Independent Auditor's Report

Trustees
Novares US LLC 401(K) Plan
Livonia, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of Novares US LLC 401(K) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Novares US LLC 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Novares US LLC 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Novares US LLC 401(K) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Novares US LLC 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Novares US LLC 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Novares US LLC 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and 401(k) plan established to provide employees of Novares US LLC (the Company) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Company is the plan sponsor. Fidelity Management Trust Company (the Trustee) serves as the trustee and third-party administrator of the Plan. All investments are self-directed by Plan participants. The Plan was established on July 1, 1966, and amended and restated effective October 22, 2021.

Eligibility

Active employees who are age 18 or older, except members of a collective bargaining group, become eligible to enter the Plan on the first day of the month following their month of hire. On the date an employee becomes eligible to participate, they are automatically enrolled with a 3% wage deferral unless the employee specifically waives participation.

Contributions

Employees may contribute through payroll deductions up to 20% of their annual compensation, but not more than the Internal Revenue Code ("IRC") imposed limit established each year. Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Company, at its discretion, may make matching contributions for eligible participants as further defined in the plan document. For the years ended December 31, 2025 and 2024, the employer made $739 and $0 of qualified discretionary distributions, respectively. To be eligible for employer matching and profit sharing contributions, participants must have a minimum of six months of service and be employed by the Plan Sponsor on the last day of the contribution period. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value common collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

During 2025 and 2024, the Company matched 50% of each participant's contributions, up to a maximum of 4% of eligible compensation for a maximum match of 2% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions and allocations of plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or losses or account balances, as defined by the plan document. Participants who initiate a loan or certain benefit payments are charged a fee for that transaction. The benefit to which a participant is entitled is the vested portion of the participant's account. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company discretionary matching and profit-sharing contributions is based on years of continuous service. Participants begin vesting in Company discretionary matching and profit-sharing contributions after one year of credited services and become 100% vested after four years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any time. Principal and interest is paid ratably through payroll deductions. Loan terms range from 1 to 5 years or longer if the proceeds are used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined by the Plan Administrator. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. As of December 31, 2025, the interest rates on the outstanding loans ranged from 4.25% to 9.50% per annum. Principal and interest are paid ratably through payroll deductions.

Withdrawals

In the event of retirement (as defined), death, permanent disability, termination of employment, or financial hardship (as defined), the vested balances in a participant's account may be distributed to the participant or the participant's beneficiaries in a lump sum or through payments in such other forms as may be available under the Plan.

For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is $1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If the account balance is greater than $1,000 but less than $5,000, payment will be made to an individual retirement account at the trustee, or such other provider as the Company designates in accordance with Department of Labor ("DOL") guidelines, unless the participant requests a different disposition of his or her account balance within the applicable election period.

In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $31,262 and $6,841, respectively. The account is available to be used to pay Plan expenses and to reduce future employer contributions. During the year ended December 31, 2025, $12,954 of forfeitures were used to pay administrative expenses. There were $37,375 in new forfeitures added to the forfeited non-vested accounts during the year-ended December 31, 2025. During the year ended December 31, 2024, $73,451 of forfeitures were used to pay administrative expenses. There were $35,853 in new forfeitures added to the forfeited non-vested accounts during the year-ended December 31, 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices. Investments in the common or collective trust stable value fund are valued at the net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liability. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Plan recordkeeping, administrative, and consulting fees are allocated to participant accounts based on account balances. Participant-specific fees such as loan processing fees are charged directly to the appropriate participant account. All other expenses are paid by the Company.

Note 3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee at December 31, 2025 and 2024, is as follows:

	2025	2024
Mutual funds	$ 29,351,861	$ 26,426,585
Common collective trust fund	1,453,202	2,043,077
Notes receivable from participants	251,729	313,493

The following was also certified by the trustee for the years ended December 31, 2025 and 2024:

	2025	2024
Net appreciation in fair value of investments	$ 3,248,802	$ 3,257,006
Interest and dividends	1,530,963	1,139,407
Interest income on participants note receivable	24,201	21,149

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) *Topic 820 Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Recurring Measurements

Following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of mutual funds are valued using quoted market prices in an active market.
- Common collective trust funds are stated at fair value, which is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value of units held by the trust. The common collective trust fund invests primarily in fixed income securities and shares of money market funds. The common collective trusts do not have unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Mutual funds (included within fair value hierarchy)	$ 29,351,861	$ 29,351,861	$ -	$ -
Common collective trusts - stable value fund measured at net asset value (a)	1,453,202	-	-	-
	$ 30,805,063	$ 29,351,861	$ -	$ -
December 31, 2024				
Mutual funds (included within fair value hierarchy)	$ 26,426,585	$ 26,426,585	$ -	$ -
Common collective trusts - stable value fund measured at net asset value (a)	2,043,077	-	-	-
	$ 28,469,662	$ 26,426,585	$ -	$ -

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Income Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by FMR LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in funds that invest in investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities, could occur in the near term and that such changes could materiality affect participant account balances and the amounts reported in the financial statements.

Note 8. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and common/collective trust managed or issued by Fidelity Management Trust Company (“the Trustee”) and administrative expenses are paid by the Plan to Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for trustee and recordkeeping amounted to $12,681 and $15,050 for 2025 and 2024, respectively. Fees paid by the Plan for advisory services amounted to $13,166 and $69,841 for 2025 and 2024, respectively. Fees paid by the Plan to Strategic Advisors, Inc. amounted to $5,724 and $5,268 for 2025 and 2024, respectively.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 31,043,670	$ 28,755,629
Excess contributions payable	13,122	27,526
Net assets available for benefits per the Form 5500	$ 31,056,792	$ 28,783,155

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 2,288,041	$ 2,838,947
Change in excess contributions payable	(14,404)	16,289
Increase in net assets available for benefits per the Form 5500	$ 2,273,637	$ 2,855,236

Note 10. Nonexempt Transactions

The Department of Labor (DOL) requires defined contribution plans to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. The DOL considers late deposits to be prohibited transactions requiring disclosure in the notes to the financial statements as well as in the accompanying Schedule H, Line 4a – Schedule of Delinquent Participant Contributions. During 2021, the Plan engaged in prohibited transactions related to late deposits of employee contributions totaling $173,222. Plan management has corrected these late deposits.

Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 2, 2026, which is the date the financial statements were available to be issued.
