Independent Auditors' Report

To the Plan Administrator
Workforce Resource Tax Sheltered Annuity Plan
Menomonie, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Workforce Resource Tax Sheltered Annuity Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of Workforce Resource Tax Sheltered Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution)

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report We are required to be independent of Workforce Resource Tax Sheltered Annuity Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Workforce Resource Tax Sheltered Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

In performing an audit in accordance with generally accepted auditing standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Workforce Resource Tax Sheltered Annuity Plan's internal control Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Workforce Resource Tax Sheltered Annuity Plan's ability to continue as a going concern for a reasonable period of time

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits

To the Plan Administrator
Workforce Resource Tax Sheltered Annuity Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2025 financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Note 1 - Description of Plan

The following brief description of the Workforce Resource Tax Sheltered Annuity Plan (Plan) provides only general information Participants should refer to the plan document for a more complete description of the Plan's provisions

General

Workforce Resource, Inc (Organization) established the Plan to provide employees with a systematic means of savings and investing for the future All permissible employees of the Organization, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire and salary reduction contributions will take effect as soon as administratively possible All employees of the Organization that are hired must hold permanent positions, normally work more than 20 hours per week, and have at least one year of service with 1,000 hours to be eligible to receive the Organization's nonelective contribution, effective the first day of the subsequent quarter after becoming eligible The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA)

Contributions

Each year, participants may contribute up to 100% of annual compensation as pretax or Roth contributions, as defined in the Plan, subject to certain IRS limitations Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions Participants may also transfer to the Plan amounts representing distributions from other 403(b) or qualified plans Participants direct the investment of their contributions into various investment options offered by the Plan The Organization's nonelective contribution is 6% of eligible compensation regardless if those participants are also contributing their own compensation The Organization's nonelective contribution is invested directly into the same investment options as directed by the participants All investments are participant-directed, and they may change their investment options at any time

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and allocation of (a) the Organization's nonelective contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses Allocations are based on participant compensation or account balance, as defined in the Plan The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon, as well as Organization nonelective contributions upon achieving above stated eligibility

Notes Receivable from Participants

Prior to January 1, 2021, participants could borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance Participants could not borrow less than $1,000 After January 1, 2021, loans are not allowed under the Plan Loan terms range from one to five years, except in the case of a principal residence purchase in which the maximum repayment period is ten years The custodian requires that 120% of the outstanding balance be maintained as collateral and held in a specific account and bear interest at a rate commensurate with similar length loans made by the custodian

Note 1 - Description of Plan (Continued)

Payment of Benefits

Upon retirement, disability, or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump-sum, or at the participant's or beneficiary's election, in installments over a period of not more than the assumed life expectancy Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of the participant's vested account as a lump-sum The Plan also allows for hardship withdrawals of employees' contributions

Note 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements These accounting policies conform to generally accepted accounting principles

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures Accordingly, actual results may differ from those estimates

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date The Plan committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians See Note 4 for discussion of fair value measurements

Purchases and sale of securities are recorded on a trade-date basis Interest income is recorded on the accrual basis Dividends are recorded on the ex-dividend date Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and dividends and interest

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest Interest income is recorded on the accrual basis Related fees are recorded as administrative expenses and are expensed when they are incurred Delinquent participant loans are reclassified as distributions based on the terms of the plan document and the loan policy

Administrative Expenses

Any administrative expenses of the Plan paid directly by the Organization are not included in the accompanying financial statements Certain other third-party administration and record-keeping fees not covered by the Organization are included in the accompanying financial statements Investment related expenses are included in net appreciation of fair value of investments

Note 2 - Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid

Subsequent Events

The Plan has evaluated subsequent events through September 16, 2026, the date the financial statements were available to be issued

Note 3 - Income Taxes

Tax sheltered annuity plans or 403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination However, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress

Note 4 - Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3) The three levels of the fair value hierarchy are described below

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodology used for assets measured at fair value There have been no changes in methodology used at December 31, 2025 and 2024

Note 4 - Fair Value Measurements (Continued)

Mutual Funds Valued at the daily closing price as reported by the fund Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission These funds are required to publish their daily net asset value (NAV) and to transact at that price The mutual funds held by the Plan are deemed to be actively traded

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,664,397	$ -	$ -	$ 3,664,397

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,545,493	$ -	$ -	$ 3,545,493

Note 5 - Guaranteed Investment Contracts

The Plan holds fully benefit-responsive guaranteed investment contracts with Empower Annuity Insurance Company of America and Ameriprise Trust Company totaling $63,888 and $209,924 at December 31, 2025 and 2024, respectively Empower and Ameriprise maintain the contributions in general accounts The guaranteed investment contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan The crediting interest rate is based on a formula established by the contract issuer Such interest rates are reviewed on a quarterly basis for resetting The guaranteed investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity dates

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan Contract values, as reported to the Plan by Empower and Ameriprise, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments

Note 5 - Guaranteed Investment Contracts (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value Such events include (1) an incurred violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA In the event of Plan termination, all amounts credited to the participants' accounts will be distributed to the participants in accordance with the Plan's provisions

Note 7 - Party-In-Interest Transactions

Certain Plan investments are sponsored by Ameriprise Trust Company (Ameriprise) and Empower Annuity Insurance Company of America, the Plan's custodians, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions Fees incurred by the Plan for the investment management services provided by Ameriprise and Empower are included in net appreciation in fair value of investments, as they are paid indirectly Direct payments made to Ameriprise and Empower for third party administration, record-keeping services and account maintenance fees for the years ended December 31, 2025 and 2024, amounted to $23,056 and $18,231, respectively Certain employees and officers of the Organization, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan

Note 8 - Certification of Investment Information

Empower Annuity Insurance Company of America and Ameriprise Trust Company, qualified institutions, have provided the Plan administrator with certifications as to the completeness and accuracy of the investment information and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the related investment income reflected in the statements of changes in net assets available for benefits for the years then ended, and the investment information and notes receivable from participants included in the supplemental schedule of assets (held at end of year) as of December 31, 2025

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities These investments are exposed to various risks such as interest rate, market, and credit risks Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits
