To the Management of
MSB/BWS 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the MSB/BWS 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statement or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to period examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section–

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respect, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan

and to meet our other ethical responsibilities in accordance with the relevant ethical requirement relating to relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MSB/BWS 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments: administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MSB/BWS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the MSB/BWS 401(k) Plan (the "Plan") provides only general information. Reference should be made to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Mike Schaap Builders, Inc. and Benchmark Wood Studio, Inc. (the "Company") who have met the service requirements of the plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions – Each year, participants may contribute up to 100% of the participant's pre-tax annual compensation during the pay period, as defined in the Plan, not to exceed the maximum allowed by ERISA and IRS regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants have the option to elect after-tax salary deferrals to a Roth 401(k). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is a safe harbor 401(k) plan which is a plan design in which the Employer commits to making contributions to the Plan. During the year ended December 31, 2025 and 2024, the safe harbor matching contribution was equal to 3% of employee compensation for the portion of the plan year that an employee was an active participant of the plan. Eligibility for the Plan occurs after the employee has completed 60 days of service and is age 18 or older. Contribution maximums are subject to certain IRS limitations. The employer may also do discretionary contributions to all eligible plan participants on the last day of the plan year. This amount will not exceed 5.7% of annual pay.

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Company's safe harbor nonelective contributions, and Plan earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans – The Plan does not permit participants to take loans from the Plan.

Termination of the Plan – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to certain provisions set forth in the Plan. In the event of Plan termination, participants will become fully vested in their accounts.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. The safe harbor matching contribution is immediately 100% vested. Annual discretionary matching contributions are also allowed. Employer discretionary contributions vest over a period of 5 years, staring at 0% for less than one year, and reaching 100% after 5 years of service

Payment of Benefits – Generally the Plan does not permit the payment of any benefits, unless the participant has terminated employment with the Company, attained the age of 59½ or in the event of death or disability. Participants who terminate may generally receive their vested benefits in a lump sum payment. Additionally, hardship withdrawals are available to current employees who qualify.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts – The Plan provides that the nonvested portion of a participant's account is forfeited upon five consecutive one-year breaks in service in accordance with the Plan's vesting provisions. Forfeitures may be used to reduce employer contributions, pay plan expenses, or be reallocated to participants' accounts. Forfeiture activity was as follows for the years ended December 31, 2025 and December 31, 2024.

	2025	2024
Forfeiture balance, beginning of year	$ -	$ -
Current-year forfeitures	-	-
Forfeitures used to reduce employer contributions	-	-
Forfeiture balance, end of year	$ -	$ -

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for stable value funds and fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Common collective trusts do not have readily determinable fair values and are measured using net asset value as a practical expedient, as reported by the trustee or fund manager. The net asset value is based on the fair value of the underlying investments held by the trust, less its liabilities. Participant transactions in common collective trusts are executed at the fund's reported net asset value per unit.

Stable value funds and fully benefit-responsive investment contracts are reported at contract value. Contract value is equal to the principal balance of the investment contract, plus accrued interest or credited earnings, less participant withdrawals, transfers, and applicable fees. Contract value is the amount participants would receive for permitted transactions under the terms of the Plan and is the basis for measuring the Plan's investment in fully benefit-responsive investment contracts in the Statement of Net Assets Available for Benefits. The Plan's stable value investments generally provide for a stated crediting rate and preservation of principal, subject to the terms of the underlying investment contract or fund agreement. These funds are intended to provide participants with a stable return and principal preservation. The investment contract is fully benefit-responsive because it permits participant-initiated withdrawals at contract value for eligible transactions under the terms of the Plan.

Certain events may limit the ability of the Plan to transact at contract value or may permit the issuer to terminate the contract at an amount different from contract value. Such events may include, but are not limited to, a material amendment to the Plan, complete or partial plan termination, failure of the Plan or trust to qualify for exemption from federal income taxes, employer-initiated events that significantly affect the Plan's normal operations, or other events specified in the investment contract. Management believes the occurrence of events that would limit the Plan's ability to transact at contract value is not probable as of December 31, 2025.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation on investments held at year-end.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS, if any, are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants prior to March 15 of the following year. For the plan years ended December 31, 2025 and 2024, there were no excess contributions.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain investment advisory and services provider fees are paid directly from Plan assets. Other administrative expenses of maintaining the Plan are paid by the Company. The amounts paid from Plan assets for the years ended December 31, 2025 and 2024 were $10,290 and $11,886, respectively. Expenses paid from Plan assets are allocated to participant accounts.

Certified Investments – Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company, the custodian and trustee of the Plan.

Subsequent Events – The Plan has evaluated subsequent events through September 15, 2026, the date the financial statements were available to be issued.

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Principal (Mutual Funds): Investments in the funds are valued using unit values to arrive at the valuation for accounts. The financial trend should be the same as the net asset value (NAV) per share at the close of each business day as reported by each mutual fund. The mutual funds held by the Plan are held in the Principal Trust Company custodial platform.

Principal (Collective Trust): Investments in the collective trust are valued at the net asset value (NAV) per share, calculated daily by the fund manager based on the underlying investments.

Principal (Pooled Separate Accounts): Investments in the pooled separate accounts are valued at the net asset value (NAV) per share, calculated daily by the fund manager based on the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025				
	Level 1	*Level 2*	*Level 3*	*Net Asset Value*	*Total*
Assets at Fair Value:					
Principal - Mutual Funds	$ 3,984,349	$ -	$ -	$ -	$ 3,984,349
Principal - Pooled Separate	-	81,382	-	-	81,382
Investments using NAV as a practical expedient:					
Principal - Common Collective Trust	-	-	-	4,660,572	4,660,572
Total Investments in Securities	$ 3,984,349	$ 81,382	$ -	$ 4,660,572	$ 8,726,303

	Assets at Fair Value as of December 31, 2024				
	Level 1	*Level 2*	*Level 3*	*Net Asset Value*	*Total*
Assets at Fair Value:					
Principal - Mutual Funds	$ 3,282,417	$ -	$ -	$ -	$ 3,282,417
Principal - Pooled Separate	-	57,739	-	-	57,739
Investments using NAV as a practical expedient:					
Principal - Common Collective Trust	-	-	-	3,632,319	3,632,319
Total Investments in Securities	$ 3,282,417	$ 57,739	$ -	$ 3,632,319	$ 6,972,475

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025 there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain parties that provide services to the Plan are parties in interest as defined by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Principal Life Insurance Company serves as the Plan's administrator. Accordingly, transactions with Principal Life Insurance Company qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to Principal Life Insurance Company for the years ended December 31, 2025 and 2024 amounted to $10,290 and $11,886, respectively.

This party-in-interest transaction is exempt from the prohibited transaction rules of ERISA.

NOTE 6: TAX STATUS

The Plan is qualified and has received a determination letter from the IRS, dated June 30, 2020, stating that the Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7: INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2025 and 2024, and investment income and changes in fair value for the years ended December 31, 2025 and December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, the custodian of the Plan's assets and a qualified institution, in accordance with 29 CFR §2520.103-8.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS WITH FORM 5500 SCHEDULE H

Following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for plan benefits per the financial statements	$ 9,050,327	$ 7,274,805
Employer Contribution Receivable	(390)	-
Net assets available for plan benefits per the Form 5500	$ 9,049,937	$ 7,274,805

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2025 to Form 5500:

Employer contributions per the financial statements	$ 262,417
Add: Employer contributions receivable at beginning of year	-
Less: Employer contributions receivable at end of year	(390)
Employer contributions per Form 5500	$ 262,027

NOTE 9: RECLASSIFICATION

Certain amounts shown on the financial statements for December 31, 2024 have been reclassified to conform with the December 31, 2025 presentation in order to provide a more meaningful basis for comparison.
