Piolax Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Piolax Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PIOLAX CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1 – Plan Description

The following description of the Piolax Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit-sharing plan established effective January 1, 1991, by Piolax Corporation (the Company or Plan Sponsor) to provide retirement benefits to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Upon meeting the entry date requirement, eligible employees may participate in the Plan as soon as administratively possible following the completion of 90 days of service with no minimum age requirement. Entry dates are January 1, April 1, July 1, and October 1.

Contributions

Each pay period, participants may elect to make deferral contributions of their pretax and after-tax compensation, as defined, subject to limitations as to the amount under the provisions of the Internal Revenue Service (IRS) ($23,500 for 2025). Participants age 50 and older whose elective contributions have reached the IRS limit are permitted under the Plan to make catch-up contributions up to the IRS catch-up contribution limit ($7,500 for 2025). For eligible participants who attain ages 60 through 63 during 2025, the SECURE 2.0 Act permits an increased catch-up contribution of up to $11,250 for 2025.

The Plan has a discretionary employer matching policy whereby the Company can change or discontinue its matching contribution. For the year ended December 31, 2025, the Company matched participant contributions at a rate equal to 40% of the participant's contribution, up to a maximum of 6% of the participant's salary. For the year ended December 31, 2025, the Company contributed $243,119 to the Plan. The Company may also make a discretionary profit-sharing contribution to all eligible participants, whether or not they have elected to make contributions to the Plan. For the year ended December 31, 2025, the Company made no profit-sharing contributions to the Plan. Participants may change their investment options and deferral rates at any time.

The Plan allows for an automatic enrollment provision that includes an automatic escalation feature providing for a 1% automatic annual increase up to a maximum of 6% of participants' compensation, as defined.

1 – Plan Description (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the Plan's investment results. Allocations of the Plan's investment results are based on relative account balances, as defined by the Plan.

Investment Options

Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan. The Plan offers 21 mutual funds at registered investment companies, as well as a guaranteed investment account.

Participants may change their contribution percentages quarterly and may transfer some or all of the amounts in their accounts between fund options throughout the year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are fully vested in the Company contribution portion of their accounts plus earnings thereon as follows:

Years of service	Vesting percentage
0-1	0%
2	20%
3	40%
4	60%
5 or more	100%

Payment of Benefits

A participant's vested account balance may be withdrawn upon retirement, as defined, termination of employment, or death during the Plan year. Distributions are made in the form of a lump-sum payment. Upon written request and approval, participants may withdraw some or all of their elective deferral contributions account balance while still employed, if the withdrawal is necessary due to financial hardship.

Notes Receivable from Participants

Participants may borrow from their fund accounts, as defined by the Plan, a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000. Such loans bear interest at the prime rate plus one percent.

1 – Plan Description (continued)

Notes Receivable from Participants (continued)

The loan is collateralized by the remainder of the participant's account and is repaid over a period not exceeding five years. Participants may select a repayment term of up to 10 years for loans used to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce the employer's contribution to the Plan. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $7,210, respectively. For the year ended December 31, 2025, $14,714 of forfeiture was used to reduce the employer contribution.

2 – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounting Pronouncements

Management has evaluated recently issued accounting pronouncements, including those not yet adopted, and determined that none are expected to have a significant effect on the Plan's financial statements or related disclosures.

.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the reported amounts of assets and liabilities, as well as changes therein, and to disclose contingent assets and liabilities. Actual results could differ from those estimates.

2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions in accordance with the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Pursuant to the provisions of the Plan, certain administrative expenses are paid either by the Plan or the Plan Sponsor. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Participant loan fees and investment-related expenses are charged directly to participants' accounts.

3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

3 – Fair Value Measurements (continued)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds—Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
December 31, 2025:				
Mutual funds	$ 12,429,048	$ —	$ —	$ 12,429,048
Total investments, at fair value	$ 12,429,048	$ —	$ —	$ 12,429,048

	Level 1	Level 2	Level 3	Total
December 31, 2024:				
Mutual funds	$ 13,951,420	$ —	$ —	$ 13,951,420
Total investments, at fair value	$ 13,951,420	$ —	$ —	$ 13,951,420

4 – Information Certified by the Qualified Institution

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company LLC, the trustee of the Plan.

5 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per financial Statements	**$13,732,958**	$15,615,615
Plus: Excess contributions payable	**5,007**	8,482
Net assets available for benefits, per Form 5500	**$13,737,965**	$15,624,097

The following is a reconciliation of the decrease in net assets per the financial statements to net loss per Form 5500 for the year ended December 31, 2025:

Statement of changes in net assets available for benefits:	
Decrease in net assets per the financial statements	($1,882,657)
Plus: Excess contributions payable at December 31, 2025	5,007
Less: Excess contributions payable at December 31, 2024	(8,482)
Net loss per Form 5500	($1,886,132)

6 – Excess Contributions Payable

The Plan is subject to certain nondiscrimination requirements under the Internal Revenue Code. For the years ended December 31, 2025 and 2024, the Plan failed certain applicable nondiscrimination tests due to lower contribution participation by non-highly compensated eligible participants. Accordingly, excess contributions payable were $5,007 and $8,482 as of December 31, 2025 and 2024, respectively.

7 – Party-in-Interest Transactions

The Plan engaged in transactions involving John Hancock Life Insurance Company and other John Hancock affiliates. Such entities are parties in interest with respect to the Plan. Notes receivable from participants also constitute party-in-interest transactions. These transactions qualify for applicable exemptions and are not prohibited transactions under ERISA.

8 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the company contributions portion of their account.

9 – Guaranteed Annuity Contract with Insurance Company

As of December 31, 2025, and 2024, the Plan's fully benefit-responsive investment contract with John Hancock Life Insurance Company (U.S.A.) (JHLI) totaled $996,977 and $1,417,925, respectively. JHLI maintains the contributions in a general account. Accordingly, the guaranteed annuity contract balance is subject to the claims of JHLI's general creditors in the event of issuer insolvency. The guaranteed annuity contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; thus, the contract is fully benefit-responsive. The guaranteed annuity contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is guaranteed never to fall below 1%.

Certain events limit the Plan's ability to transact at the contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

10 – Income Tax Status

The Plan has adopted a pre-approved plan sponsored by John Hancock Retirement Plan Services LLC. The underlying pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is acceptable under Section 401(a) of the Internal Revenue Code. The Plan Administrator has determined that the Plan is eligible to rely on the opinion letter and intends for the Plan to qualify under Section 401(a) of the Internal Revenue Code and for the related trust to be exempt from federal income taxes under Section 501(a).

Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan continues to be qualified and the related trust continues to be tax-exempt.

10 – Income Tax Status (continued)

Accordingly, no provision for federal income taxes has been recorded in the accompanying financial statements.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions that require recognition or disclosure in the financial statements.

11 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12 – Subsequent Events

The Plan evaluated subsequent events through September 10, 2026, the date the financial statements were available to be issued, and determined that no events occurred requiring adjustment to or disclosure in the financial statements.
