INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Truesdell Corporation Savings/Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ***Truesdell Corporation Savings/Retirement Plan*** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRUESDELL CORPORATION
SAVINGS/RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the Truesdell Corporation (the "Company") Savings/Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan, established as of January 1, 2004, is a 401(k) profit sharing defined contribution plan covering all eligible employees of the Company. The Plan is available to all employees of the Company age 18 and older that have completed sixty days of service, except individuals classified as members of a collective bargaining unit who are not eligible for prevailing wage contributions and non-resident aliens. Participants have the ability to enter the Plan immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as the Plan administrator. The Plan has appointed John Hancock Life Insurance Company (U.S.A.) ("John Hancock") as the custodian.

Effective January 1, 2025, the Plan was amended to eliminate the service requirement specified above.

B. Contributions - Employees of the Company may elect to contribute to the Plan through Roth and tax-deferred salary deferrals up to 90% of their eligible compensation, as defined by the Plan, up to a statutory maximum determined by the Internal Revenue Service. The maximum elective deferral for the year ended December 31, 2025 was $23,500. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions up to $7,500 for the year ended December 31, 2025. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans.

The Company makes matching contributions to the Plan at its discretion. For the year ended December 31, 2025, the Company matched 25% of the first $2,000 of Roth or salary deferrals that a participant made and 15% of Roth or salary deferrals thereafter. Additionally, the Company may elect to make an annual profit-sharing contribution, contributions for each participant's prevailing wage service, qualified non-elective contributions and qualified matching contributions. For the year ended December 31, 2025, the Company made a profit-sharing contribution of approximately $105,000. For the year ended December 31, 2025, the Company did not make a qualified non-elective or qualified matching contribution.

C. Participant accounts - Each participant's account is credited with the participant's contributions, discretionary matching contributions and allocations of the Company's profit sharing, prevailing wage service, qualified non-elective, and qualified matching contributions, if any, and Plan earnings. Each participant's account is also charged with administrative expenses, in accordance with the Plan agreement. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the Plan (continued)

D. Vesting - Participants are immediately vested in the amounts they elect to defer, rollover contributions, prevailing wage contributions, qualified non-elective contributions, qualified matching contributions and any earnings or losses on such contributions. Any Company discretionary matching contributions and profit sharing contribution vest as follows:

Years of service	Percentage
<2	0%
2-3	20%
3-4	40%
4-5	60%
5-6	80%
>6	100%

Participants become 100% vested in their account balance upon reaching normal retirement age, total and permanent disability, death, or plan termination.

E. Forfeitures - At December 31, 2025, and 2024, there were $6,620 and $7,768, respectively, of forfeited non-vested amounts in the Plan. Any forfeited non-vested amounts will be used to pay reasonable Plan expenses or reduce future Company contributions, to the extent made by the Company. During the year ended December 31, 2025, forfeited non-vested amounts totaling approximately $18,000 were used to reduce Company contributions.

F. Notes receivable from participants - Participants may borrow the lesser of $50,000 or 50 percent of their vested account balances, with a minimum loan amount of $1,000. The loans are secured by the vested balances in the participants' accounts and bear interest at a fixed rate based on the U.S. prime rate at the time the loan is distributed. Loan repayments must be made through an established repayment schedule, not to exceed 5 years unless the entire proceeds are used to purchase the participant's primary residence, in which case the repayment period may extend to 15 years.

G. Payment of benefits - Upon termination of employment with the Company, participants are entitled to the vested portion of their account balances. If the participant's vested balance is not more than $5,000, the Plan administrator shall distribute the benefit in a lump sum either by cash distribution or rollover distribution. If the value of a terminated participant's vested account balance exceeds $5,000, the participant has the option to keep the vested amount in the Plan until the earlier of: (1) the date the participant reaches normal retirement age, (which is age 62 years), as defined in the Plan; (2) the date the participant consents in writing to receive a distribution (in a lump-sum or installments); or (3) termination of the Plan. These accounts share in the allocation of Plan income or loss. Participants are allowed to make hardship withdrawals from the Plan in certain situations, as defined in the Plan agreement.

H. Termination of the Plan - Although the Company has not expressed an intention to do so, they have the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants shall become 100% vested in their account balances.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The accompanying financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments in pooled separate accounts are reported at fair value as more fully described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefit payments to participants are recorded when paid.

Subsequent events - The Plan administrator has evaluated subsequent events through September 8, 2026, which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurement

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurement, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

(3) Fair value measurement (continued)

The following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts: Investments in sub-accounts of the Plan's group annuity contract with John Hancock are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of net asset value ("NAV"), which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed daily with a notice period of one day and had no unfunded commitments as of December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	$ -	$ -	$ -	$ 8,339,119

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	$ -	$ -	$ -	$ 7,078,170

* In accordance with FASB ASC 820, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(4) Information certified by the custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments
- Notes receivable from participants
- Interest income on notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-interest transactions

Certain Plan investments are managed by John Hancock; therefore, transactions with John Hancock qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock, the custodian of the Plan, were approximately $24,000 during the year ended December 31, 2025. There was also approximately $27,000 paid for administrative services to other parties during the year ended December 31, 2025.

(6) Risks and uncertainties

The Plan provides for various investment fund options, which invest in a variety of combinations of investment instruments. These investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

(7) Tax status

The Internal Revenue Service has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed the trustee of such in a letter dated June 30, 2020. The Plan administrator has adopted the prototype plan and although the Plan has been amended since receiving the letter, the Plan administrator and sponsor believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements as of December 31, 2025, to the form 5500:

Net assets available for benefits as reported in the financial statements	$ 8,398,286
Plus: Excess contributions refundable	44,816
Total net assets as reported on the Form 5500	$ 8,443,102

The following is a reconciliation of the net change in net assets as reported in the financial statements for the year ended December 31, 2025, to the form 5500:

Net increase in net assets as reported in the financial statements	$ 1,159,386
Plus: Excess contributions refundable	44,816
Net income as reported on the Form 5500	$ 1,204,202
