Independent Auditor's Report

To the Plan Administrator
Trollco, Inc. 401(k) Plan
Windsor, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Trollco, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Trollco, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trollco, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trollco, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trollco, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trollco, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Trollco, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Trollco, Inc, Soaring Sports Group, LLC (previously Larimer County Sports, LLC), and Pelican Lakes, LLC (collectively, the "Company") who have one year of service and are age 21 or older. The Plan was established on December 1, 2003. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Administrator of Trollco, Inc. 401(k) Plan administers the Plan. Principal Life Insurance Company and Principal Trust Company ("Principal Financial Group") manage and maintain the Plan assets and records. FuturePlan by Ascensus is the third-party administrator and provides plan design, administration, and compliance services.

Contributions - Participants may make before-tax, after-tax (Roth) contributions, and voluntary after-tax contributions, up to a maximum of 100%, of their total compensation each year instead of receiving that amount in cash. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The amount of the deferral is limited to the maximum allowed by law. The Plan also allows rollover contributions from qualified plans. Employee contributions are withheld from the participants' payroll each pay period. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants are enrolled at three percent of eligible compensation.

The Company makes qualified safe harbor matching contributions in the amount of 100 percent of the total of the participant's pre-tax, catch-up, and Roth elective deferrals that do not exceed three percent of their compensation plus 50 percent on the next two percent of the participants' compensation. Voluntary, after-tax contributions are not matched by the Company. The Company may also make discretionary profit sharing contributions that are subject to a six year graded vesting schedule based on years of service. There were no profit sharing contributions for the year ended December 31, 2025.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Plan sponsor's contribution (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting - Participants are immediately vested in their salary deferrals, safe harbor contributions, and rollover contributions into the Plan. Participant vesting with regards to discretionary employer contributions is determined by years of service. The table below outlines the vesting schedule for employer matching contributions into the Plan:

Years of Service	Vested Interest
1	20 %
2	40 %
3	60 %
4	80 %
5	100 %

Payment of Benefits - Upon death, disability, retirement, or termination of service, a participant can elect to receive either a lump-sum distribution equal to the vested value of the participant's account, or installments under a life annuity plan. Participants may not make withdrawals from their accounts prior to retirement at age 59 and a half, except in the event of disability, death, termination of employment or notice of hardship, without being subject to certain restrictions and penalties.

Notes Receivable From Participants - Participants may borrow from their fund accounts up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2 percent. The interest rates on outstanding notes receivable from participants range from 5.25 percent to 10.25 percent as of December 31, 2025 and 2024. Interest income on notes receivable from participants is recognized in the period it is earned. Installment payments including principal and interest on the loans are withheld from the participant payroll every pay period. Loans mature through from December 2026 through March 2031.

Forfeitures - According to the plan document, forfeitures will be used to pay Plan expenses. In some cases, remaining forfeitures will be used to reduce employer contributions. The Internal Revenue Code ("IRC") does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. There were no forfeitures used to pay Plan expenses or reduce employer contributions for the years ending December 31, 2025 and 2024, respectively.

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investments advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are considered in default at the end of the current period set forth by the separate loan procedures, for which there is any outstanding payment due (principal or interest). At this date, the entire outstanding principal and accrued interest shall be distributed or deemed distributed to the participant. For the year ended December 31, 2025, there were no deemed distributions that resulted from defaulted loans.

Administrative Expenses - Plan expenses are generally paid for by the Plan Sponsor. To the extent the administrative expenses are not paid by the Plan Sponsor, such expenses are generally allocated among the accounts of the participants in the Plan. The Administrator may, from time to time, change the manner in which expenses provided that the allocation is consistent with ERISA.

Plan Restatement - The Plan was restated effective October 1, 2021 in order to comply with all the applicable requirements as set forth by the IRC. The Plan adopted the Ascensus, LLC Non-Standardized Defined Contribution Plan. The Plan was then amended effective January 1, 2022 to adopt Larimer County Sports, LLC (now Soaring Sports Group, LLC) and associated periods of services and vesting into the Plan.

Subsequent Events - The Company has evaluated all subsequent events through September 2, 2026, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market which the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in an active market;
- Quoted prices for identical or similar assets or liabilities in an inactive market;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 - Fair Value Measurements (continued)

Pooled separate accounts: The Plan invests in a pooled separate account for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV per share, as determined by the trustees, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

Common/collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 4). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 668,386	$ -	$ -	$ 668,386
Total assets in the fair value hierarchy	$ 668,386	$ -	$ -	668,386
Investments measured at NAV (a)				5,416,756
Investments at fair value				$ 6,085,142

Note 3 - Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 501,435	$ -	$ -	$ 501,435
Total assets in the fair value hierarchy	$ 501,435	$ -	$ -	501,435
Investments measured at NAV (a)				4,093,704
Investments at fair value				$ 4,595,139

(a) In accordance with generally accepted accounting principles ("GAAP"), certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2025 and 2024. There are no redemption restrictions for these investments.

	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 65,092	$ 58,838	n/a	Daily	n/a
Common/collective trusts	5,351,664	4,034,866	n/a	Daily	n/a
Investments measured at NAV	$5,416,756	$4,093,704			

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fully Benefit-Responsive Investment Contracts

The Plan holds a fully benefit-responsive contract in the Principal Fixed Income Guaranteed Option Fund totaling $98,579 and $56,991 as of December 31, 2025 and 2024, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Note 4 - Fully Benefit-Responsive Investment Contracts (continued)

There is no guaranteed rate for the Principal Fixed Income Guaranteed Option Fund. Interest rates are determined as follows: Prior to each quarter end, the effective annual rate of interest is established for the corresponding three month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the three month period. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts as this is the amount received by participants if permitted transactions are initiated under the terms of the Plan. Contract value, as reported to the Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or beneficiary.

Note 6 - Tax Status

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Prototype Non-Standardized Pre-Approved Profit Sharing Plan with CODA, as designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 6,240,630	$ 4,666,625
Unallocated plan contributions	46,896	-
Net assets available for benefits per Schedule H of Form 5500	$ 6,287,526	$ 4,666,625

The following is a reconciliation of contributions received from the employer per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Employer contributions per the financial statements	$ 339,325
Unallocated employer contributions	15,291
Employer contributions per Schedule H of Form 5500	$ 354,616

The following is a reconciliation of contributions received from the participant per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Employee contributions per the financial statements	$ 559,564
Unallocated employee contributions	31,605
Employee contributions per Schedule H of Form 5500	$ 591,169

Note 8 - Information Prepared and Certified by Trustee

Certain Plan investments are managed by either Principal Trust Company or Principal Life Insurance Company who are the trustees/custodians and/or record keepers for the Plan and, therefore, these transactions qualify as party in interest transactions. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held by Principal Trust Company at December 31, 2025 and 2024 and net depreciation in fair value of investments and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Financial Group (the Trustee of the Plan).

Notes receivable as of December 31, 2025 and 2024 and related interest income on notes receivable from participants for the year ended December 31, 2025 are not certified.

Note 9 - Related-Party and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are paid as a direct payment. As described in Note 2, the Plan also made direct payments to the third party administrator totaling $34,520 for the year ended December 31, 2025. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
