INDEPENDENT AUDITOR'S REPORT

Plan Administrator
RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RO-SAL Plumbing & Heating, Inc. Incentive Savings Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) on page 15 as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INCENTIVE SAVINGS TRUST

Notes to Financial Statements
Year Ended December 31, 2025

1. Description of Plan

The following summary description of the RO-SAL Plumbing & Heating, Inc. (the "Company") Incentive Savings Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except members of a collective bargaining agreement, nonresident aliens, and leased employees, who have completed one year of service and 1,000 hours, as defined. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Participants may contribute any specific percentage of their compensation, as defined, each plan year through payroll deductions, subject to limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). There are two types of elective deferrals available to participants: pre-tax deferral and Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment program for new eligible participants. Eligible participants automatically make pre-tax contributions in the amount of 1% of earnings. Eligible participants may opt-out of the automatic enrollment program at any time, as well as make changes to or maintain the level of contributions.

Employer Contributions

The Plan has a mandatory "Safe Harbor 401(k)" contribution. Pursuant to the Plan's provisions, when an eligible participant makes a deferral, the participant will be eligible to receive a Safe Harbor matching contribution equal to 100% of the amount contributed to the Plan for the Plan year up to the first 3% of Plan compensation plus 50% of the amount contributed between 3% and 5% of Plan compensation.

The Company may make discretionary contributions called a Qualified Matching Contribution ("QMAC"). Eligible participants, who are non-highly compensated employees, as defined, will be 100% vested at the time of the QMAC contribution. The QMAC will be allocated uniformly to all eligible participants. To receive an allocation of QMACs, a participant must satisfy the service conditions, as defined. However, a participant does not have to be employed at the end of the year or work a specific number of hours of service to receive an allocation of QMACs under the Plan.

1. Description of Plan (Continued)

Employer Contributions (continued)

In addition to any other contributions authorized under the Plan, the Company may decide to make a special discretionary contribution called a Qualified Nonelective Employer Contribution ("QNEC"). All participants receiving a QNEC contribution will automatically be 100% vested in the QNEC contribution. QNEC will only be made to eligible participants who are non-highly compensated employees, as defined. Any QNEC contributed to the Plan will be allocated as a uniform percentage of Plan compensation, as defined, or as a uniform dollar amount. The Company may make QNECs first to eligible employees with the lowest Plan compensation. To receive an allocation of QNECs, a participant must satisfy the minimum age and services criteria, as defined. However, a participant does not have to be employed at the end of the year or work a specific number of hours of service to receive an allocation of QNECs under the Plan.

The Plan also allows for discretionary profit-sharing contributions. To be eligible for profit-sharing contributions, generally, employees are required to complete 1,000 hours during the Plan year, as defined, and must be employed with the Company on the last day of the Plan year.

The Plan did not make QMAC or QNEC contributions during the year ended December 31, 2025. The Company's Safe Harbor Match and profit-sharing contributions aggregated $596,046 for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited to reflect contributions, withdrawals, distributions, investment fund transfers and reallocations, income earned or accrued, expenses paid from the assets of the Plan and any increase or decrease in the fair market value of the assets of the Plan. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, plus actual earnings thereon and certain special contributions including Safe Harbor contributions, QMACs, and QNECs. Vesting in profit-sharing contributions increases 20% per year after the second year of vesting service, as defined in the Plan. Participants are 100% vested in all their accounts upon the latter of normal retirement age (age 65) or once they have completed six years of vesting service, as defined, or upon death or disability.

During 2025, the Plan experienced a significant reduction in active employees, which management determined resulted in a partial plan termination. Accordingly, affected terminated participants became 100% vested in their accounts to the extent required by the Plan and applicable regulations. Remaining participants continue to vest under the Plan's normal vesting provisions.

1. Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loans must be repaid in level payments on a monthly basis up to a five-year period unless it is for the purchase of a principal residence, in which case repayment can be made over as many as 10 years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1% as determined by the Company. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the plan document.

Forfeitures

The portion of a participant's account balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. The Plan provides for terminated employees who resume employment within five consecutive breaks, as defined, to have any forfeited amounts reinstated ("reinstatement period"), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Plan participants' forfeitures may be used to pay Plan expenses or to reduce the Company's employer matching and non-elective contributions for the Plan year. There were no forfeitures applied during the year ended December 31, 2025 to reduce employer contributions. At December 31, 2025 amounts in the forfeiture account totaled approximately $95,000.

Payment of Benefits

A participant's vested interest in his or her account balance is distributable generally upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the Plan.

Under certain conditions, a contributing participant could make withdrawals from the vested portion of his or her account balance prior to termination of employment by filing a withdrawal form. Two types of withdrawals are available to participants - regular and hardship. Generally, regular withdrawals are available to participants over the age of 59 ½. Hardship withdrawals to participants are allowed upon meeting certain requirements as described in the Plan.

2. Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the insurance company general account, which is reported at contract value.) Fair value is the price that would be received to sell an investment or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further information regarding fair value measurements.

2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought or sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Plan Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses, including custodian fees and auditing fees, may be paid directly by the Company. If the Company does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Fees related to the administration of notes receivable from participants and other transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in "Net appreciation (depreciation) in fair value of investments."

3. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash equivalents: Valued at cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued)

Investments at fair value as of December 31, 2025 are as follows:

	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 8,256			$ 8,256
Mutual funds	11,495,903			11,495,903
Total Investments at Fair Value	$11,504,159			$11,504,159

Investments at fair value as of December 31, 2024 are as follows:

	Level 1	Level 2	Level 3	Total
Cash equivalents	$ 37,522			$ 37,522
Mutual funds	9,956,964			9,956,964
Total Investments at Fair Value	$9,994,486			$9,994,486

4. Fully Benefit-Responsive Investment Contract

The Plan provides participants with the option to invest in the Empower Fixed Account – Series Class I (the "Fixed Account"). The Fixed Account is a guaranteed investment contract ("GIC") / GIC-style insurance contract issued through an insurance company general account/group annuity or insurance contract by Empower Annuity Insurance Company ("EAICA"). The Fixed Account is not a mutual fund and is not a government-issued guaranteed investment contract. Amounts invested in the Fixed Account are held as part of EAICA's general account and are guaranteed by EAICA, subject to the terms of the contract.

The Fixed Account is designed to preserve principal and credit interest to participant accounts at a declared rate. Interest is credited to participant accounts based on rates established by EAICA in accordance with the contract terms. The credited rate in effect as of December 31, 2025 was 1.60%. The guarantee of principal and credited interest is an obligation of EAICA and is subject to EAICA's claims-paying ability. Management has concluded that the Fixed Account meets the criteria to be accounted for as a fully benefit-responsive investment contract. Accordingly, the Fixed Account is reported at contract value, which represents the amount participants would receive if they were to initiate permitted transactions under the terms of the ongoing Plan and the contract. The contract value as of December 31, 2025, was $86,945 as reported by EAICA/recordkeeper. The fair value of the contract, equals contract value as of December 31, 2025.

Participant-initiated transactions, including benefit payments, loans, and transfers to other investment options, are permitted in accordance with the terms of the Plan and the insurance contract.

4. Fully Benefit-Responsive Investment Contract
(Continued)

Certain events could limit the Plan's ability to transact with EAICA in accordance with the terms of the insurance contract. Such events may include, but are not limited to, termination of the Plan, full or partial termination of the contract by the Plan sponsor, significant layoffs or plant closings, corporate mergers or divestitures, bankruptcy of the Plan sponsor, changes in law or regulation, or other events specified in the contract. Management believes that the occurrence of such events is not probable as of December 31, 2025.

EAICA may be permitted to terminate the contract and settle amounts at other than contract value under certain circumstances specified in the insurance contract. Management is not aware of any such event as of December 31, 2025.

5. Investment Information Prepared and Certified by the Plan Trustee

The following is a summary of the investment information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information provided by Ascensus, LLC and Empower Trust Company, LLC, the trustees during the respective periods in which they served, and furnished to the Plan administrator. Effective November 2025, Empower Trust Company, LLC replaced Ascensus, LLC as trustee. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate.

	As of and for the Years Ended	
	December 31, 2025	December 31, 2024
Mutual funds	$11,495,903	$9,956,964
Insurance company general account fund	$ 86,945	
Cash equivalents ($8,256 (2025) and, $8,255 (2024) respectively, were not held by the custodian)	$ -0-	$ 29,267
Notes receivable from participants	$ 287,182	$ 389,902
Investment Income:		
Net appreciation in fair value of investments	$ 1,637,622	
Interest and dividend income	$ 1	
Interest income on notes receivable from participants	$ 30,673	

*$1 of interest and dividend income was earned outside of the trustee.

6. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. Please see Note 2 for partial plan termination discussions.

7. Income Tax Status

On June 30, 2020 the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan, which has been amended since receiving the determination letter, was designed and is being operated in compliance with the applicable requirements of the IRC. The Plan has been amended effective January 1, 2023, for changes required by the Coronavirus Aid, Relief and Economic Security Act and other changes in accordance with applicable law and Internal Revenue Service guidance. Further, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of and for the year ended December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

9. Party-in-Interest Transactions

Fees and expenses such as plan administration fees may be deducted directly from investment returns in accordance with applicable investment options selected by the participant. In addition, providers of other administrative fees (i.e., administration, legal, and accounting) paid by the employer are considered a party-in-interest as defined by ERISA.

10. Subsequent Events

The Company has evaluated events and transactions that occurred between December 31, 2025 and September 30, 2026, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.
