Independent Auditor's Report

RSM US LLP

Board of Directors
Cleveland Brothers Retirement Plan for Union Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Cleveland Brothers Retirement Plan for Union Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Cleveland Brothers Retirement Plan for Union Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to provide retirement benefits for employees of Cleveland Brothers Equipment Co., Inc. (the Company) who are members of Local 66C at the Pittsburgh, Clearfield, Somerset, Indiana, Erie, and Lantz Corners, Pennsylvania, locations, and members of the Local 132 at the Clarksburg, West Virginia, location. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan. Additionally, participants may designate some or all of their contributions as Roth after-tax contributions in accordance with the Internal Revenue Code (IRC) Section 402(g) annual limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions and Roth after-tax catch-up contributions in accordance with and subject to the limitations of the IRC. Participants may also contribute amounts, in the form of rollover contributions, representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan. Employer contributions to the Plan are made each payroll period in an amount determined by the collective bargaining agreements.

The Plan also has a profit-sharing component, whereby the Company may make discretionary contributions on an annual basis, on behalf of eligible participants as defined in the collective bargaining agreements. Such contributions are determined by the Company's board of directors based on the earnings of the Company. For the years ended December 31, 2025 and 2024, the Company approved profit sharing contributions to the Plan in the amounts of $491,655 and $583,332, respectively. Participants direct the investment of contributions into various investment options offered by the Plan.

Participants in the Plan who do not take action to decline enrollment in the Plan are automatically enrolled with a pretax contribution rate equal to 3% of their annual compensation. Effective January 1, 2025, the Plan amended the automatic enrollment pretax contribution rate to be 5% of their annual compensation for participants hired on or after July 31, 2025. Contributions are invested in a Vanguard Target Retirement Fund based on the participant's anticipated retirement date. Participants are also automatically enrolled in annual pretax contribution rate increases of 1% up to a maximum of 20%. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Contributions from Plan participants and the matching contributions from the employer are recorded in the plan year in which the employee contributions are withheld from compensation.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching and profit sharing contributions, and actual earnings (losses). Allocations are based on participant earnings (losses) or account balances by fund, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and rollovers from other plans plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their account, plus actual earnings (losses) thereon, is based on years of continuous service. Vesting ranges from immediate to three years in the Company contribution portion of their account, dependent on the contribution type.

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow funds from their individual accounts within defined limits. Loan repayment periods shall not exceed five years, unless the loan is used to purchase a principal residence, in which case the repayment period shall not exceed 15 years. Interest is charged at a fixed percentage rate ranging from 4.25% to 9.50% at December 31, 2025, based on market rates at the inception of each loan.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are treated as distributions based upon the terms of the Plan document.

Transfers: Upon change in employee status between union and nonunion, the Plan Sponsor initiates a transfer of the participant's account balance between the Cleveland Brothers Retirement Plan and the Cleveland Brothers Retirement Plan for Union Employees. As such, the transferred assets have been presented as transfers on the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

Payment of benefits: Upon termination of service, including death, disability, or retirement, a participant may receive the value of their account in a lump-sum payment. Mandatory or involuntary lump-sum distributions less than $7,000 shall be made as provided for by the Plan. A participant may also withdraw their vested interest in the Plan upon attainment of age 59½ or under certain hardship conditions in accordance with Plan provisions.

Forfeited accounts: As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $10,087 and $41,645, respectively. These accounts may be used, at the discretion of the Company, to either reduce future Company contributions, pay plan expenses, or be reallocated among the eligible active participants at the end of the plan year in which the forfeitures occur. The Company used $65,669 and $0 of forfeitures during 2025 and 2024, respectively, to pay plan expenses and reduce the Company match.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total account.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments bought, sold, and held during the year. Capital gain distributions are included in dividend income.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Plan or the Company at the discretion of the Company.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 5, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Vanguard Fiduciary Trust Company

The following is a summary of the plan's asset information as of December 31, 2025 and 2024, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company, a qualified institution:

	2025	2024
Registered investment companies	$ 69,251,457	$ 63,304,325
Common/collective trust fund	$ 662,207	$ 852,806
Notes receivable from participants	$ 321,922	$ 454,245

Vanguard Fiduciary Trust Company also certified the completeness and accuracy of the following for the years ended December 31:

	2025	2024
Net appreciation in fair value of investments	$ 8,093,049	$ 5,479,316
Interest and dividends income from investments	$ 2,692,770	$ 2,225,424
Interest on notes receivable from participants	$ 20,090	$ 21,579

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Investments in mutual funds valued at the daily closing price as reported by the fund, which represents the net asset value (NAV) of the fund. Each fund's NAV is calculated as of the close of business of the New York Stock Exchange (NYSE) and National Association of Securities Dealers Automated Quotations (NASDAQ). These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded.

Common/collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 69,251,457	$ -	$ -	$ 69,251,457
Total assets in the fair value hierarchy	$ 69,251,457	$ -	$ -	69,251,457
Investments measured at net asset value[(a)]				662,207
Investments at fair value				$ 69,913,664

	2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 63,304,325	$ -	$ -	$ 63,304,325
Total assets in the fair value hierarchy	$ 63,304,325	$ -	$ -	63,304,325
Investments measured at net asset value[(a)]				852,806
Investments at fair value				$ 64,157,131

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2025 and 2024, there were no transfers in or out of Level 1, 2 or 3.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using the NAV per share (or its equivalent) as of December 31:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Common/collective trust fund	$ 662,207	$ 852,806	None	Daily	None

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated December 12, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended subsequent to the period covered by the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transaction

The Plan invests in shares of registered investment companies and a common/collective trust fund managed by an affiliate of Vanguard Fiduciary Trust Company. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. All other transactions, which may be considered party-in-interest transactions, relate to normal plan management and administrative services and the related payment of fees. Administrative expenses were $47,748 and $43,316 for the years ended December 31, 2025 and 2024, respectively.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
