Independent Auditor's Report

To the Participants and Plan Administrator of the
Zodiac Seats US Savings Plan
Gainesville, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Zodiac Seats US Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), supplemental schedules audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of this report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance, and therefore it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Zodiac Seats US Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, which commenced June 1, 1991, is a qualified defined contribution 401(k) plan covering salaried employees who are age 18 or older and have performed one hour of service. The Plan is sponsored by Safran Seats USA LLC (the “Company,” “Plan Sponsor,” or “Employer”), formerly known as Zodiac Seats USA LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”). Effective January 1, 2025, the Plan was amended and restated to reflect certain provisions of the SECURE 2.0 Act of 2022, including increased catch-up contribution limits for eligible participants ages 60 through 63, the addition of Roth rollover and in-Plan Roth rollover features, and provisions permitting active military in-service withdrawals.

During the Plan year, certain Plan participants’ accounts transferred to the Plan related to the employment status changes of those Plan participants. The transfers occurred between this Plan and another defined contribution plan that is also sponsored by the Company.

Plan Custodian, Recordkeeper, and Trustee

T. Rowe Price Trust Company (“T. Rowe Price,” the “Custodian,” “Recordkeeper,” or “Trustee”) is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan’s participant account balances, and providing recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. T. Rowe Price also serves as the Plan’s Trustee.

Eligibility and Plan Entrance Date

All employees who have performed one hour of service are eligible for the Plan, except those under 18 years of age, covered under the Company’s collective bargaining agreement, nonresident aliens, leased employees, and inbound expatriate employees on temporary assignment in the United States. Any collective bargaining employee of the Company who becomes a salaried employee, subject to these eligibility requirements, will be immediately eligible to participate in the Plan. Eligible employees are permitted to enter the Plan each business day upon meeting the eligibility requirements.

Contributions

Participants may elect to contribute a percentage of their eligible compensation, as defined in the Plan Document, on a pre-tax basis, subject to the maximum limits established by the IRC. Participants may also designate all or a portion of their deferral contributions as Roth after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with applicable IRC provisions.

1. Description of Plan (continued)

Contributions (continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

Participants direct the investment of their account balances among various investment options offered by the Plan. The Plan includes an automatic enrollment feature under which newly eligible employees are automatically enrolled unless they affirmatively elect not to participate. Automatically enrolled participants are assigned an initial deferral rate of 3% of eligible compensation, and their contributions are invested in a designated balanced fund until alternative investment elections are made. The automatic deferral rate increases by 1% on each anniversary of the participant's enrollment date until the deferral rate reaches 8%.

The Plan includes a Safe Harbor matching contribution feature under which the Employer contributes a matching amount equal to 100% of a participant's elective deferrals on the first 3% of eligible compensation contributed to the Plan, plus 50% of elective deferrals on the next 2% of eligible compensation contributed. To the extent a participant does not receive the full Employer match during the year due to the timing of elective deferrals, the Employer makes a year-end "true-up" contribution to provide the participant with the matching contribution that would have been received had deferrals been made ratably throughout the year. All participant and Employer contributions are subject to the limitations prescribed by the IRC and applicable Internal Revenue Service ("IRS") regulations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, an allocation of Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions, related earnings, rollover contributions, and Employer matching contributions immediately upon entering the Plan. Participants who transferred to this Plan from another defined contribution plan sponsored by the Company due to an employment status change will become fully vested in those amounts at the time of the transfer.

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The options vary in types of investment, rates of return, and investment risk.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at time of loan issuance, is set at 1% above Prime, as defined. Principal and interest are paid ratably through payroll deductions. Terms range up to 5 years, or longer for the purchase of a primary residence.

Payment of Benefits

Upon separation from service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump sum payment equal to the value of the participant’s vested account balance. The Plan allows for installment payments except for beneficiaries, who may only receive a lump sum distribution. Effective January 1, 2025, if a terminated participant’s vested account balance is less than $7,000, the Plan permits an immediate distribution of the participant’s vested account balance. If the participant does not provide distribution instructions, the vested account balance is automatically rolled over into an individual retirement account selected by the Plan Administrator.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by T. Rowe Price. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as those held during the year.

2. Summary of Accounting Policies (continued)

Contributions Receivable

The amount of employer contributions due and payable, but not yet deposited with the Plan as of year-end is reflected as employer contributions receivable in the Plan's financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- **Level 1** - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation technique include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

- *Money market fund:* Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Investments measured at NAV:* Consisting of common collective trusts, valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market fund	$ 1,416,097	$ -	$ -	$ 1,416,097
Mutual funds	86,594,260	-	-	86,594,260
Total assets in the fair value hierarchy	88,010,357	-	-	88,010,357
Investments measured at NAV (a)	-	-	-	5,187,662
Investments at fair value	$ 88,010,357	$ -	$ -	$ 93,198,019

December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Money market fund	$ 1,479,121	$ -	$ -	$ 1,479,121
Mutual funds	73,194,610	-	-	73,194,610
Total assets in the fair value hierarchy	74,673,731	-	-	74,673,731
Investments measured at NAV (a)	-	-	-	5,119,922
Investments at fair value	$ 74,673,731	$ -	$ -	$ 79,793,653

(a) In accordance with FASB ASC 820, certain investments (common collective trusts) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Information Prepared and Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data in the Plan's financial statements and supplemental schedules was agreed to or is derived from information certified as complete and accurate by T. Rowe Price Trust Company, the Plan's Trustee and a qualified institution:

- Investments at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation (depreciation) in fair value of investments, interest and dividend income from investments, and interest income on notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) - Form 5500, Schedule H, Line 4i as of December 31, 2025.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees, are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

The Plan will receive credit on a quarterly basis, from the Trustee, for any amounts earned from certain funds in excess of the revenue threshold set by the recordkeeping agreement of $11.25 per participant per quarter. Credit in excess of the revenue threshold, if any, are shown as "other income" on the statement of changes in net assets available for benefits.

As compensation for services provided to the Plan, the Trustee retains any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Employer has adopted a pre-approved plan document offered by T. Rowe Price Retirement Plan Services Inc. that has received an IRS Determination Letter dated August 19, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the IRS Determination Letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

Certain participant contributions, totaling $846, were not remitted to the Plan's custodian within the time period required by DOL regulations. Accordingly, these late remittances constitute nonexempt prohibited transactions under DOL rules and regulations. The late remittances were the result of inadvertent administrative errors.

In 2025, the Company restored lost earnings to affected participant accounts related to these late remittances.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 94,997,862	$ 81,138,895
Less: employer contributions receivable	(73,697)	(60,789)
Net assets available for benefits per Form 5500	$ 94,924,165	$ 81,078,106

The following is a reconciliation of the net increase before transfers of assets to this Plan per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase before transfers of assets to this Plan per the financial statements	$ 13,844,753
Add: employer contributions receivable, beginning of year	60,789
Less: employer contributions receivable, end of year	(73,697)
Net income per Form 5500	$ 13,831,845

11. Subsequent Events

The Company has evaluated subsequent events through September 17, 2026, the date the financial statements presented herein were available to be issued.
