Report of Independent Auditors

The Administrator of the GPM Home Office Employees' Retirement Plan
GPM Home Office Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GPM Home Office Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Shape the future with confidence

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GPM Home Office Employees' Retirement Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following description of the GPM Home Office Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering virtually all employees of Government Personnel Mutual Life Insurance Company (GPM). An employee becomes eligible to participate in the Plan after completing 3 months of service (during which time the employee must complete 250 hours of service) and attaining age 18. If the employee does not complete 250 hours of service in the 3-month time period, the employee is subject to the year of service requirement (must complete 1,000 hours of service) to become eligible for the Plan. Entry dates are the first day of the month following completion of eligibility requirements.

Empower Trust Company, LLC is the trustee for the Plan and Empower Retirement, LLC is the participant recordkeeper for the Plan (collectively referred to herein as Empower). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute on a pretax basis an amount not to exceed the limits of Internal Revenue Code (the Code) Sections 401(k), 402(g), 404, and 415 pursuant to a salary deferral agreement. Upon becoming eligible to contribute to the plan, participants are automatically enrolled at 6% pre- tax contribution rate. The participant contribution rate is automatically increased by 1% annually until the participant contribution rate is 15%. Participants may choose to opt out any of these automatic features or may elect to contribute at a lower or a higher participant contribution rate at any time. Participants may also make Roth contributions. Roth contributions are currently included in a participant's gross income, unlike pretax contributions. However, a qualified distribution of designated Roth contributions is excludable from a participant's gross income. Participants may convert all or part of their accounts into Roth accounts.

GPM makes a matching contribution of 62.5% of a participant's contribution up to 6.0% of compensation. In addition, GPM also makes a safe harbor employer contribution of 3.0% of all eligible participants compensation as approved annually by the board of directors.

1. Description of Plan (continued)

Additional amounts may be contributed at the option of GPM's Board of Directors. All contributions to the Plan are participant directed. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, GPM's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may allocate balances among selected investments as frequently as daily. However, to avoid excessive trading, a participant will be prohibited from transferring into most mutual funds and similar investment options if he or she has transferred into and out of the same option within the previous 60 days. Certain stable value, guaranteed interest, fixed-income, and other investment options are not subject to this restriction.

Participants may transfer out of any option at any time. Purchases and sales resulting from regular contributions, distributions, loans, and certain other transactions are excluded when determining whether trading activity is excessive.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or GPM, as provided by the Plan's provisions. Administrative expenses paid by the Plan include record-keeping, financial advisor, and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by GPM. Expenses that are paid by GPM are excluded from these financial statements.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and safe harbor qualified nonelective contributions. Participants become vested in matching contributions made by GPM and earnings thereon as follows:

Years of Service	Vesting Percentage
Less than 1 year	–%
1 year (but less than 2)	10%
2 Years (but less than 3)	20%
3 Years (but less than 4)	40%
4 Years (but less than 5)	60%
5 Years or more	100%

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $312 and $991, respectively. These accounts will be used to reduce future employer contributions. Total forfeitures of $21,200 were used to reduce employer contributions during 2025.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate financial need as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

1. Description of Plan (continued)

Participant Loans

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The Plan allows the maximum of two loans. Loan terms may not exceed five years, even for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP). Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements, supplemental schedule, and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract discussed below. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market

2. Significant Accounting Policies (continued)

participants at the measurement date (the exit price). Shares of mutual funds are based on quoted market prices, which represent the net asset value of shares held by the Plan at the Plan's year-end. See Note 3 for further discussion and disclosures related to fair value measurements.

The Plan provides for investments in a fully benefit-responsive group unallocated annuity contract (GAC) issued by Mass Mutual Life Insurance Company (MMLIC). The GAC held in the General Account is recorded at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The GAC held in the General Account is supported by the general assets of MMLIC and has no maturity date. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Other investment options under the Plan are investments in various Collective Trust Funds (CTF's), mutual funds and fixed annuity account. The CTF's have a readily determinable fair value and are valued at the NAV of units held at year-end, as reported by the CTF sponsor. The CTFs are not publicly traded but valuation data on NAV's are available to participants of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits and participant account balances.

3. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

  – Quoted prices for similar assets and liabilities in active markets

  – Quoted prices for identical or similar assets or liabilities in markets that are not active

  – Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

  – Inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 13,161,211	$ –	$ –	$ 13,161,211
Collective trust funds	–	8,404,070	–	8,404,070
				$ 21,565,281

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 11,735,797	$ –	$ –	$ 11,735,797
Collective trust funds	–	8,264,084		8,264,084
				$ 19,999,881

4. Investments at Contract Value

Investments at contract value include the GAC held in the General Account. The crediting interest rate for the GAC may be reset on a semiannual basis in advance of the period to which it relates and was at least 3% for 2025. The crediting interest rate applies to the entire contract value. Crediting rates are set in response to several factors: (1) the cash flows in and out of the account during the calendar year, (2) the overall investment results of the custodian's general investment account for the year, (3) projected levels of cash flows within the current interest rate environment, (4) projected maturity of the underlying investments, and (5) interest rates that may be applied to the reinvestment of assets in maturing investments.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments

4. Investments at Contract Value (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

The GAC held in the General Account did not specify any events that would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from the contract value or limit the ability of the Plan to transact at contract value with participants. The GAC held in the General Account provides payment options of the contract value for surrendering the account; however, GPM does not intend to surrender the account. GPM may refuse to accept the offer of guaranteed interest rates at the January renewal date. If GPM refuses the offer, the account would be liquidated.

5. Investments and Notes Receivable

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025, and 2024, net depreciation/net appreciation in fair value of investments, interest and dividend income received, and interest income due on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator. For 2025 and 2024, the information was certified as complete and accurate by Empower Trust Company, LLC, the trustee of the Plan.

6. Plan Termination

Although it has not expressed intent to do so, GPM has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. Income Tax Status

The underlying pre-approved plan has received an advisory letter from the IRS dated November 14, 2022, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party-in-Interest Transactions

Effective January 1, 2021, Empower, through its insurance affiliate and their investment group, manages control of the General Account (formerly known as the Guaranteed Interest Account). Empower may receive fees for managing this account. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

9. Subsequent Events

Management evaluated subsequent events through September 30, 2026, which is the date the accompanying financial statements were available to be issued.
