Independent Auditor's Report

To the Administrative Committee
Technical Associates of Georgia, Inc.
Employee Stock Ownership Plan
Albany, Georgia

Opinion

We have audited the accompanying financial statements of Technical Associates of Georgia, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Technical Associates of Georgia, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Technical Associates of Georgia, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Technical Associates of Georgia, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. PLAN DESCRIPTION

The following description of the Technical Associates of Georgia, Inc. (the "Company" or "Sponsor") Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Company established the Plan as of January 1, 2006. The Plan operates as an employee stock ownership plan and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 ("Code"), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan will continue to invest primarily in the stock of the Company. The Plan is administered by an Administrative Committee appointed by the Company's Board of Directors (the "Board"). One individual appointed by the Board of the Company serves as Trustee of the Plan.

Participation

Employees of the Company are generally eligible to participate in the Plan as of the first day of the month following the completion of one hour of service and having attained the age of 18. Participants who do not have at least one hour of service during such Plan year or are not employed on the last working day of such Plan year are generally not eligible for an allocation of Company contributions for such year.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of each annual valuation date with an allocation of the Company's contribution, if any, and forfeitures of terminated participants' nonvested accounts. These allocations are based on a participant's eligible compensation, relative to total eligible compensation. Forfeited nonvested account balances totaling $19,101 were allocated to remaining participants at December 31, 2025. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. Dividends as a result of S corporation distributions are allocated to each participant's account based on the ratio of the participant's beginning of the year balance less respective distributions in the current year to all participants' beginning of the year balances less respective distributions in the current year.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to matters which constitute a major event. In all other circumstances, the Trustee will vote the Company stock held by the Plan. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Vesting

Participants who retire on or after attaining the normal retirement age of 65, terminate employment due to a disability, or die while employed by the Sponsor are 100% vested in their account balance. Otherwise, participants vest 100% after three years of service. A year of vesting service is credited for a Plan year in which the participant works at least 1,000 hours.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, becomes disabled, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representative), or otherwise terminates employment with the Company. If a participant terminates employment prior to reaching normal retirement age, distribution installments do not begin until after the completion of five years following the year of termination and any distributions will be delayed until the loans, for which Company common stock was acquired with the proceeds of such loans, are repaid in full. Distributions are made in cash installments over five years if the balance is over $1,000 or, if a participant elects, in the form of Company common stock plus cash for any fractional share.

Put Option

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations and includes a put option. The put option is a right to demand that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the fair market value of the common stock. Payment for the shares of Company common stock may be made, at the discretion of the Company, in cash or through the issuance of the Company's promissory note, with interest on the unpaid balance at the prime rate of interest reported in the Wall Street Journal, payable at least annually in equal installments over five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account over a six year period. A participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified, for each of the first five diversification years. In the final election year, the participant can elect to diversify up to 50%, less any shares previously diversified. Participants who elect to diversify receive a cash distribution.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated September 29, 2013, stating that the Plan is qualified, under the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator confirmed with the ESOP attorney for the Plan that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Generally accepted accounting principles in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participants or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Plan Administrator shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financial stock held in a loan suspense account to the extent it determines such sale to be necessary in order to repay any outstanding loans.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. The fair value of the common stock of the Company has been estimated with the assistance of an independent valuation specialist in the absence of readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed and the difference could be material. See Note 5 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Income

Employer contributions are recognized in the period in which the employer's obligation to make such contributions is incurred. In accordance with ASC 326, no allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

As provided by the Plan Agreement, administrative expenses may be paid either by the Plan or by the Company.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 2, 2026, the date the financial statements were available to be issued.

NOTE 3. ADMINISTRATION OF PLAN ASSETS

The Plan assets, which consist principally of the Company's common stock and liquid securities, are held by the Trustee of the Plan.

Company contributions and dividend income are received by the Trustee. The Trustee directs payments of Plan expenses and directs distributions to participants, where applicable.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 4. INVESTMENT IN SPONSOR COMPANY COMMON STOCK

The Plan's investments in the Company's common stock at December 31, 2025 and 2024 are presented in the following table:

	2025		2024	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	98,154	-	98,154	-
Cost	$ 22,119,935	$ -	$ 22,119,935	$ -
Market	$ 8,058,473	$ -	$ 9,870,402	$ -

NOTE 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investment in Sponsor Company common stock: The fair value of the Sponsor Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior year. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser annually. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the Plan Trustee, review in detail, discuss, and approve. The results of this process are documented in the minutes of the Plan fiduciary.

Investment in certificates of deposit: Valuations are based on quoted prices for identical assets in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Sponsor Company common stock	$ -	$ -	$ 8,058,473	$ 8,058,473
Certificates of deposit	2,003,690	-	-	2,003,690
Interest-bearing cash	245,113	-	-	245,113
Total investments at fair value	$ 2,248,803	$ -	$ 8,058,473	$ 10,307,276

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Sponsor Company common stock	$ -	$ -	$ 9,870,402	$ 9,870,402
Certificates of deposit	1,000,271	-	-	1,000,271
Interest-bearing cash	1,845,512	-	-	1,845,512
Total investments at fair value	$ 2,845,783	$ -	$ 9,870,402	$ 12,716,185

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2025:

	Sponsor Common Stock
Balance, beginning of year	$ 9,870,402
Unrealized loss relating to assets still held at reporting date	(1,811,929)
Balance, end of year	$ 8,058,473
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ (1,811,929)

NOTE 6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include common stock of the Company. The Company is the Plan Sponsor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, during 2025, the Plan received dividend distributions from the Plan Sponsor.

NOTE 7. EMPLOYER CONTRIBUTIONS

Prior to the payoff of the ESOP loan payable, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equaled the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan payable. As of December 31, 2014, the ESOP debt was repaid and the Company now makes only discretionary contributions as well as any dividend distributions from Subchapter S of the IRC. During 2025, the Company did not make a discretionary contribution. Dividend distributions as required by Subchapter S of the IRC totaled $700,822 for the year ended December 31, 2025.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, or other such techniques. Due to the level of risk associated with the investments in the common stock and uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

On January 29, 2019, certain participants in the Company's Employee Stock Ownership Plan (the "ESOP") commenced an action against certain directors of the Company and the administrative committee of the ESOP alleging certain fiduciary breaches of ERISA. The defendants denied all liability.

Following a bench trial conducted in 2024, the United States District Court for the Middle District of Georgia entered judgment in favor of the defendants on March 30, 2026 and directed that the case be closed. Subsequently, the plaintiffs filed an appeal; however, on August 7, 2026, the United States Court of Appeals for the Eleventh Circuit granted the appellants' motion to voluntarily dismiss the appeal and issued its mandate dismissing the appeal. Accordingly, the litigation has been concluded.
