REPORT OF INDEPENDENT AUDITORS

To the Board of Directors
Fisher-Titus Health 401(k) Plan
Norwalk, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fisher-Titus Health 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of Fisher-Titus Health 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the plan document for more information.

General

The Plan is a defined contribution plan which was formed for the purpose of providing retirement benefits to employees of Fisher-Titus Medical Center (Plan Sponsor) and affiliated companies of the Plan Sponsor.

The Plan provides the opportunity for participants to make deferral contributions pursuant to Code Section 401(k) and Roth 401(k) contributions under the guidelines provided by Internal Revenue Service regulations. In addition, participants may make rollover contributions to the Plan from other qualified plans.

Effective December 1, 2021, all employees who are 18 years old and have completed 30 days of employment are eligible to participate in the Plan.

Contributions

The Plan is funded primarily by voluntary employee contributions. Total deferrals by an individual participant in any calendar year may not exceed a dollar limit set by law ($23,500 and $23,000 in 2025 and 2024, respectively). Plan participants who are 50 to 59 or older than 63 years old by the end of the year may make special "catch up" contributions. The limit for "catch up" contributions was $7,500 in 2025 and 2024. Plan participants who are 60 through 63 years old by the end of the year may make "super catch up" contributions. The limit for "super catch up" contributions was $11,250 in 2025. These limits could be increased in future years for cost-of-living changes.

During 2025 and 2024, the Plan Sponsor elected to make a safe harbor matching contribution to participant accounts. During 2025 and 2024, the match was 100% of the first 2% of participant contributions and 50% of the next 4% of participant contributions for the plan year. The Plan also provides for discretionary matching contributions and profit-sharing contributions. In 2025 and 2024, the Plan Sponsor did not make discretionary matching contributions or profit-sharing contributions.

The Plan includes automatic enrollment and automatic escalation provisions whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. These contributions are increased annually. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective December 1, 2021, these contributions are annually increased by 1% on the first day of the plan year until the participant reaches a deferral rate of 6%, unless a participant elects not to participate.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions, plan earnings (losses) and charged with an allocation of administration expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

Vesting

Participants are immediately vested in their salary reduction contributions, rollover contributions, Safe Harbor Plan Sponsor contributions and earnings thereof. Vesting in the Plan Sponsor profit sharing contributions is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Vesting in the Plan Sponsor matching contributions is 0% for up to two years of service and 100% after two years of service.

Payment of Benefits

Amounts can only be withdrawn from the Plan upon terminating employment, attaining age 59 1/2, death or demonstrating financial hardship and are subject to guidelines prescribed by the Internal Revenue Service. Upon termination, a participant will receive a lump sum or installment payments equal to the value of the participant's vested interest in his or her account.

Forfeitures

Forfeitures represent the non-vested portion of the Plan Sponsor contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. At December 31, 2025 and 2024, forfeited non-vested accounts of $152,743 and $60,406 respectively are available to reduce future Plan Sponsor contributions. Forfeitures used to reduce contributions were $64,734 during 2025.

Notes Receivables from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest is calculated at a rate commensurate with loans from the trustee and at local prevailing rates as determined by the Plan's administrator. Principal and interest is paid ratably through payroll deductions. Loans that become in default status are treated as distributions to the participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments and Income Earned

The Plan's investments are reported at fair value. The common/collective trust investments are public investment securities valued using the net asset value (NAV) provided by fund managers. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Receivables

Plan Sponsor matching contributions declared but not funded at year end are reflected as receivables. Employee contributions received but not remitted to the trustee at year end are reflected as receivables. Plan Sponsor contributions declared, but not paid until after year end are reflected as receivables.

The Plan allows for Plan Sponsor matching contribution true-ups at the end of the year for participants who may have received additional funds had they structured their employee deferrals evenly throughout the year.

Historically, all contributions declared or received by the Plan Sponsor have been remitted in a timely fashion in accordance with rules and regulations prescribed by the Department of Labor (DOL) and Internal Revenue Service (IRS). Accordingly, no provision for bad debts is maintained or recorded.

Notes Receivables from Participants

Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan's administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan is recorded as a benefit payment based on the terms of the plan document.

Administrative Expenses

A majority of the Plan's administrative fees which include participant account maintenance fees, trustee fees, legal and audit fees were paid by the Plan by directly debiting participant accounts via per participant and asset based deductions.

The Plan Sponsor provides and pays for the administrative personnel who perform various functions for the Plan.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements are available to be issued which is September 21, 2026.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2025 and 2024:

Money markets: Valued based at the subscription and redemption activity at a $1 stable NAV. However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of cash and cash equivalents, mutual funds, exchange-traded funds, and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market	$ -	$ 203,614	$ -	$ 203,614
Mutual funds	140,449,457	-	-	140,449,457
Self-directed brokerage accounts	2,657,791	-	-	2,657,791
Total assets in the fair value hierarchy	143,107,248	203,614	-	143,310,862
Common collective trust (a)	-	-	-	5,647,814
Investments at fair value	$ 143,107,248	$ 203,614	$ -	$ 148,958,676

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market	$ -	$ 70,588	$ -	$ 70,588
Mutual funds	127,805,943	-	-	127,805,943
Self-directed brokerage accounts	2,260,085	-	-	2,260,085
Total assets in the fair value hierarchy	130,066,028	70,588	-	130,136,616
Common collective trust (a)	-	-	-	6,932,450
Investments at fair value	$ 130,066,028	$ 70,588	$ -	$ 137,069,066

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 5,647,814	None	Daily	None

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying statement of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets at December 31, 2025, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

5. INCOME TAX STATUS

The Plan has adopted a pre-approved plan document sponsored by Fidelity, which has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and certain others. Trustee administration fees are paid to Fidelity, the trustee. Fidelity serves as the administrator for the Plan. UBS Financial Services, Inc. provided investment advisor services. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Plan Sponsor.

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their Plan Sponsor contributions.

REPORT OF INDEPENDENT AUDITORS

To the Board of Directors
Fisher-Titus Health 401(k) Plan
Norwalk, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fisher-Titus Health 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of Fisher-Titus Health 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the plan document for more information.

General

The Plan is a defined contribution plan which was formed for the purpose of providing retirement benefits to employees of Fisher-Titus Medical Center (Plan Sponsor) and affiliated companies of the Plan Sponsor.

The Plan provides the opportunity for participants to make deferral contributions pursuant to Code Section 401(k) and Roth 401(k) contributions under the guidelines provided by Internal Revenue Service regulations. In addition, participants may make rollover contributions to the Plan from other qualified plans.

Effective December 1, 2021, all employees who are 18 years old and have completed 30 days of employment are eligible to participate in the Plan.

Contributions

The Plan is funded primarily by voluntary employee contributions. Total deferrals by an individual participant in any calendar year may not exceed a dollar limit set by law ($23,500 and $23,000 in 2025 and 2024, respectively). Plan participants who are 50 to 59 or older than 63 years old by the end of the year may make special "catch up" contributions. The limit for "catch up" contributions was $7,500 in 2025 and 2024. Plan participants who are 60 through 63 years old by the end of the year may make "super catch up" contributions. The limit for "super catch up" contributions was $11,250 in 2025. These limits could be increased in future years for cost-of-living changes.

During 2025 and 2024, the Plan Sponsor elected to make a safe harbor matching contribution to participant accounts. During 2025 and 2024, the match was 100% of the first 2% of participant contributions and 50% of the next 4% of participant contributions for the plan year. The Plan also provides for discretionary matching contributions and profit-sharing contributions. In 2025 and 2024, the Plan Sponsor did not make discretionary matching contributions or profit-sharing contributions.

The Plan includes automatic enrollment and automatic escalation provisions whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. These contributions are increased annually. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective December 1, 2021, these contributions are annually increased by 1% on the first day of the plan year until the participant reaches a deferral rate of 6%, unless a participant elects not to participate.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions, plan earnings (losses) and charged with an allocation of administration expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

Vesting

Participants are immediately vested in their salary reduction contributions, rollover contributions, Safe Harbor Plan Sponsor contributions and earnings thereof. Vesting in the Plan Sponsor profit sharing contributions is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Vesting in the Plan Sponsor matching contributions is 0% for up to two years of service and 100% after two years of service.

Payment of Benefits

Amounts can only be withdrawn from the Plan upon terminating employment, attaining age 59 1/2, death or demonstrating financial hardship and are subject to guidelines prescribed by the Internal Revenue Service. Upon termination, a participant will receive a lump sum or installment payments equal to the value of the participant's vested interest in his or her account.

Forfeitures

Forfeitures represent the non-vested portion of the Plan Sponsor contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. At December 31, 2025 and 2024, forfeited non-vested accounts of $152,743 and $60,406 respectively are available to reduce future Plan Sponsor contributions. Forfeitures used to reduce contributions were $64,734 during 2025.

Notes Receivables from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest is calculated at a rate commensurate with loans from the trustee and at local prevailing rates as determined by the Plan's administrator. Principal and interest is paid ratably through payroll deductions. Loans that become in default status are treated as distributions to the participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments and Income Earned

The Plan's investments are reported at fair value. The common/collective trust investments are public investment securities valued using the net asset value (NAV) provided by fund managers. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Receivables

Plan Sponsor matching contributions declared but not funded at year end are reflected as receivables. Employee contributions received but not remitted to the trustee at year end are reflected as receivables. Plan Sponsor contributions declared, but not paid until after year end are reflected as receivables.

The Plan allows for Plan Sponsor matching contribution true-ups at the end of the year for participants who may have received additional funds had they structured their employee deferrals evenly throughout the year.

Historically, all contributions declared or received by the Plan Sponsor have been remitted in a timely fashion in accordance with rules and regulations prescribed by the Department of Labor (DOL) and Internal Revenue Service (IRS). Accordingly, no provision for bad debts is maintained or recorded.

Notes Receivables from Participants

Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan's administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan is recorded as a benefit payment based on the terms of the plan document.

Administrative Expenses

A majority of the Plan's administrative fees which include participant account maintenance fees, trustee fees, legal and audit fees were paid by the Plan by directly debiting participant accounts via per participant and asset based deductions.

The Plan Sponsor provides and pays for the administrative personnel who perform various functions for the Plan.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements are available to be issued which is September 21, 2026.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2025 and 2024:

Money markets: Valued based at the subscription and redemption activity at a $1 stable NAV. However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of cash and cash equivalents, mutual funds, exchange-traded funds, and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value	$ 130,066,028	$ 70,588	$ -	$ 137,069,066

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 5,647,814	None	Daily	None

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 6,932,450	None	Daily	None

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying statement of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets at December 31, 2025, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

5. INCOME TAX STATUS

The Plan has adopted a pre-approved plan document sponsored by Fidelity, which has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and certain others. Trustee administration fees are paid to Fidelity, the trustee. Fidelity serves as the administrator for the Plan. UBS Financial Services, Inc. provided investment advisor services. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Plan Sponsor.

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their Plan Sponsor contributions.
