INDEPENDENT AUDITORS' REPORT

The Trustees
Farrell Fritz, P.C. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Farrell Fritz, P.C. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

FARRELL FRITZ, P.C. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of Plan

The following description of the Farrell Fritz, P.C. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Farrell Fritz, P.C. (the Company). Employees who have completed one-half year of service (six months effective October 1, 2024) and are age 21 or older become participants with respect to the 401(k) program under the Plan on the first day of the calendar quarter coinciding with or following satisfaction of the eligibility requirements. Employees who have completed one year of service and are age 21 or older become participants with respect to the employer nonelective contributions on January 1 or July 1 coinciding with or following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan Administrator. ADP Retirement Services is the Plan's record-keeper and ADP Retirement Trust Services, LLC (ADP) is the Plan's trustee and custodian as of December 31, 2025 and 2024 and for the period from October 1, 2024 through December 31, 2025. Mercer Trust Company (Mercer), the Plan's Institutional Investment Fiduciary, Trustee and Custodian, determined the appropriateness of the Plan's investment offerings, monitored investment performance, and reported to the Board of Directors of the American Bar Association Retirement Funds (the Plan's Program Sponsor) for the period from January 1, 2024 through September 30, 2024.

(b) Contributions

Each year, participants may contribute an amount equal to a specified dollar amount or a percentage of their annual compensation, as defined in the Plan. Effective October 1, 2024, participants may contribute up to 90% of their eligible compensation to the Plan on a pre-tax or after-tax (Roth) basis, up to a maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions and Company employer nonelective contributions into various investment options offered by the Plan. Effective October 1, 2024, the Plan has an automatic enrollment feature whereby eligible participants are automatically enrolled in the Plan at a pre-tax contribution rate of 1%.

The Company's Board of Directors may elect to make an employer nonelective contribution to the account of each participant who completes 1,000 hours of service and is employed on the last day of the respective plan year. These contributions are allocated based on groups as defined in the Plan. These contributions for each group are allocated pro rata based on compensation. For the years ended December 31, 2025 and 2024, the Company made an employer nonelective contribution to the Plan of $1,533,583 and $1,317,556, respectively.

(1) Description of Plan, Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of investment and administrative expenses. Allocations are based on a participant's earnings, account balances, or specific participant contributions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer nonelective contribution portion of their accounts is based on years of continuous service. Participants start vesting in employer nonelective contribution accounts after two years of vesting service at a rate of 20% per year and are 100% vested after six years of vesting service. Participants also become 100% vested in their account immediately upon attainment of normal retirement age, death, or disability, as defined in the Plan.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate of 1% above the prime rate. Effective October 1, 2024, a participant may have no more than three outstanding loans from the Plan at any time. Principal and interest is paid ratably through payroll deductions.

(f) Payment of Benefits

On termination of service, a participant whose individual vested account balances exceeds $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period certain, as defined in the Plan. Spousal consent rules apply with respect to transferred pension accounts. Effective October 1, 2024, participants are eligible to receive benefit payments when they reach age 59 ½. For individual vested account balances of $5,000 or less, a participant will automatically receive a lump-sum distribution.

Upon death before distribution of a participant's vested account balance, the participant's beneficiary will receive the remaining vested account balance in either a lump-sum or installments. The spouse is the beneficiary of a married participant unless the participant elects otherwise with spousal consent. Pre-retirement survivor annuity rules apply with respect to transferred pension accounts.

(1) Description of Plan, Continued

(g) Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $7,319 and $33,101, respectively. These accounts may be used to restore forfeitures, reduce future employer nonelective contributions, or pay reasonable Plan expenses. During 2025 and 2024, $97,648 and $118,288, respectively, of forfeitures were used to reduce employer nonelective contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held at the end of the year.

(d) Contributions

Contributions from Plan participants and from the Company are recorded in the year in which participant compensation is earned.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits paid to participants are recorded when paid.

(2) Summary of Significant Accounting Policies, Continued

(g) Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees for recordkeeping and other services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

(h) Subsequent Events

The management of the Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued. Subsequent to year end, the Plan was amended to be in compliance with the SECURE Act 2.0 of 2022.

(3) Fair Value Measurements

Framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(3) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are opened-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common/collective trust - Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The collective trusts file as direct filing entities. Accordingly, certain disclosure requirements with respect to investment strategies for investments measured using the net asset practical expedient are not required.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

				$ 77,883,320

(3) Fair Value Measurements, Continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively:

Description	Fair value at December 31, 2025	Fair value at December 31, 2024	Redemption Frequency	Redemption Notice Period
Invesco Stable Asset ADPZ	$ 7,846,296	8,045,621	Daily	None

There were no unfunded commitments related to the common/collective trust at December 31, 2025 and 2024.

(4) Information Certified by Trustees

The following summary of the Plan's assets at December 31, 2025 and 2024, as well as the investment income and investment transactions for the years then ended, have been derived from information provided Mercer and ADP, the Plan trustees, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent auditors.

	2025	2024
Investments, at fair value	$ 76,760,958	77,883,320
Notes receivable from participants	$ 345,550	362,111
Investment income, including interest, dividends and net appreciation in the fair value of investments	$ 11,069,552	10,441,819
Interest income on notes receivable from participants	$ 25,900	26,458

ADP held investments at December 31, 2025 and 2024 and executed transactions from October 1, 2024 through December 31, 2025. Mercer executed transactions from January 1, 2024 through September 30, 2024.

(5) Party-In-Interest Transactions

As of December 31, 2025 and 2024 and for the period from October 1, 2024 through December 31, 2025, certain Plan investments are managed by ADP Retirement Trust Services, LLC, the custodian of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

For the period from January 1, 2024 through September 30, 2024, the Plan sponsor participated in the ABA Retirement Funds Program (the Program). As the Plan's program sponsor, ABA Retirement Funds was responsible for the design and maintenance of the Plan, providing a variety of investment options under the Program and providing independent oversight over the Program's service providers who provided custodial, recordkeeping and administrative services to the Plan.

Certain Plan investments consisted of common collective trust funds managed by Mercer, the Institutional Investment Fiduciary and the Trustee of the Plan. Certain of these investments managed by Mercer were also maintained by State Street Bank and Trust Company, as Investment Advisor to the respective common collective trust funds, as defined by the Program. Voya Institutional Plan Services, LLC, an affiliate of Voya Retirement Insurance and Annuity Company and Voya Financial (collectively Voya), was the Plan's recordkeeper, as defined by the Plan. Transactions with these related parties qualified as exempt party-in-interest transactions.

The common collective trust funds that were held by the Plan paid a program fee to ABA Retirement Funds, Voya and Mercer for their respective services to the Program. These fees were included in net appreciation in fair value of the investments.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 6, 2020, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

(8) Risks and Uncertainties

The Plan invests in various investments. Investments securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2025:
