INDEPENDENT AUDITOR'S REPORT

To the JBS Investment Committee of
Pilgrim's Pride Retirement Savings Plan
Greeley, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pilgrim's Pride Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

Pilgrim's Pride Retirement Savings Plan (the Plan) is a defined contribution plan adopted by Pilgrim's Pride Corporation (the Plan Sponsor) and participating employers: Pilgrim's Pride Corporation of West Virginia, Inc., JFC LLC, and Gold n Plump Farms, LLC (collectively, the Company). The Plan was originally established by the Company effective January 1, 1969, and was most recently restated effective August 1, 2021. The Plan was amended effective January 1, 2024. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the terms of the plan document for a more complete description of the Plan's provisions.

Administration: The Plan is administered by the JBS Investment Committee (the Committee) which is composed of employees of the Company. The Committee is responsible for the operation and administration of the Plan and the management of the Plan's assets. Empower Trust Company, LLC acts as trustee and Empower Annuity Insurance Company of America acts as recordkeeper for the Plan.

Plan Amendments: Effective January 1, 2024, the Plan was amended for several key changes to the Plan:

- Eligibility for elective deferrals was expanded by removing all age and service requirements, and the eligibility criteria for employer matching and nonelective contributions was simplified to 12 months of service with no minimum hours requirement. Retroactive service credit was granted to certain outsourced personnel hired after January 1, 2023.
- Vesting schedules for matching and nonelective contributions were amended for a 5-year graded schedule (0%, 20%, 40%, 60%, 100%) beginning after two years of service.
- Minimum elective deferral of 1% and the maximum deferral limit was increased to 75% of compensation, and after-tax employee contributions were permitted.
- Certain previously excluded groups, such as temporary employees, were included under updated eligibility rules, while exclusions for leased, Puerto Rico, and penal release employees were maintained.
- Distribution provisions were updated to apply the Life Expectancy Rule to beneficiary distributions and to restrict post-severance and lifetime RMD payments to lump-sum or installment forms only.

Eligibility: Employees of the Company and participating employers who are not non-resident aliens who have no earned income from sources within the United States, leased employees, reclassified employees, North Carolina penal work release employees, employees working in Puerto Rico, and union employees except as explicitly required by the terms of a collective bargaining agreement, are eligible to make elective deferrals upon their date of hire. Based on the same criteria noted above, employees are also eligible to receive matching or nonelective contributions once they have completed 12 months of service. Upon meeting the eligibility requirements, employees can enter the Plan immediately. Refer to the Plan Sponsor's collective bargaining agreements for specific eligibility requirements related to elective deferrals and employer matching and nonelective contributions.

Contributions: A participant may elect to contribute, on a pre-tax basis, up to 75% of the participant's eligible compensation to the Plan. Certain participants covered under collective bargaining agreements have varying maximum pretax deferral rates. Participants may also designate some or all of their contributions as after-tax deferrals. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). Participants who have attained or will attain age 50 by the end of the calendar year may make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

The Company makes matching contributions in accordance with the Plan agreement and collective bargaining agreements under which the participant is eligible. Effective January 1, 2024, for employees covered under the core Plan or specific collective bargaining agreements, the Company makes a fixed matching contribution equal to 50% of participant contributions (excluding catch-up contributions). The Company will not make a contribution above 4% of the employee's compensation.

The Company also contributes an additional non-discretionary amount as determined by certain collective bargaining agreements. These contributions range from a fixed employer contribution of $0.15 to $0.30 per hour, after participants attain various service requirements.

The Company may also make discretionary matching or nonelective contributions. In order to receive the discretionary nonelective contribution, the participant must be employed on the last day of the year. For 2025, the Company did not make a discretionary matching or nonelective contribution to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, Plan earnings and losses and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are vested immediately in their elective deferrals, including catch-up and after-tax contributions, and rollover contributions, plus actual earnings or losses thereon. Effective January 1, 2024, matching and nonelective contributions and earnings, vest according to a 5-year graded vesting schedule (0%, 20%, 40%, 60%, 100%) beginning after two years of service for employees covered under the core Plan. Matching and non-discretionary contributions received by employees who are members of certain collective bargaining agreements are subject to the vesting schedule based upon that agreement. Matching and nonelective contributions in the Plan prior to January 1, 2024, will vest according to a 5-year graded vesting schedule (20%, 40%, 60%, 80%, 100%) beginning after one year of service.

Participants become fully vested in all accounts in the event of death, disability, or attainment of normal retirement age while actively employed.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may redirect future contributions or exchange existing balances among available investment options at any time.

Effective October 2008, contributions are no longer allowed to be invested into Pilgrim's Pride Corporation common stock (Pilgrim's Stock); however, any existing contributions invested in Pilgrim's Stock may remain until the participant elects to either sell and reinvest the funds in a different investment option or sell and take a distribution. Any cash dividends earned or proceeds received from the sale of the investment in Pilgrim's Stock may not be reinvested in Pilgrim's Stock.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may request a participant loan from the Plan. No loan in an amount less than $1,000 will be made. Any new loan will be limited to the lesser of $50,000 reduced by the highest outstanding loan balance during the prior 12-month period or 50% of the participant's vested interest in the Plan. Loans are adequately secured by the vested interest in the participant's account and bear an interest rate charged on similar loans under like circumstances by persons in the business of lending money. Loan terms may not exceed five years unless the loan is used to purchase a principal residence. Loan principal and interest repayments are made via payroll deductions. Participant's may only have two loans outstanding at any given time.

Payment of Benefits: Upon termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive the value of vested interest in his or her account as a lump sum distribution. If a participant's vested account balance exceeds $7,000, they may elect to receive a distribution in a single lump-sum payment in cash or property, or installments over a period of time. If the participant does not consent to a distribution of their vested account balance, their balance will remain in the Plan. If a participant's total vested account balance under the Plan is between $0.01 and $7,000 as of the distribution date and they do not consent to a distribution of their vested account balance, their vested benefit automatically will be rolled over to an IRA selected by the Company. Participants may receive an in-service withdrawal prior to termination of employment with the Company if they have attained age 59 ½ or incurred a financial hardship. Effective January 1, 2024, and in accordance with Section 314 of the SECURE 2.0 Act of 2022, the Plan adopted to allow penalty-free distributions to participants who are victims of domestic abuse.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts: Forfeitures are retained in the Plan and may be used to pay administrative expenses or used to reduce future employer contributions payable under the Plan.

Subsequent Events: The Plan has evaluated subsequent events through September 23, 2026, the date the financial statements were available to be issued. No events have occurred that would require adjustment to or disclosure in the financial statements.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from those estimates.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit responsive investment contract are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other income are recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the Plan year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participant's account balances. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2025 and 2024, the Plan reported deemed distributed loans totaling $2,605,275 and $2,465,377, respectively. These amounts are included in notes receivable from participants on the statements of net assets available for benefits.

Benefits Paid: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and global event risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability as a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded (Level 1 inputs).

Common Stock: The fair values of Pilgrim's Pride common stock are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in the collective trust are based on the net asset values per unit as reported by the fund managers. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Pooled Separate Accounts: The fair value of participation units in the pooled separate account is based on unit values calculated daily by the annuity provider in accordance with the terms of the annuity contract. The unit value is determined using the quoted price of the underlying investment, adjusted for applicable contractual expense factors disclosed in the annuity contract. The pooled separate account provides for daily redemptions by the Plan with no advance notice requirements.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 133,689,999	$ -	$ -	$ 133,689,999

NOTE 5 – GUARANTEED INTEREST FUND

The Plan holds a fully benefit-responsive guaranteed investment contract, Guaranteed Interest Fund, with Empower Annuity Insurance Company of America (EAICA). EAICA maintains the contributions in a general account. The account is credited with earnings or losses on the underlying investments and charged for participant withdrawals and administrative expenses. EAICA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting rate is reviewed on a quarterly basis for resetting. The average yield earned by the Plan was 1.70% for 2025 and 1.66% for 2024.

The contract meets the fully benefit-responsive traditional investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on EAICA's ability to meets its financial obligations. EAICA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(Continued)

NOTE 5 – GUARANTEED INTEREST FUND (Continued)

Certain events may limit the ability of the Plan to transact at contract value with EAICA. Such events include, but may not be limited to, spin-off, sale, merger, full or partial termination including distribution of assets performed by a qualified termination administrator, terminating union or participating employer in a multiple employer plan, or a layoff of at least 20% of work force in any twelve month period.

The Company believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with EAICA and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow EAICA to terminate the contract with the Plan and settle at an amount different from contract value. Examples of circumstances which would allow EAICA to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. The Company believes that any events allowing EAICA to terminate the contract and settle at an amount different from contract value are not probable of occurring.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Empower Trust Company, LLC and EAICA are service providers of the Plan, and, therefore, the Plan's payment of fees to these service providers qualifies as party-in-interest transactions. Investments in the Pilgrim's Stock and notes receivable from participants also reflect party-in-interest transactions. As of December 31, 2025 and 2024, the Plan held investments in the Pilgrim's Stock of $6,290,490 and $8,097,046, respectively.

NOTE 7 – TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing/money purchase/CODA prototype, sponsored by Spencer Fane LLP. The pre-approved plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
