Independent Auditor's Report

To the Plan Administrator of the Dana-Farber Cancer Institute Retiree Medical Savings Account Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dana-Farber Cancer Institute Retiree Medical Savings Account Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. PLAN DESCRIPTION:

The following description of the Dana-Farber Cancer Institute Retiree Medical Savings Account Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document, maintained by Dana-Farber Cancer Institute (the "Institute"), for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2006, is a contributory medical expense reimbursement plan that covers all employees who are at least 50 years of age or will turn 50 during the plan year and are eligible to participate in the Dana-Farber Cancer Institute Retirement Plan or IUOE Central Pension Fund.

Also, effective January 1, 2006, the Institute formed the RMSA Trust (the "Trust"), a Voluntary Employee Benefit Association ("VEBA"), to hold the assets of the Plan. Consequently, the Institute appointed The Bank of New York Mellon/BNY Mellon, N.A. as custodian and trustee of the Trust. Sentinel Benefits & Financial Group serves as the recordkeeper.

Contributions

Contributions to the Trust are made by the participants and the Institute. Participants may contribute up to $5,000 per calendar year in after-tax dollars.

The Institute will make a matching contribution for each plan year for each participant equal to 50% of the first $1,500 of the participant's contribution, or a maximum of $750 per plan year. The maximum contribution that the Institute will make for a participant over the participant's employment at the Institute is $15,000. The employer matching contributions are made and allocated to participant accounts each year as soon as practicable after the close of the year. For the year ended December 31, 2025, the Institute made employer contributions amounting to $820,889.

The balance in a participant's account on January 1st will receive an annual interest credit on the following December 31st. A participant must either be employed or have an account balance on December 31 in order to be entitled to receive an interest credit. Interest is calculated using the average of the 26-week Treasury bill rate associated with the first Treasury auction in January and the 26-week Treasury bill rate associated with the first Treasury auction in July.

CARON BLETZER

Participant Accounts

Solely for the purposes of calculating the amount of benefits payable under the Plan, accounts are maintained for each participant with an accrued benefit under the Plan. Each participant's account is credited with the participant's contribution, the Institute's contribution, and an interest credit, as applicable. The interest credit is based upon the average 26 week Treasury bill rates during the year and is credited based on the number of dollars in a participant's account on the January 1st of the plan year that had just ended. The Institute credits participants' accounts as soon as practicable after the close of a plan year. Participant accounts are maintained by the plan administrator for accounting purposes and shall not be representative of any identifiable trust assets. As of December 31, 2025 and 2024, trust assets were in excess of participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution of Benefits

Upon termination of employment or retirement or the attainment of age 65, a participant is eligible to use the funds in their account for reimbursement of qualified medical expenses incurred by the participant, spouse, and dependents and such other health costs as permitted by law. Reimbursement is available only to the extent of the participant's after tax and the Institute's contribution account balances. Upon death, the participant's spouse shall be immediately eligible for reimbursement of qualified medical expenses payable from the balance in the participant's accounts, subject to the same conditions as applicable to the participant.

An eligible medical expense is an expense that has been incurred for medical care as defined by Internal Revenue Code Section 213(d), has not been, and will not be reimbursed by any other source.

Medical care expenses consist of any amounts incurred to diagnose, treat or prevent a specific medical condition or for purposes of affecting any function or structure of the body. However, not all health related expenses are eligible.

Vesting

Participants are 100% vested in their employee contributions and the interest credited thereon under the terms of the Plan. Participants vest in the Institute's matching contribution and any interest credited thereon in accordance with the following:

1. Participants who are fully vested under the Dana-Farber Cancer Institute Retirement Plan or the IUOE Central Pension Fund as of January 1, 2006 are considered fully vested in the Plan.

2. Any other participant shall become 100% vested upon the occurrence of the earliest of attainment of 65, upon death or disability, completion of three years of service, or plan termination.

CARON BLETZER

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. The Plan's investments are valued at their fair value as of December 31, 2025 and 2024 and contributions are recorded on a cash basis when the trustee receives them. This is a comprehensive basis of accounting other than generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Certain administrative fees are paid through the Plan. All other expenses incurred by the Plan are paid by the Institute. Expenses that are paid by the Institute are excluded from these financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CARON BLETZER

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual fund - Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
Description	Total	Level 1	Level 2	Level 3
Mutual fund	$ 14,625,345	$ 14,625,345	$ -	$ -
Total investments in the fair value hierarchy	$ 14,625,345	$ 14,625,345	$ -	$ -

	2024			
Description	Total	Level 1	Level 2	Level 3
Mutual fund	$ 12,654,650	$ 12,654,650	$ -	$ -
Total investments in the fair value hierarchy	$ 12,654,650	$ 12,654,650	$ -	$ -

D. CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan.

CARON BLETZER

E. TAX STATUS:

The Trust has received an exemption letter dated September 27, 2007 from the Internal Revenue Service ("IRS") stating that the Trust is tax exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the "Code") as a Voluntary Employee Beneficiary Association. The Plan and Trust are required to operate in conformity with the Code to maintain the tax-exempt status of the Trust. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related trust is tax exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Institute has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts, and remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits on account of the participants.

G. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the trustee generates party in interest transactions.

H. RISKS AND UNCERTAINTIES:

The Plan invests in The BlackRock Liquid T-Fund (the "Fund"). The Fund is exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with the Fund, it is at least reasonably possible that changes in the value of the investment will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

I. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through August 25, 2026, the date these financial statements were available for issuance.
