Report of Independent Auditor

To the Plan Administrator
LaserShip 401(k) Plan
Vienna, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LaserShip 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the LaserShip 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by LaserShip, Inc. (the “Company” or “Plan Sponsor”). The Plan was adopted January 1, 1995, and most recently amended and restated effective July 1, 2022. The Plan covers eligible employees who have completed three months of service, except for the following ineligible classes of employees: (a) Employees of any related employers, (b) leased employees and (c) reclassified employees. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In October 2021, the Plan Sponsor acquired Ontrac Logistics, Inc., and effective October 1, 2022 (the “Merger Date”), all participants included within the Ontrac Logistics Inc. 401(k) Plan merged into the Plan. All eligible active Ontrac Logistics, Inc. employees were able to participate in the Plan.

All Ontrac Logistics, Inc. 401(k) active Plan participant account balances became 100% vested as of the Merger Date and were not subject to forfeitures. The investments held by the participants in the Ontrac Logistics, Inc. 401(k) Plan were automatically rolled over to their account in the Plan. All participant accounts in the Ontrac Logistics, Inc. 401(k) Plan were fully liquidated and transferred on October 1, 2022.

The Plan is administered by the Plan Sponsor. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform these responsibilities. The Plan’s assets are held in the custody of Fidelity Management Trust Company (the “qualified institution”).

Participant Contributions – Eligible employees enter the Plan on the first day of the Plan month that coincides with or follows the date that they first satisfy the eligibility requirement. Participants may make salary deferral contributions of up to 100% of their compensation each pay period up to a maximum of $23,500 for the year ended December 31, 2025. In addition, participants who have attained age 50 before the end of the calendar year are eligible to elect to make catch-up contributions up to $7,500 for the year ended December 31, 2025. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions – The Company makes a safe harbor matching contribution equal to 100% of an eligible participant’s elective deferrals up to 3% of their compensation plus 50% of an eligible participant's elective deferrals between 3% and 5% of their compensation. The Company may also make a discretionary nonelective contribution based on an allocation determined annually. For the year ended December 31, 2025, there was no discretionary nonelective contribution made. Eligible participants must meet a three-month service requirement to receive the matching contributions. The entry date will be the first day of the first month which coincides with the date the participant satisfies the eligibility requirement. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

1. Description of the Plan (continued)

Investment Options – Participants may direct the qualified institution as to the investment of their account balances into various investment options offered by the Plan. The Plan Sponsor is responsible for oversight of the Plan. The Plan Sponsor determines the appropriateness of the Plan's investment offerings and monitors investment performance. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the qualified institution, the Plan, and the Company.

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution, rollover contribution, and distributions, plus an allocation of the Plan Sponsor's safe harbor matching contribution, discretionary nonelective contributions, Plan earnings (losses), including realized and unrealized gains and losses on investments, and Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions and safe harbor matching contributions, plus actual earnings thereon. A participant becomes 100% vested in Company discretionary nonelective contributions, if any, upon death, becoming disabled, or reaching retirement age, as defined by the Plan. These contributions ordinarily vest as follows:

Years of Service	Percent Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the employee's vested account balance reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan terms range from one to five years (or up to ten years for the purchase of a primary residence). The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. At December 31, 2025, the interest rates on the notes receivable from participants were between 4.25% and 9.50%. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan (continued)

Benefits and Payments – Upon termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½ or a normal retirement age, or in certain hardship situations while actively employed. A participant may elect to receive a lump-sum payment or installment payments, roll over the value of their account into another qualified plan, or a combination of these options. If the vested account balance payable to an individual is less than or equal to $5,000, the Plan Sponsor may require a distribution of the entire account balance in a lump sum. Hardship withdrawals are subject to IRC restrictions and penalties. In-service withdrawals may be taken at any time from a participant's rollover contribution account.

Forfeitures – Terminating participants forfeit nonvested Company discretionary nonelective contributions. Forfeited nonvested accounts totaled $4,302 and $2,079 at December 31, 2025 and 2024, respectively. These accounts can be used to pay administrative expenses, reduce safe harbor matching contributions, or be allocated to participants as an additional Company discretionary nonelective contribution. During the year ended December 31, 2025, $-0- of forfeitures were used to offset safe harbor matching contributions and $2,335 of forfeitures were used to offset Plan expenses.

Administrative Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurements – U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

> *Level 1* – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
>
> *Level 2* – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
>
> *Level 3* – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the techniques used at December 31, 2025 and 2024.

2. Summary of Significant Accounting Policies (continued)

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Interest Bearing Cash Fund – This investment is valued at the closing price reported on the active market on which the individual security is traded and is classified within Level 1 of the valuation hierarchy.

Common Collective Trusts – These investments are valued at NAV of units of a bank collective trust. NAV, as provided by the qualified institution, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is probable the fund will sell the investment for an amount different than the reported NAV. The trust's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital by investing in assets, entering into "wrap" contracts issued by third parties, and investing in cash equivalents. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner. All Plan Sponsor-initiated withdrawals are subject to a 12-month notice period. The qualified institution, at its discretion, may complete the withdrawals before the expiration of the notice period based on the market-to-book ratio of the portfolios. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Income Tax Status

The Plan utilizes a prototype Volume Submitter plan document sponsored by Fidelity Management & Research Company LLC. Fidelity Management & Research Company LLC received an opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

3. Income Tax Status (continued)

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants will become fully vested in their accounts.

5. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 178,888	$ -	$ -	$ 178,888
Mutual funds	12,304,821	-	-	12,304,821
Total assets in the fair value hierarchy	12,483,709	-	-	12,483,709
Investments measured at net asset value (a)	-	-	-	71,819,258
Total investments, at fair value	$ 12,483,709	$ -	$ -	$ 84,302,967

5. Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 33,121	$ -	$ -	$ 33,121
Mutual funds	11,173,689	-	-	11,173,689
Total assets in the fair value hierarchy	11,206,810	-	-	11,206,810
Investments measured at net asset value (a)	-	-	-	63,414,437
Total investments, at fair value	$ 11,206,810	$ -	$ -	$ 74,621,247

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Common collective trust fund	$71,819,258	N/A	Daily	12 months

December 31, 2024	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Common collective trust fund	$74,621,247	N/A	Daily	12 months

6. Information Certified by the Qualified Institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, the qualified institution of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

7. Party-In-Interest Transactions

Certain Plan investments are shares or units of investments managed by the qualified institution and, therefore, these transactions qualify as party-in-interest for which a statutory exemption exists. Fees incurred by the Plan for investment management services and Independent Qualified Public Accountant audit services are paid directly by the Plan and, therefore, also qualify as party-in-interest transactions for which a statutory exemption exists. Fees paid to the qualified institution totaled $89,926 and fees paid for investment management services totaled $50,000 the year ended December 31, 2025. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants.

8. Subsequent Events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated subsequent events through September 10, 2026, the date which the financial statements were available to be issued.
