REPORT OF INDEPENDENT AUDITORS

To the Trustee Committee and Management of the
Rosewood 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Rosewood 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA "qualified institution".

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HLB WE ARE AN INDEPENDENT MEMBER OF THE GLOBAL ADVISORY AND ACCOUNTING NETWORK

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or was derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Rosewood 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Basic Plan Document and Adoption Agreement* ("Plan Document") for a more complete description of the Plan's provisions. The Plan is sponsored by The Rosewood Corporation, whose corporate offices are located in Dallas, Texas.

General

The Plan is a defined contribution 401(k) plan covering employees of Rosewood Corporate Administration, Inc. and certain of its affiliates (collectively referred to as the "Company"). The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees of the Company become eligible to participate in the Plan on the first day of employment and are enrolled within 30 days of the first day of employment. Employees must be twenty-one years of age to participate in the Plan.

Contributions

A participant may contribute any whole percentage between 1% and 90% of his or her compensation to the Plan, subject to the annual deferral limit of Section 401(k) of the Internal Revenue Code (the "Code") ($23,500 and $23,000 for 2025 and 2024, respectively, plus certain catch-up provisions for participants that have attained age 50 before the end of the Plan year). Unless a participant elects otherwise, the participant is enrolled with a deferral contribution of 6%, and after six months of employment, deferral contributions for each active participant are automatically increased annually in April by a whole percentage point until 10% is reached. Participants are allowed to make pre-tax, Roth, and after-tax contributions into the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, self-directed brokerage investments, and a common/collective investment trust as investment options for participants.

The Company (with the exception of one affiliate) makes matching contributions equal to 100% of the basic contribution of each participating employee, limited to a maximum match of 6% of each participating employee's earnings. For the one affiliate mentioned above, the Company makes matching contributions equal to 50% of the basic contribution of each participating employee with up to five years of continuous service, limited to a maximum match of 3% of each participating employee's earnings; after five years of continuous service, the Company makes matching contributions of 100%, limited to a maximum match of 6% of each participating employee's earnings.

Effective January 1, 2025, the plan permitted eligible participants who attain ages 60 through 63 during the plan year to make additional elective deferrals in excess of the standard age 50 catch-up contribution limit, as permitted under the SECURE 2.0 Act 2022 ("Super catch-up contribution"). Super catch-up contributions are subject to annual limits established by the Code and are adjusted periodically for inflation. The availability of super catch-up contributions is optional, and the plan elected to adopt this provision with the 2025 plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's match, and an allocation of (a) Plan earnings and (b) revenue credits, and charged with an allocation of investment expenses and fees, if applicable. Allocations are based on account balances, as defined in the Plan.

1. Description of the Plan – continued

Interest income and fees associated with participant loans are credited/charged directly to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in employer's matching contributions 20% after each year of continuous service and become fully vested after five years of continuous service. If death or disability occurs or Normal Retirement Age (age 65) is reached while employed by the Company, participants become fully vested.

Notes Receivable from Participants

Participants may request loans via the Plan's automated phone system or online. No loan to any participant shall be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of: (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of such participant's Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of the participant's Plan loans on the date the loan is made; or (b) one-half of the value of the participant's vested balance. The minimum principal amount of any loan is $1,000. Loans under the Plan must be repaid within five years. However, loans to purchase a principal residence of the borrower may be repaid within 10 years from the date of the loan. The maximum number of loans outstanding to any participant is two, subject to the rules noted above. As of December 31, 2025 and 2024, interest rates ranged from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Benefits Paid to Participants

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive the vested account balance as a partial distribution, a distribution in installments, a lump-sum distribution, or direct rollover into another qualified plan or individual retirement account. For terminated participants with account balances less than $7,000, the Plan Administrator may distribute the entire amount without the participant's consent.

In the event of financial hardship, as defined in the Plan Document, a participant may elect, while still in the employment of the Company, to withdraw all or part of their vested balance.

A participant who has attained age 59½ may elect, while still in the employment of the Company, an In-Service Withdrawal of all or part of their vested balance for any purpose. Any active participant who is 100% vested may also elect an In-Service Withdrawal for any purpose in an amount not to exceed the balance of the employer match account.

Effective March 31, 2025, the Plan was amended to allow in-service distributions of all or a portion of a participant's vested account balance for specified qualifying events, including qualified birth or adoption expenses, domestic abuse, qualified disaster expenses, and emergency personal expenses, as permitted under the SECURE Act of 2019 and SECURE 2.0 Act of 2022.

Forfeitures

Any amounts not eligible for withdrawal at time of termination are forfeited and are applied to reduce future Company contributions or pay certain Plan administrative fees. In certain circumstances, amounts forfeited may be restored to terminated employees who are subsequently re-employed provided they repay the amount of Company contributions received at termination. At December 31, 2025 and 2024, forfeitures of $4,314 and $1,869, respectively, were available for reducing future employer contributions, to pay Plan fees, or to restore prior forfeitures under certain conditions. During the years ended December 31, 2025 and 2024, employer contributions were reduced by $61,014 and $42,678, respectively, from forfeited nonvested accounts.

1. Description of the Plan – continued

Plan Termination

Although the Company expects to continue the Plan indefinitely, the Plan may be terminated by the Company, and the Company may suspend or discontinue its contributions at any time, subject to the provisions of ERISA. Upon termination of the Plan, participants become 100% vested in employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Administrator to use estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted from the participants, in accordance with salary deferral agreements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as of the end of the year and are subject to market credit risks customarily associated with equity investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. *Net appreciation in fair value of investments* includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are included in *other income, net* and are expensed when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies – continued

Administrative Expenses/Revenue Credits

Generally all administrative expenses relative to the Plan, including recordkeeping expenses, are paid by the Company and excluded from these financial statements. Plan participants pay the administrative fees associated with notes receivable from participants. Investment related expenses are included in *net appreciation in fair value of investments*.

Fidelity Management Trust Company ("FMTC"), the trustee, is compensated by the Plan's investment fund service providers for its shareholder and other services that benefit both the investment funds and the Plan. FMTC, in turn, provides credits to the Plan, which are allocated to the Plan participants and are included in *other income, net.*

3. Fair Value Measurements

The Company determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in the following levels:

Level 1 – Observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 – Observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Company uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3. For the years ended December 31, 2025 and 2024, there were no significant transfers between levels.

3. Fair Value Measurements – continued

Valuation Techniques

Mutual funds. These investments are public investment vehicles, which are valued using the net asset value ("NAV") provided by the investment manager of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common/collective trusts. These investments are primarily fully benefit-responsive investment contracts that are valued using the NAV provided by the trustee as a practical expedient for fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The NAV is based on the value of the underlying assets owned by the trust, which primarily utilizes contract value, minus its liabilities and then divided by the number of shares outstanding. Accordingly, these investments are not presented within the valuation hierarchy.

Self-directed brokerage investments. These investments are comprised of investments in common stocks, mutual funds, and money market funds (all of which are Level 1 investments).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025 and 2024.

		Fair Value Measurements at Reporting Date Using		
As of December 31, 2025	**Balance**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

Total investments at fair value	**$ 90,266,283**			

		Fair Value Measurements at Reporting Date Using		
As of December 31, 2024	Balance	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 73,565,606	$ 73,565,606	-	-
Self-directed brokerage investments	3,056,085	3,056,085	-	-
Total investments in the fair value hierarchy	76,621,691	$ 76,621,691	-	-
Common/collective trust at NAV [(a)]	1,958,487			
Total investments at fair value	$ 78,580,178			

(a) In accordance with ASC 820, certain investments that, as a practical expedient, were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements – continued

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (If Currently Eligible)**	**Redemption Notice Period**
Common/collective trust	**$ 1,573,791**	**n/a**	**Daily**	**12 or 30 months**

As of December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including *investments, at fair value* and *notes receivable from participants* held at December 31, 2025 and 2024, and *net appreciation in fair value of investments*, *interest and dividends*, and *interest income on notes receivable from participants* for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC, a qualified institution.

5. Tax Status

The Internal Revenue Service ("IRS") requires restatement of the Plan every six years to maintain its tax-qualified status. Therefore, effective August 31, 2021, the Plan was amended and restated to adopt the Fidelity Pre-Approved Defined Contribution Plan, which has a favorable opinion letter from the IRS dated June 30, 2020. The opinion letter states that the form of the Plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under IRC Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The variety of investment options are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

FMTC acts as trustee of the Plan. The Plan invests in shares of mutual funds managed by FMTC. The Plan also paid certain expenses related to Plan operations and investment activity to various service providers. The transactions above, as well as loans made to participants, qualify as party-in-interest transactions under ERISA that are exempt from the prohibited transaction rules.

8. Subsequent Events

The Plan's management has evaluated all subsequent events and transactions for potential recognition and disclosure through October 5, 2026, the date at which the financial statements were available to be issued, and determined there are no other reportable subsequent events.

Effective January 1, 2026, the Plan implemented the Roth catch-up contribution provisions of the SECURE 2.0 Act of 2022. Under these provisions, participants whose prior-year FICA wages exceed the applicable statutory threshold are required to make eligible catch-up contributions on a Roth basis.
