Independent Auditor's Report

Midway/Donuts of Rutland 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Midway/Donuts of Rutland 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The Midway/Donuts of Rutland 401(k) Plan (Plan) was formed effective July 1, 1997. The Plan is sponsored by Midway Oil Corporation (Company) and was most recently restated effective January 1, 2022 and most recently amended effective August 1, 2023.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 401(k) plan covering all eligible employees of the Company and a related participating employer (Donuts of Rutland Inc.). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and administered by ADP Retirement Trust Services, LLC (ADP), the Trustee of the Plan, which invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan trustee is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their annual pre-tax compensation. In addition, participants may make designated Roth contributions to the Plan. Participant contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant contribution to the Plan was $23,500 for the year ended December 31, 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of $7,500 for the year ended December 31, 2025. Beginning in 2025, the maximum catch-up contribution limit is $11,250 for participants who are aged 60 to 63 at the end of the Plan year. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation.

Under the "safe harbor" election, the Company makes a matching contribution to the Plan, equal to 100% of 4% of eligible compensation contributed to the Plan.

The Company may also make a matching contribution based on a discretionary formula which is determined annually. There was no discretionary matching contribution for the year ended December 31, 2025.

The Company may also make a discretionary profit-sharing contribution, which is determined annually. The discretionary profit-sharing contribution is allocated to each participant's account based upon the participant's eligible compensation. The Company did not make any discretionary profit-sharing contributions for the year ended December 31, 2025.

Participants direct the investment of their contributions, as well as the Company contributions, into various investment options offered by the Plan.

Note 1. Description of the Plan (Continued)

c. Plan Eligibility

Employees are eligible to participate in the Plan with respect to the Company's safe harbor matching contribution, discretionary matching and profit sharing contributions, if any, upon reaching the age of 21 and completing one year of service. One year of service is defined as being credited with 1,000 hours of service during a consecutive 12-month period. Eligible employees may enter the Plan on the first day of the month following the date the eligibility requirements are met.

An eligible participant must be actively employed on the last day of the Plan year, regardless of hours worked during the year, to share in the employer's discretionary profit sharing contribution. Participants who are not actively employed due to death, total and permanent disability, or normal retirement, but otherwise meet the eligibility requirements, will share in the Company's discretionary profit-sharing contribution, if any.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of (a) the Company's discretionary matching and profit-sharing contributions (if any); (b) the Plan's investment earnings (losses), net of investment expenses; and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

e. Vesting

Participants are immediately vested in their elective deferral amounts, rollover contributions, and the Company's safe harbor contributions, plus earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions is based on years of service. A participant is 100% vested upon: (1) disability, (2) death, (3) normal retirement at age 65, or (4) termination of the Plan. A participant shall have a vested and nonforfeitable interest in his or her account determined by the number of years of service as follows:

Years of Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

f. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. In addition, the $50,000 limit is reduced by the highest outstanding loan balance of any loans made in the previous 12 months. Participant notes are secured by the balance in the participant's accounts and bear interest at a rate commensurate with the local prevailing rates at the origination date of the loan, as determined by the Plan administrator. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

Note 1. Description of the Plan (Continued)

g. Payment of Benefits

Upon the termination of service due to death, disability, reaching the normal retirement age, or termination of employment, a participant (or their beneficiary in the case of death) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment or installment payments over a period specified by the participant. The Plan also allows for hardship distributions under certain conditions and in-service distributions for participants upon reaching age 59½.

If the vested portion of a participant's account balance is less than $7,000, but greater than $1,000, and the distribution takes place before the participant's normal retirement age, the amount will be distributed to an Individual Retirement Account for their benefit as soon as possible following termination, retirement or disability, or to the beneficiary following death. If the vested portion of a participant's account balance is $1,000 or less, this amount will be paid as a lump-sum distribution to the participant as soon as possible following termination, retirement or disability, or to the beneficiary following death.

h. Forfeiture Accounts

The nonvested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures may be used to pay administrative expenses under the Plan or to reduce employer contributions. A total of $7,093 of forfeiture amounts were used to reduce the employer contribution during the year ended December 31, 2025. Unallocated forfeitures totaled $28 and $7,107 as of December 31, 2025 and 2024, respectively.

Note 2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

d. Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year the employee contributions are withheld from compensation.

e. Participants Notes Receivable

Participant notes receivable are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Loans treated as distributions totaled $2,343 during the year ended December 31, 2025.

f. Payment of Benefits

Benefits are recorded when paid.

g. Administrative Expenses

Administrative expenses are paid by the Plan and the Company. Administrative expenses paid directly by the Company are excluded from these financial statements. Fees related to the administration of participant notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan, if any, are allocated proportionately to participants based on the value of their account balances. Investment-related expenses are included in net appreciation in fair value of investments.

h. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through September 10, 2026, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to, or derived from, information certified as complete and accurate by the Trustee of the Plan.

Note 4. Investments and Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 or 2024.

Mutual funds: Valued at the daily closing price as reported by these funds. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: The NAV, which is based on the fair value of the underlying investments held by the fund less its liabilities, is used as a practical expedient to estimate fair value. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Sales and redemptions of participant units are transacted at such NAVs and may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal (for up to 12 months) in order to ensure that securities liquidation will be carried out in an orderly business matter. There were no unfunded commitments at December 31, 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Investments and Fair Value Measurement (Continued)

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,476,329	$ -	$ -	$ 2,476,329
Investments measured at NAV (a)				
Common/collective trust fund				9,698
Investments at fair value				$ 2,486,027

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,146,883	$ -	$ -	$ 2,146,883
Investments measured at NAV (a)				
Common/collective trust fund				15,061
Investments at fair value				$ 2,161,944

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated October 6, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

Note 7. Related-Party and Party-in-Interest Transactions

There were no administrative expenses paid by the Company for the year ended December 31, 2025. Certain Plan administrative functions are performed by employees of the Company, who do not receive compensation from the Plan for such functions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to that shown on the Form 5500:

	December 31, 2025	December 31, 2024
Net assets available for benefits per financial statements	$ 2,554,347	$ 2,215,129
Less employer contributions receivable, end of current Plan year	(260)	-
Less employee contributions receivable, end of current Plan year	(433)	-
Net assets per Form 5500	$ 2,553,654	$ 2,215,129

The following is a reconciliation of the net increase in net assets available for benefits per the statement of changes in net assets available for benefits to net income per Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 339,218
