INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
CTS Construction, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of CTS Construction, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net asset available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CTS Construction, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statement or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements of my report. I am required to be independent of CTS Construction, Inc. Profit Sharing Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements related to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CTS Construction, Inc. Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CTS Construction, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CTS Construction, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that I identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and is not a required part of the consolidated financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information included in the supplemental schedules, other than that agreed to or derived for the certified investment information, has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CTS CONSTRUCTION, INC. PROFIT SHARING PLAN

Notes to Financial Statements

Years Ended December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN:

The following brief description of the CTS Construction, Inc. (the "Sponsor") Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan, which became effective January 1, 1995, is a defined contribution plan. Full-time employees of the Sponsor, who have completed one year of service and attained age 18, are eligible for entry into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Each year participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code Section 401(k) provisions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Sponsor contributes up to 25% of the amounts contributed by participants, subject to certain limitation. Additional profit sharing amounts may be contributed at the option of the Sponsor's board of directors subject to certain limitations. There is an automatic enrollment at 3% of pretax compensation and the participant must opt out of it.

Participant accounts—Each participant account is credited with the participant's contribution and allocations of the Sponsor contributions and the plan earnings. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their salary deferrals and plus actual earnings thereon. Vesting in the Sponsor contributions portion of their accounts plus earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. A participant must complete 1,000 hours of service during a year to be vested for such year.

Loans—Participants may obtain a loan through the Plan, subject to rules and requirements outlined in the plan document. These are disclosed as notes receivable from participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting—The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition—Investments are valued at fair value. Fair value is reported by Fifth Third Bank, the custodian, based on the market value of underlying securities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Net appreciation in the fair value of investments represents net realized gains on investments sold during the year and net unrealized gains on investments held at the end of the year. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

A participant may direct the investment of the portion of their account attributable to deferral and matching contributions. Nineteen investment funds are available, all of which are mutual funds. The mutual funds include large, med, and small cap funds, money market funds, bond funds, international funds, and index funds. Participants may change their invest options at any time.

Withdrawals and payment of benefits—Participants may withdraw all or any part of their balance upon reaching normal retirement age of 65, or can elect to withdraw all or any part of their vested account balance after having attained age 59½. The Plan offers only a lump-sum cash distribution option.

Administrative expenses—Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The Sponsor has elected to pay certain costs associated with plan administration from its operating assets.

Forfeited Accounts—At December 31, 2025 and 2024, forfeited non-vested accounts totaled $28,490 and $24,827, respectively. These accounts will be allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the year bears to the compensation of all other participants for such year.

Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. INFORMATION CERTIFIED BY THE CUSTODIAN:

All financial data related to investments used in the preparation of the statement of net assets available for benefits and statement of changes in net assets available for benefits for the 2025 financial statements have been certified as to accuracy and completeness by the Plan's custodian, Empower Retirement, LLC.

4. PLAN AMENDMENTS:

The Plan has been restated for float compensation effective July 23, 2024.

The Plan has been restated for matching catch-up deferrals effective January 1, 2021.

The Plan has been restated for elective date of deferrals and certain disability provisions effective February 1, 2019.

The Plan has been restated for compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes effective April 1, 2015.

See also Note 9. Subsequent Events.

5. TAX STATUS:

The Internal Revenue Service has determined that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Sponsor and the plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

With few exceptions, the Plan's federal information returns are no longer subject to examination by the Internal Revenue Service for the years before 2022.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

6. FAIR VALUE MEASUREMENTS:

The Plan applies accounting principles generally accepted in the United States of America (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. Fair value is defined as the price that would be received for an asset or paid to transfer a liability, in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants at the measurement date. GAAP establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The Plan has determined that the only material financial assets or liabilities that are measured at fair value on a recurring basis and categorized using the fair value hierarchy are investments. Investments are made up of equity securities and fixed income securities. These investments are valued using quoted market prices for similar assets. All investments at December 31, 2025 are measured at Level 1 and 2 inputs. Significant transfers between fair levels are determined at the end of the reporting period. There were no significant transfers in 2025.

7. PARTIES-IN-INTEREST:

Fees paid during the year for professional services rendered by any parties-in-interest were based on customary and reasonable rates for each service.

8. SUBSEQUENT EVENTS:

The Plan has been restated to comply with the provisions of the SECURE 2.0 Act effective September 23, 2026.

The Sponsor evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements considered events through October 5, 2026, the date on which the financial statements were available to be issued.
