Report of Independent Auditors

To the Plan Administrator and Participants
DDA Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DDA Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DDA Services, Inc. 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

395 Daniel Webster Highway, Unit 6 · Merrimack, NH 03054 · (603) 424-0705 · www.BoivinCPA.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DDA Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DDA Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DDA Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DDA Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the DDA Services, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2011, and most recently amended March 23, 2023. The Plan covers all eligible employees of DDA Services, Inc. and participating employers, DDA Logistics, Inc., DDA Transport, Inc. and effective March 23, 2023 Vermont Ventures, Inc. (the Company), who have attained the age of 21. Eligible employees may begin participating in the Plan upon meeting eligibility requirements of one month of service.

The Plan is administered by members of management with assistance from Cornerstone Benefit & Retirement Group, Inc. The members determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Funding

Eligible employees may contribute from 1% to 100% of their annual compensation, subject to Internal Revenue Code limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan.

The Plan also permits Roth elective deferrals. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Code.

The Company makes a safe harbor matching contribution equal to 100% of the first 3% plus 50% of the next 2% contributed.

1. Description of the Plan (continued)

Contributions and Funding (continued)

The Company is required to make qualified non-elective employer contributions for certain eligible employees who perform services covered by applicable prevailing wage laws per various contracts between the Company and the U. S. Postal Service. These contracts determine the required amount to be contributed. For the years ended December 31, 2025 and 2024, the Company made qualified non-elective contributions in the amount of $591,766 and $584,153, respectively.

The Company may also make a discretionary non-elective contribution for certain eligible participants. For the years ended December 31, 2025 and 2024, the Company made no discretionary non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer's contribution, Plan earnings (losses), and administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the safe harbor contributions and the non-elective employer contributions plus actual earnings thereon.

In the event of death, permanent disability or retirement, a participant's account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their vested account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested balance and reduced by the highest loan balance over the previous twelve months. Participants must comply with loan provisions including only one loan can be outstanding at a time, level payments of principal and interest must be repaid at least quarterly over the term of the loan, and the term of the loan must not exceed five years unless for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Effective March 23, 2023, loan repayments are made via ACH directly to Fidelity, the Plan recordkeeper.

1. Description of the Plan (continued)

Payment of Benefits

Upon separation of employment due to termination, death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum amount. Prior to termination of employment, a participant can withdraw their deferred compensation balance in the event of certain hardship circumstances or upon reaching 59 1/2 years of age. The form of payment is a lump sum or other forms of distribution per the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to alter, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant will automatically become 100% vested in his or her account balance and distributions shall be made in accordance with the Plan document.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fund management fees charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, fund management fees are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies (continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Effective March 23, 2023, Fidelity will charge an annual administration fee to participant accounts of $8.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of mutual funds, interest and dividend income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2025 and 2024.

4. Fair Value Measurements (continued)

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual fund investments held at December 31, 2025 and 2024 are Level 1 within the fair value hierarchy.

5. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity Management & Research LLC, which received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2025 and 2024. The difference relates to accrued contributions.

	2025	2024
Net assets available for benefits, per Form 5500	**$ 5,641,785**	$ 4,684,147
Participants' contributions receivable	**1,988**	2,579
Employer contributions receivable	**1,527**	1,988
Net assets available for benefits, per financial statements	**$ 5,645,300**	$ 4,688,714

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2025:

Net increase per the Form 5500	$ 957,638
Participants' contributions receivable at December 31, 2025	1,988
Employer contributions receivable at December 31, 2025	1,527
Participants' contributions receivable at December 31, 2024	(2,579)
Employer contributions receivable at December 31, 2024	(1,988)
Net increase per the financial statements	$ 956,586

9. Subsequent Events

The Company has evaluated all subsequent events through September 25, 2026, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

10. Delinquent Participant Contributions

During 2024, the Company failed to transmit certain participant contributions to the Plan in the amount of $96,940 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late participant deferral contributions in 2024. The Company had missed earnings calculated for two of the four entities that participate in the Plan and amounts totaling $191 were funded to those participant accounts on December 23, 2025. In addition, on September 25, 2026, amounts totaling $171 were funded for impacted participants from the third entity. The Company is in the process of having the earnings calculated for the remaining entity and will fund those the participant accounts for the missed earnings when completed.

During 2025, the Company failed to transmit certain participant contributions to the Plan in the amount of $5,776 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late participant deferral contributions in 2025 and will calculate and fund the participant accounts for missed earnings.

Report of Independent Auditors

To the Plan Administrator and Participants
DDA Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DDA Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DDA Services, Inc. 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

395 Daniel Webster Highway, Unit 6 · Merrimack, NH 03054 · (603) 424-0705 · www.BoivinCPA.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DDA Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DDA Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DDA Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DDA Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the DDA Services, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2011, and most recently amended March 23, 2023. The Plan covers all eligible employees of DDA Services, Inc. and participating employers, DDA Logistics, Inc., DDA Transport, Inc. and effective March 23, 2023 Vermont Ventures, Inc. (the Company), who have attained the age of 21. Eligible employees may begin participating in the Plan upon meeting eligibility requirements of one month of service.

The Plan is administered by members of management with assistance from Cornerstone Benefit & Retirement Group, Inc. The members determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Funding

Eligible employees may contribute from 1% to 100% of their annual compensation, subject to Internal Revenue Code limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan.

The Plan also permits Roth elective deferrals. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Code.

The Company makes a safe harbor matching contribution equal to 100% of the first 3% plus 50% of the next 2% contributed.

1. Description of the Plan (continued)

Contributions and Funding (continued)

The Company is required to make qualified non-elective employer contributions for certain eligible employees who perform services covered by applicable prevailing wage laws per various contracts between the Company and the U. S. Postal Service. These contracts determine the required amount to be contributed. For the years ended December 31, 2025 and 2024, the Company made qualified non-elective contributions in the amount of $591,766 and $584,153, respectively.

The Company may also make a discretionary non-elective contribution for certain eligible participants. For the years ended December 31, 2025 and 2024, the Company made no discretionary non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer's contribution, Plan earnings (losses), and administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the safe harbor contributions and the non-elective employer contributions plus actual earnings thereon.

In the event of death, permanent disability or retirement, a participant's account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their vested account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested balance and reduced by the highest loan balance over the previous twelve months. Participants must comply with loan provisions including only one loan can be outstanding at a time, level payments of principal and interest must be repaid at least quarterly over the term of the loan, and the term of the loan must not exceed five years unless for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Effective March 23, 2023, loan repayments are made via ACH directly to Fidelity, the Plan recordkeeper.

1. Description of the Plan (continued)

Payment of Benefits

Upon separation of employment due to termination, death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum amount. Prior to termination of employment, a participant can withdraw their deferred compensation balance in the event of certain hardship circumstances or upon reaching 59 1/2 years of age. The form of payment is a lump sum or other forms of distribution per the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to alter, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant will automatically become 100% vested in his or her account balance and distributions shall be made in accordance with the Plan document.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fund management fees charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, fund management fees are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies (continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Effective March 23, 2023, Fidelity will charge an annual administration fee to participant accounts of $8.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of mutual funds, interest and dividend income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2025 and 2024.

4. Fair Value Measurements (continued)

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual fund investments held at December 31, 2025 and 2024 are Level 1 within the fair value hierarchy.

5. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity Management & Research LLC, which received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2025 and 2024. The difference relates to accrued contributions.

	2025	2024
Net assets available for benefits, per Form 5500	**$ 5,641,785**	$ 4,684,147
Participants' contributions receivable	**1,988**	2,579
Employer contributions receivable	**1,527**	1,988
Net assets available for benefits, per financial statements	**$ 5,645,300**	$ 4,688,714

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2025:

Net increase per the Form 5500	$ 957,638
Participants' contributions receivable at December 31, 2025	1,988
Employer contributions receivable at December 31, 2025	1,527
Participants' contributions receivable at December 31, 2024	(2,579)
Employer contributions receivable at December 31, 2024	(1,988)
Net increase per the financial statements	$ 956,586

9. Subsequent Events

The Company has evaluated all subsequent events through September 25, 2026, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

10. Delinquent Participant Contributions

During 2024, the Company failed to transmit certain participant contributions to the Plan in the amount of $96,940 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late participant deferral contributions in 2024. The Company had missed earnings calculated for two of the four entities that participate in the Plan and amounts totaling $191 were funded to those participant accounts on December 23, 2025. In addition, on September 25, 2026, amounts totaling $171 were funded for impacted participants from the third entity. The Company is in the process of having the earnings calculated for the remaining entity and will fund those the participant accounts for the missed earnings when completed.

During 2025, the Company failed to transmit certain participant contributions to the Plan in the amount of $5,776 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late participant deferral contributions in 2025 and will calculate and fund the participant accounts for missed earnings.

Report of Independent Auditors

To the Plan Administrator and Participants
DDA Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DDA Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DDA Services, Inc. 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

395 Daniel Webster Highway, Unit 6 · Merrimack, NH 03054 · (603) 424-0705 · www.BoivinCPA.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DDA Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DDA Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DDA Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DDA Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025, and the schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the DDA Services, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2011, and most recently amended March 23, 2023. The Plan covers all eligible employees of DDA Services, Inc. and participating employers, DDA Logistics, Inc., DDA Transport, Inc. and effective March 23, 2023 Vermont Ventures, Inc. (the Company), who have attained the age of 21. Eligible employees may begin participating in the Plan upon meeting eligibility requirements of one month of service.

The Plan is administered by members of management with assistance from Cornerstone Benefit & Retirement Group, Inc. The members determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Funding

Eligible employees may contribute from 1% to 100% of their annual compensation, subject to Internal Revenue Code limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan.

The Plan also permits Roth elective deferrals. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Code.

The Company makes a safe harbor matching contribution equal to 100% of the first 3% plus 50% of the next 2% contributed.

1. Description of the Plan (continued)

Contributions and Funding (continued)

The Company is required to make qualified non-elective employer contributions for certain eligible employees who perform services covered by applicable prevailing wage laws per various contracts between the Company and the U. S. Postal Service. These contracts determine the required amount to be contributed. For the years ended December 31, 2025 and 2024, the Company made qualified non-elective contributions in the amount of $591,766 and $584,153, respectively.

The Company may also make a discretionary non-elective contribution for certain eligible participants. For the years ended December 31, 2025 and 2024, the Company made no discretionary non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer's contribution, Plan earnings (losses), and administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the safe harbor contributions and the non-elective employer contributions plus actual earnings thereon.

In the event of death, permanent disability or retirement, a participant's account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their vested account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested balance and reduced by the highest loan balance over the previous twelve months. Participants must comply with loan provisions including only one loan can be outstanding at a time, level payments of principal and interest must be repaid at least quarterly over the term of the loan, and the term of the loan must not exceed five years unless for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Effective March 23, 2023, loan repayments are made via ACH directly to Fidelity, the Plan recordkeeper.

1. Description of the Plan (continued)

Payment of Benefits

Upon separation of employment due to termination, death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum amount. Prior to termination of employment, a participant can withdraw their deferred compensation balance in the event of certain hardship circumstances or upon reaching 59 1/2 years of age. The form of payment is a lump sum or other forms of distribution per the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to alter, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant will automatically become 100% vested in his or her account balance and distributions shall be made in accordance with the Plan document.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fund management fees charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, fund management fees are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies (continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Effective March 23, 2023, Fidelity will charge an annual administration fee to participant accounts of $8.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of mutual funds, interest and dividend income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2025 and 2024.

4. Fair Value Measurements (continued)

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All mutual fund investments held at December 31, 2025 and 2024 are Level 1 within the fair value hierarchy.

5. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity Management & Research LLC, which received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the net assets available for benefits per the financial statements at December 31, 2025 and 2024. The difference relates to accrued contributions.

	2025	2024
Net assets available for benefits, per Form 5500	**$ 5,641,785**	$ 4,684,147
Participants' contributions receivable	**1,988**	2,579
Employer contributions receivable	**1,527**	1,988
Net assets available for benefits, per financial statements	**$ 5,645,300**	$ 4,688,714

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2025:

Net increase per the Form 5500	$ 957,638
Participants' contributions receivable at December 31, 2025	1,988
Employer contributions receivable at December 31, 2025	1,527
Participants' contributions receivable at December 31, 2024	(2,579)
Employer contributions receivable at December 31, 2024	(1,988)
Net increase per the financial statements	$ 956,586

9. Subsequent Events

The Company has evaluated all subsequent events through September 25, 2026, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

10. Delinquent Participant Contributions

During 2024, the Company failed to transmit certain participant contributions to the Plan in the amount of $96,940 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late participant deferral contributions in 2024. The Company had missed earnings calculated for two of the four entities that participate in the Plan and amounts totaling $191 were funded to those participant accounts on December 23, 2025. In addition, on September 25, 2026, amounts totaling $171 were funded for impacted participants from the third entity. The Company is in the process of having the earnings calculated for the remaining entity and will fund those the participant accounts for the missed earnings when completed.

During 2025, the Company failed to transmit certain participant contributions to the Plan in the amount of $5,776 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late participant deferral contributions in 2025 and will calculate and fund the participant accounts for missed earnings.
