjusted to contract value on the financial statements. Interest rates approximate market rates. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payments of Benefits
Benefits are recorded when paid.

Subsequent Events
For the year ended December 31, 2025, the Company has evaluated subsequent events for potential recognition and disclosure through August 5, 2026, the date the financial statements were available to be issued.

Note 3 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4 - Tax Status:

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has obtained a favorable determination letter from the Internal Revenue Service and the Plan sponsor believes that the plan continues to qualify and to operate as designed.

Note 5 - Risks & Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 - Information Prepared and Certified by Trustee:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	12/31/2025	12/31/2024
Investments, at fair value:		
Mutual funds	$ 14,418,893	$ 13,394,844
Held in insurance company general accounts - unallocated	123,014	90,130
Investment income	2,044,708	1,445,078

Note 7 - Related Party and Party in Interest Transactions:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of a money market account managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the Custodian defined by the Plan and, therefore, these transactions qualify, as party in interest transactions.

Note 8 - Market Conditions:

Changes in investment returns and fair values can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact declines are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

Note 9 - Fair Value Measurements:

Generally Accepted Accounting Principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Generally Accepted Accounting Principles are described below:

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

As required by Generally Accepted Accounting Principles, a financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Level 2 Transamerica Stable Value fund is considered fairly stated at contract value.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Group Annuity Contract	$ -	$ 123,014	$ -	$ 123,014
Mutual Funds	14,418,893	-	-	14,418,893
Total	$ 14,418,893	$ 123,014	$ -	$ 14,541,907

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Group Annuity Contract	$ -	$ 90,130	$ -	$ 90,130
Mutual Funds	13,394,844	-	-	13,394,844
Total	$ 13,394,844	$ 90,130	$ -	$ 13,484,974

Note 10 - Investment Contract with Insurance Company:

The Transamerica Stable Value Advantage Account is a stable value fund that invests in the general account of the insurance company issuing the contract that offers the particular Stable Value Advantage Option investment choice. Assets held in the Stable Value Advantage Account are commingled with the assets in the insurance company general account. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Accordingly, the contract value is the fair market value to be disclosed. In addition:

A. The Stable Value Advantage Option investment choice is a non-tradable obligation of Transamerica. Thus, the investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica Life Insurance Company.
B. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable - for example, a significant decline in creditworthiness of Transamerica, the Stable Value Advantage Option investment choice may no longer be considered fully benefit-responsive.
C. The terms of Transamerica Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan.
D. Since the Stable Value Advantage Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value with Transamerica and participants holding the investment is not probable.
E. The Stable Value Advantage Option investment choice allows participants reasonable access to their assets in it.
