Independent Auditor's Report

RSM US LLP

Participants and the Board of Trustees
Pella Regional Health Center 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Pella Regional Health Center 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Pella Regional Health Center 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all employees of Pella Regional Health Center (Health Center), except for leased employees. Employees may enter the Plan for the purpose of making salary deferral contributions immediately upon satisfying the Plan's eligibility requirements. The Board of Trustees of the Health Center is responsible for oversight of the Plan. The Governance and Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees. The Plan is subject to the current provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may elect to make contributions to the Plan through salary deferral agreements of up to 90% of eligible compensation, as defined by the Plan, subject to the applicable limitations established by the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the plan year are eligible to make catch-up contributions, subject to applicable IRC limitations. Participants who attain ages 60 through 63 before the end of the taxable year may be eligible to make enhanced catch-up contributions as permitted under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an automatic enrollment feature whereby newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate or elect a different contribution percentage. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation. Also, participants who have deferral rates less than 10% will have their deferral rates increased annually by 1% until their rate reaches 10% unless they affirmatively elect otherwise.

The Health Center provides a matching contribution equal to 50% of participant deferral contributions up to a maximum of 4% of eligible compensation for all participants hired or rehired on or after March 1, 2021. The Health Center also provides a nonelective employer contribution for employees hired or rehired on or after March 1, 2021, based on years of service. The nonelective employer contribution is equal to 1% of a participant's eligible wages after two years of service and then increases 1% per year of service up to 4% after five years of service. The Health Center also provides a nonelective employer contribution for participants hired prior to March 1, 2021, equal to 6% of eligible compensation. Participants must work 1,000 hours and be employed on the last day of the Plan year in order to receive the nonelective employer contribution, unless they terminate due to death, disability or retirement. The nonelective employer contribution made for the year ended December 31, 2025, was $2,232,014.

Participant accounts: Each participant's account is credited with the participant's contributions, the Health Center's matching contributions, allocations of any nonelective employer contributions, and Plan earnings or losses, and is charged with allocations of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as offered by the Plan. Participants may change their investment options daily.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Health Center matching and nonelective employer contribution plus actual earnings thereon are based on a three-year cliff schedule whereby participants are 100% vested after three years of service. Separate vesting schedules apply to balances merged in from the Pella Regional Health Center Money Purchase Plan, as defined in the Plan document.

Note 1. Description of Plan (Continued)

Forfeitures: Forfeitures can be used to offset Plan expenses or fund future employer contributions. Forfeitures included in net assets available for benefits as of December 31, 2025 and 2024, were $11,587 and $7,990, respectively. Forfeitures of $115,074 were used to partially fund employer contributions during the year ended December 31, 2025.

Notes receivable from participants: Participants may borrow from their account balances a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable terms generally range from one to five years, or longer if used to purchase a principal residence. A participant may have no more than two outstanding loans at any given time. The notes receivable is collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the time of loan origination. Principal and interest payments are paid ratably through payroll deductions.

Payment of benefits: Upon retirement, death, disability, or termination of employment, participants or their beneficiaries may receive distributions equal to the value of the participant's vested account balance in accordance with the provisions of the Plan. Participants with vested account balances exceeding $5,000 may elect to receive a lump-sum payment or installments, as defined in the Plan. Participants with vested account balances of $5,000 or less are generally required to receive a lump-sum distribution. Participants may also elect in-service withdrawals as permitted under the terms of the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the related matching contributions from the Health Center are recorded in the year in which the participant contributions are withheld from amounts paid. Nonelective employer contributions are recognized in the year in which employee compensation is paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the ERISA-required supplemental Schedule H, line 4i—schedule of assets (held at end of year).

Note 2. Significant Accounting Policies (Continued)

Benefit payments: Benefit payments are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Health Center. Expenses that are paid by the Health Center are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution:

	2025	2024
Investments at fair value:		
Mutual funds	$104,872,449	$ 90,294,269
Pooled separate account	5,733,106	6,723,693
Self-directed brokerage accounts	2,501,194	1,688,244
Total investments at fair value	$113,106,749	$ 98,706,206
Notes receivable from participants	$ 607,473	$ 572,672

Fidelity Management Trust Company also certified to the completeness and accuracy of $10,376,528 of net appreciation in fair value of investments, $5,447,926 of interest and dividends and $43,871 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Self-directed brokerage accounts consist primarily of money market funds, mutual funds, and common stocks. The underlying investments are valued using quoted market prices in active markets for identical assets. These investments are deemed to be actively traded and therefore have readily determinable fair values. Accordingly, the self-directed brokerage accounts are classified within Level 1 of the fair value hierarchy.

Pooled separate accounts: Valued at the NAV of units held by the Plan, as determined by the investment manager. NAV is used as a practical expedient to estimate fair value. These investments invest primarily in diversified portfolios of fixed income securities and are not classified within the fair value hierarchy.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 104,872,449	$ -	$ -	$ 104,872,449
Self-directed brokerage accounts	2,501,194	-	-	2,501,194
Total assets in fair value hierarchy	$ 107,373,643	$ -	$ -	107,373,643
Investments measured at NAV*				5,733,106
Investments at fair value				$ 113,106,749

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 90,294,269	$ -	$ -	$ 90,294,269
Self-directed brokerage accounts	1,688,244	-	-	1,688,244
Total assets in fair value hierarchy	$ 91,982,513	$ -	$ -	91,982,513
Investments measured at NAV*				6,723,693
Investments at fair value				$ 98,706,206

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investment measured at the fair value based on NAV per unit as of December 31, 2025 and 2024:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Pooled separate accounts (a)	$ 5,733,106	$ 6,723,693	$ -	Daily	None

(a) The investment is subject to an equity wash provision whereby amounts transferred to a non-competing investment option must remain invested in that option for at least 90 days before they may be transferred to a competing investment option.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers between fair value hierarchy levels during the year ended December 31, 2025.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Health Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments consist of mutual funds managed by Fidelity Investments. As Fidelity serves as the Plan's Trustee, as defined by the Plan, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules under ERISA. The Plan also provides participant loans, which are secured by the vested balances in the participants' accounts. These loans are considered exempt party-in-interest transactions under ERISA.

Certain employees of the Health Center perform administrative services for the Plan without compensation from the Plan. Certain other expenses of the Plan are paid by the Health Center.

Note 7. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
