INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Barton & Associates, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Barton & Associates, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Barton & Associates, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Barton & Associates, Inc. and its subsidiaries (the Company) who have six months of service and are age twenty-one or older. Barton Healthcare Staffing LLC (BHS) requires contracted employees to be age twenty-one or older and to complete 1,000 hours of service within a twelve-month period, as defined. The Plan was established by the Company effective November 11, 2007 and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Empower Trust Company, LLC is the trustee of the Plan. In May 2025, the Company completed the sale of BHS and BHS ceased participation in the Plan.

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE Act 2.0) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

The SECURE Act 2.0 expanded eligibility for certain long-term part-time (LTPT) employees. Effective January 1, 2024, part-time employees who have completed 500-999 hours of service in the three most recent consecutive years (2021 – 2023) are eligible to participate in the Plan. Effective January 1, 2025, the requirement was reduced from three to the two most recent consecutive years (2023 – 2024). LTPT employees who meet these criteria may participate in the Plan; however, they are not eligible to receive employer contributions.

Contributions

Each year, participants may elect to contribute a portion of their eligible compensation, as defined in the Plan, on a pre-tax and Roth basis up to the lesser of 100% of their eligible compensation or the maximum allowable under federal tax limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants may revoke salary deferral elections or make any other modifications as of each payroll period.

The Company makes matching contributions in an amount equal to 50% of the participant's elective contribution, not to exceed 4% of their eligible Plan compensation, except for BHS contracted employees. The Plan was amended effective January 1, 2024 such that, on an annual basis, the Company determines a true-up of employer matching contributions based on a formula as outlined in the Plan Document. The true-up employer matching contributions receivable was $30,311 and $33,987 at December 31, 2025 and 2024, respectively.

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the Internal Revenue Code (the Code).

1. Description of Plan (Continued)

Participants' Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution and Plan earnings or losses from investments. Allocations are based on participant earnings/losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Employer matching contributions are vested as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	40
2	60
3	80
4	100

Participants are 100% vested upon normal retirement age, disability or death, as defined in the Plan.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their account balance. Borrowing terms generally range from 1 – 5 years. Notes receivable where proceeds are used to purchase a primary residence may have terms longer than 5 years but cannot extend beyond the borrowing participant's normal retirement age, as defined. A participant may have a maximum of three notes outstanding at one time. The notes receivable are secured by the balance in the participant's account and bear interest at fixed rates equal to the prime rate plus two percent at the date of origination. Interest rates ranged from 5.25% – 10.50% at December 31, 2025 with various maturities through May 2051. Principal and interest are paid ratably through bi-weekly payroll deductions.

Investment Options

All contributions to the Plan are invested in the various investment options offered by the Plan at the election of the participants. Each participant selects the fund(s) to which contributions will be allocated. Investment options may be changed an unlimited number of times and at any time during the year.

Plan Expenses

Administrative expenses are generally paid by the Company. Certain expenses resulting from Plan payments, asset charges, loan set-up charges or fund transfers are deducted directly from participant accounts.

1. Description of Plan (Continued)

Payment of Benefits

The Plan provides for participants to withdraw their funds at any time upon attainment of the normal retirement age as stated in the Plan document. Such withdrawals are based on the vested amount in the participant's accounts as of the valuation date coinciding with or immediately after the participant's retirement date. The Plan also provides for withdrawals in the event of death, disability, hardship, or termination of employment as provided for in the Plan Agreement. The Plan also allows for in-service withdrawals once the participant reaches 59½. The Plan provides for the automatic direct rollover to an IRA account for terminated participants for balances greater than $1,000 and not more than $7,000, unless directed otherwise by the participant.

Forfeitures Account

Forfeited balances of terminated participants' nonvested accounts are used to reduce any employer contributions or to offset administrative expenses of the Plan. During 2025 and 2024, $56,316 and $15,000 of forfeitures were used to reduce the employer contributions, respectively. During 2025 and 2024, $12,785 and $35,640 of forfeitures were used to pay administrative expenses of the Plan, respectively. As of December 31, 2025 and 2024, the remaining forfeited balance of terminated participant accounts was $1,697 and $11,110, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Contributions

Participant contributions are recorded in the period in which payroll deductions are made. Company matching contributions are determined for each payroll period and are recorded in the period in which related payroll deductions are made. The true-up of employer matching contributions is recognized in the year for which the true-up relates.

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable From Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the loan is deemed defaulted in accordance with the Plan document, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator or the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 8 for disclosure of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by Plan management to determine whether such events should be recognized or disclosed in the financial statements. Plan management has evaluated subsequent events through September 29, 2026, which is the date these financial statements were available to be issued.

3. Income Tax Status

The Plan is subject to ERISA and certain provisions of the Code. The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with the applicable requirements of the Code. The Plan has been amended since adopting the preapproved plan document. However, the Plan Administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the Code and the related trust is tax-exempt as of the financial statement date.

3. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management evaluated the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from Empower Trust Company, LLC, the trustee, as of and for the years ended December 31, 2025 and 2024 stating that the information provided to the Plan Administrator by the trustee is complete and accurate. The Plan Administrator has determined that the trustee meets the requirements of a qualified institution as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Such certified Plan information includes investments, investment income, including interest and dividends and net appreciation/depreciation in fair value of investments, investment transactions, notes receivable from participants, interest income on notes receivable from participants and related transactions.

6. Excess Contributions Payable

Contributions determined to be in excess of maximum contribution levels for certain participants are refunded in the subsequent Plan year. Excess contributions for Plan year 2025 refunded in 2026 were $259,669 and excess contributions for Plan year 2024 refunded in 2025 were $156,963.

7. Party-in-Interest Transactions

The Plan paid administrative expenses totaling $118,714 and $123,322 in 2025 and 2024, respectively, to Plan service providers, including the trustee, recordkeeper, third-party administrator and investment advisor. The transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rule under ERISA. In addition, loans to participants qualify as party-in-interest transactions.

8. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities. All assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual and money market funds: Valued at the closing price reported in the active market in which the security is traded.

8. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Level 1	Level 2	Level 3	Total
2025				
Money market fund	$ 929,080	$ –	$ –	$ 929,080
Mutual funds	25,603,838	–	–	25,603,838
	$26,532,918	$ –	$ –	$26,532,918
2024				
Money market fund	$ 900,486	$ –	$ –	$ 900,486
Mutual funds	21,114,883	–	–	21,114,883
	$22,015,369	$ –	$ –	$22,015,369

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the significant differences between the financial statements and the Form 5500 as of and for the years ending December 31:

	2025	2024
Net assets available for benefits per the financial statements	$26,730,049	$22,265,904
