INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees of
The Automaster 401(k) Plan
Shelburne, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The Automaster 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Automaster 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Automaster 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing the audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Automaster 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Automaster 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF THE PLAN

The following description of the The Automaster 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General – The Plan is a defined contribution plan formed on January 1, 1999 and most recently amended and restated effective January 1, 2020. The Plan covers all eligible employees of Automaster Motor Co., Inc., dba The Automaster (the "Company" or the "Plan Sponsor"), excluding nonresident aliens, certain employees covered by a collective bargaining agreement, and drivers. Employees must attain the age of 21 and complete at least 250 hours within three months of service to contribute to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Employee Contributions – Participants may contribute up to 100% of their compensation, as defined by the Plan, limited to a maximum amount as set by the Internal Revenue Service (IRS). These contributions may be pre-tax or after-tax Roth contributions. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up amounts set by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

(c) Employer Contributions – The Company may make discretionary matching and other discretionary contributions, as defined by the Plan. Contributions are subject to certain limitations under the Internal Revenue Code. Participants must be making salary deferrals, be employed on the last day of the Plan year and have worked a minimum of 1,000 hours during the Plan year to be eligible for the discretionary contributions.

The Company made a safe harbor match of 100% up to the first 3% of compensation deferred by participants and 50% on the next 2% for the years ended December 31, 2025 and 2024. The Company made no other discretionary contributions in 2025 or 2024.

(d) Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Company's other discretionary contributions and Plan earnings, and charged with an allocation of administrative fees. Allocations of the Company's other discretionary contributions are based on a participant's eligible compensation relative to total eligible compensation or as defined by the Plan. Allocations of Plan earnings and administrative fees are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of their entire account, as provided in the Plan.

(e) Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 20% vested after two years of service, increasing 20% per year, with 100% vesting after six years of credited service. Participants automatically become fully vested upon death or disability while under the employment of the Company.

DESCRIPTION OF THE PLAN (continued)

(f) Payments of Benefits – Benefits are distributed under the Plan based on the normal retirement date (age 65), disability, death, hardship or the termination of employment of the participant. A participant may elect to receive a lump-sum distribution equal to the value of their account. Participants may also receive in-service distributions after age 59½, as defined, or if they meet certain criteria. Hardship distributions are permitted under the Plan. The amount may not exceed the pre-tax and Roth deferrals.

(g) Forfeited Accounts – Under the Plan, forfeitures of terminated participants' nonvested accounts are used to reduce employer contributions, as defined, or pay administrative fees. Available forfeitures totaled $1,858 and $1,001 as of December 31, 2025 and 2024, respectively. Forfeitures used to reduce employer contributions were $0 for the years ended December 31, 2025 and 2024. Forfeitures used to pay administrative fees were $1,024 and $349 for the years ended December 31, 2025 and 2024, respectively.

(h) Notes Receivable – Participants may borrow from a minimum of $1,000 up to 50% of their vested account balance, provided the loan does not exceed $50,000. Participants are permitted one outstanding loan at a time. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Principal and interest are paid ratably through payroll deductions.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gain and losses on investments bought and sold, as well as held during the year.

(c) Notes Receivable – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

(d) Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(e) Administrative Expenses – Generally, the Plan Sponsor pays the administrative expenses of the Plan, except expenses of the third-party administrator. Participants pay the distribution and loan processing fees, and certain investment fees.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Benefit Payments – Benefits are recorded when paid.

(g) Subsequent Events – The Plan has evaluated subsequent events through October 2, 2026, which is the date that the financial statements were available to be issued.

(3) PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions or terminate the Plan at any time, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Additionally, the Company may amend the Plan at any time without the consent of any participant or any beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefit.

(4) TAX STATUS

The Plan was formed based on a prototype plan that has received a determination letter dated November 23, 2020. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the section 401(a) of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to December 31, 2022.

(5) INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Ascensus LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets held for investment purposes as of December 31, 2025 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

(6) RELATED PARTY TRANSACTIONS

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.

(7) WITHDRAWING PARTICIPANTS

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2025.

(8) FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Valued at the closing price reported on the active market on which the securities are traded.

Money market – The Plan is able to obtain actively traded quoted prices for these funds.

FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	(Level 1)	(Level 2)	(Level 3)	Total

(9) DELINQUENT PARTICIPANT CONTRIBUTIONS

During December 31, 2025, participants contributions totaling 44,658 were not remitted to the Plan within the period prescribed by the DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. The appropriate corrections were made during 2025.
