INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Cambridge Brands, Inc. Retirement & Savings Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cambridge Brands, Inc. Retirement & Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cambridge Brands, Inc. Retirement & Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cambridge Brands, Inc. Retirement & Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cambridge Brands, Inc. Retirement & Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cambridge Brands, Inc. Retirement & Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cambridge Brands, Inc. Retirement & Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Cambridge Brands, Inc. Retirement & Savings Plan (the "Plan") is provided for general information purposes only. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Cambridge Brands, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Cambridge Brands, Inc. is a wholly-owned subsidiary of Tootsie Roll Industries, LLC (the "Parent"). The Plan is commonly managed with the other plans of the Parent. All full-time, permanent employees, as defined in the plan document, are eligible to participate in the Plan immediately upon their date of hire. Eligibility for Company match and discretionary contributions requires completion of one year of service. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Contributions - Each year, participants may contribute up to 100% of annual compensation (salary reduction contributions), on a pretax or post-tax basis, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company is required to match 100% of the first 3% of the participant's compensation that a participant contributes to the Plan. Additionally, the Company may make discretionary contributions on behalf of all eligible employees. During 2025 and 2024, the Company made discretionary contributions in an amount equal to 4% of their annual compensation up to the Social Security taxable wage base and 8% in excess of this base. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, and an allocation of the Company's contributions and plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $8,364 and $6,083, respectively. These accounts can be used to reduce future Company contributions. During the year ended December 31, 2025, $20,607 of the forfeited nonvested accounts were used to reduce employer contributions.

Participant Loans – Participant loans are not permitted.

Administrative Expenses – The Company has borne substantially all of the Plan’s administrative expenses.

Vesting – Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Company matching contributions and earnings thereon vest in accordance with provisions of the plan document as follows:

Vesting Years of Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Participants that leave the Plan because of death, normal retirement or total and permanent disability, as defined in the Plan, are considered 100% vested.

Payment of Benefits – Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or partial withdrawal. In-service distributions are allowed if the participant has reached age 59-1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document. Terminated participants with balance below the plan's mandatory distribution threshold may be distributed in accordance with the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Benefit Recording – Benefits are recorded when paid.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The mutual funds held by the Plan are deemed to be actively traded.

The Plan holds a unit interest in the Voya Stable Value Option, a pooled separate account, whose only underlying investment is the "Quality Fund II" (the "Fund"). The Fund has imbedded guaranteed investment contracts which are fully benefit responsive as well as other publicly traded fixed income securities. The statements of net assets available for benefits present the investment using the net asset value (“NAV”) practical expedient in accordance with Accounting Standards Codification 820, as amended by Accounting Standards Update 2015-07. The Fund is presented at fair value, which is based on participation units owned and the NAV of the funds on the last business day of the Plan year. The NAV is based on the fair value of the underlying investments held by the Fund, plus cash balances and accruals, less any liabilities. Participant transactions (issuances and redemptions) may occur daily.

Should the plan elect to exit the contract, the Plan can withdraw in cash its pro-rata share of the market value of the underlying assets held in the account by providing a 30 day notification. Plan administration believes termination of the contract is not probable.

There were no unfunded commitments and no redemption limitation or notice periods, but the issuer is allowed to terminate the contract with the fund and settle at an amount different from contract value at any time if required by federal or state law; or if there are any potential or actual adverse financial effects to the contract resulting from any change(s) in plan provisions, the administrative services of the Plan, or investment options offered by the Plan.

3. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

5. AMOUNTS OWED TO PARTICIPANTS WITHDRAWING FROM THE PLAN

There are no amounts owed to participants who have withdrawn from the Plan as of December 31, 2025 and 2024 that have not been paid and therefore included in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles associated with fair value measurements and disclosure. Generally accepted accounting principles define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1	- quoted prices in active markets for identical assets or liabilities;
Level 2	- inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or
Level 3	- unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The following valuation methods and assumptions were used by the Plan in estimating the reported values for the investments described:

Mutual funds: Mutual funds are reported at quoted market prices in active markets.

Separate account funds and Common Collective Trust (CCT) funds: Separate account and CCT funds are reported at NAV, as provided by the trustee of the Fund.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,665,788	$ -	$ -	$ 9,665,788
Stable Value Option (a)				9,337,586
Common Collective Trusts (a)				7,262,678
				$ 26,266,052

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,767,591	$ -	$ -	$ 9,767,591
Stable Value Option (a)				9,748,095
Common Collective Trusts (a)				5,753,545
				$ 25,269,231

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the year ended December 31, 2025, there were no transfers in or out of Level 1, Level 2 or Level 3.

7. INVESTMENTS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table presents the fair value of investments held at December 31, 2025 and 2024 and the investment activity for the year ended December 31, 2025.

	2025	2024
Investments	$ 26,266,052	$ 25,269,231

	Year ended December 31, 2025
Net appreciation in fair value of investments	$ 1,825,699
Interest and dividends	931,332
	$ 2,757,031

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

9. TAX STATUS

The Plan adopted a prototype defined contribution plan and trust sponsored by Voya Institutional Trust Company ("Voya"), which obtained its latest favorable opinion letter on June 30, 2020 from the Internal Revenue Service ("IRS"). The opinion letter states that the prototype plan constituted a qualified plan under Section 401 of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and continues to be operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt and therefore no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of

December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring through September 28, 2026, the date that the financial statements were available to be issued for events requiring recording or disclosure in the Plan's financial statements.
