INDEPENDENT AUDITOR'S REPORT

To the Benefits Plan Committee of
MediaKind 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MediaKind 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

6002 Rogerdale, Ste. 200 Houston, Texas 77072 Tel 281-759-1120 Fax 281-759-5500

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025 and supplemental schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MEDIAKIND 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the MediaKind 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of MK Systems USA, Inc. (the "Company"). Employees who are not covered by a collective bargaining agreement, part-time employees who work less than 1,000 hours, temporary employees, non-resident aliens, foreign contract employees, or employees out on long-term assignment outside the United States are eligible to participate in the Plan upon employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In December 2022, SECURE 2.0 Act (SECURE 2.0) was enacted. SECURE 2.0 has many provisions, both mandatory and elective with various effective dates. The Plan has adopted certain provisions and amended the Plan document March 1, 2026 (Note 9).

Plan Administration

The trustee and custodian for the Plan is Empower Trust Company, LLC (ETC). Empower Retirement, LLC is the recordkeeper for the Plan.

Contributions

Participants may elect to make pre-tax and/or Roth salary deferral contributions to the Plan in whole percentages of 1% up to 50% of their eligible compensation, as defined in the Plan, subject to certain limitations. Newly eligible employees are automatically enrolled in the Plan at a pre-tax salary deferral rate of 3%, unless they opt out or elect a different deferral contribution. The percentage will be increased by 1% each April 1 until a maximum of 50% unless the participant elects otherwise. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in whole percentages of 1% up to 20% of eligible compensation. Effective January 1, 2025, the Plan implemented a provision from SECURE 2.0 increasing the catch-up contribution limit for eligible participants who attain ages 60 through 63 during the taxable year. Participants may also contribute rollovers from other qualified plans.

The Company contributes an amount on behalf of each eligible participant equal to 3% of each participant's eligible compensation each payroll period. The Company may also elect to make a discretionary matching contribution to the Plan for participants who are employed on the last day of the plan year. Catch-up contributions are not included when determining the amount of any matching contributions. There were no discretionary matching contributions made to the Plan during 2025.

The Plan is participant directed and participants may change their contribution rates and investment options at any time.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting/Payment of Benefits

Participants are at all times fully vested in their contributions, Company contributions, and the appreciation or depreciation thereon.

The Plan provides for distributions to participants or their beneficiaries upon retirement, death, or termination of service from the Company. Normal retirement age under the Plan is 65. A participant's account may be distributed in a single lump sum. The Plan also allows hardship withdrawals from a participant's pre-tax and/or Roth deferral account excluding earnings and in-service withdrawals at age 59 ½. Vested account balances of terminated participants less than $5,000 may be subject to automatic distribution as set forth in the Plan document.

Notes Receivable from Participants

Plan participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of $50,000 less the highest outstanding balance of loans during the one-year period ending on the day immediately preceding the date of the loan or 50% of their balance in the Plan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years. The loans bear interest at the prime rate plus 1%, unless otherwise specified by the committee, as determined at the date of the loan. Loans are secured by the participant's account to the extent of the principal amount of the loan plus accrued interest. Participants cannot have more than one loan outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company discretionary matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation. The Company contribution is recorded in the plan year in which participant compensation is paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, recordkeeping, and certain investment transactions are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account: Account primarily consists of mutual funds, money market funds, and common stocks that are valued at the closing price reported by the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Collective Trust Fund: The Putnam Stable Value Fund is valued at the NAV per unit provided by the issuer based on the underlying investments of the fund. The fund is invested in high quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions to preserve principal and achieve high current income. The fund also invests in security-backed investment contracts, including insurance separate accounts, cash, cash equivalents and stable value funds. The NAV is readily determinable and the fund has no restrictions on redemption.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Collective Trust Funds: Valued at NAV, based on the underlying investments held by the fund. The NAV, as provided by the issuer of the fund, is used as a practical expedient to estimate fair value. The Plan has no unfunded commitments and no contractual obligations to further invest in the funds and there are no restrictions on redemption.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$17,926,888			$17,926,888
Self-Directed Brokerage Account	3,380,481			3,380,481
Collective Trust Fund		$1,565,222		1,565,222
	$21,307,369	$1,565,222		22,872,591
Investments measured at net asset value*				9,913,731
Total investments at fair value				$32,786,322

	2024			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$17,355,021			$17,355,021
Self-Directed Brokerage Account	2,495,049			2,495,049
Collective Trust Fund		$1,306,053		1,306,053
	$19,850,070	$1,306,053		21,156,123
Investments measured at net asset value*				10,271,842
Total investments at fair value				$31,427,965

*Certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ETC, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule H, line 4i - schedule of assets (held at end of year)

NOTE 4 - INFORMATION CERTIFIED (CONTINUED)

as of December 31, 2025, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE 5 - TAX STATUS

The Plan obtained a favorable determination letter dated March 31, 2020, in which the Internal Revenue Service (IRS) stated that the Plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore, the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - DELINQUENT CONTRIBUTIONS

During 2023, there were unintentional delays by the Company in submitting participant contributions to the Plan in the aggregate amount of $7. During 2025, the Company compensated the affected participants for lost earnings on the 2023 delinquent contributions.

NOTE 9 - SUBSEQUENT EVENTS

In accordance with SECURE 2.0, effective January 1, 2026, the Plan began administering catch-up contributions for certain participants with FICA wages in excess of $150,000 in the preceding calendar year (subject to indexing each calendar year) on a Roth basis.

NOTE 9 - SUBSEQUENT EVENTS (CONTINUED)

The Plan was amended and restated effective March 1, 2026 to adopt a non-standardized pre-approved plan with Empower Retirement, LLC. The following plan provisions were changed in the restated document:

- All employees are eligible to participate in the Plan except collective bargaining employees and non-resident aliens;
- Participants may elect to make pre-tax and/or Roth contributions and catch-up contributions up to the maximum amount allowed by law;
- The Company will contribute a safe harbor nonelective contribution equal to 3% of each participant's eligible compensation and a discretionary matching contribution not to exceed 6% of each participant's eligible compensation each plan year;
- In-plan Roth rollovers are permitted;
- Earnings are not excluded from a hardship withdrawal from a participant's elective deferral account;
- Post-severance and lifetime required minimum distributions may be taken in a lump sum or installments;
- The mandatory distribution provision for terminated participants was increased to $7,000.

The restatement also incorporated all mandatory and voluntary statutory changes pursuant to SECURE 2.0, the CARES Act and other related law changes issued by the IRS.

Management has evaluated subsequent events through September 16, 2026, the date the financial statements were available to be issued.
