Independent Auditor's Report

The Plan Administrator
Nite Ize, Inc. 401(k) Retirement Savings Plan
Boulder, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nite Ize, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the *Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 and the ERISA-required Supplemental Schedule H, line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Trustee and Administration of the Plan

The trustees of the Plan are two officers of the Company (Officers) and Reliance Trust Company (Trustee). The administrator of the Plan is the Company. T. Rowe Price Retirement Plan Services, Inc. (T. Rowe Price) provides recordkeeping, administrative, and related services to the Plan. The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the month coinciding with or following six months of service and reaching age 18. Leased employees, union employees, non-resident aliens, and residents of Puerto Rico are not eligible to participate in the Plan. Part-time employees who satisfy the applicable long-term, part-time employee eligibility requirements are eligible to make elective deferrals to the Plan.

Contributions

Eligible participants may contribute, on a pre-tax or Roth after-tax basis, up to 100% of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or over subject to certain IRC limitations. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the plan administrator and the Plan Document.

The plan document provides for safe harbor employer matching contributions. For the year ended December 31, 2025, the Company made a safe harbor employer matching contribution of 100% of the first 3% of compensation, and 50% of the next 2%, deferred on an annual basis.

The plan document provides for discretionary employer matching contributions and discretionary nonelective employer contributions. For the year ended December 31, 2025, no discretionary matching or nonelective employer contributions were made.

Rollover contributions transferred from other qualified retirement plans may also be made subject to certain criteria.

Participants' Accounts

Participants' accounts are credited with the participants' pre-tax, Roth and catch-up contributions, safe harbor and discretionary employer matching contributions, discretionary nonelective employer contributions, and rollover contributions, as well as an allocation of Plan earnings or losses. Participants' accounts are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various mutual funds and a stable value common/collective trust fund. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The note is secured by the participant's account and bears an interest rate based upon prevailing commercial lending rates and is fixed for the term of the note. The note may be for a term of up to five years, and is subject to certain other restrictions, as defined by the plan document, and applicable restrictions under the IRC. Principal and interest are paid ratably through payroll deductions. Interest rates for the notes outstanding as of December 31, 2025 ranged from 4.25% to 9.50%.

Vesting and Forfeitures

Participants are 100% vested in their participant deferral, safe harbor employer and rollover contributions, and the allocated earnings thereon. Discretionary employer matching and nonelective contributions are 100% vested after three years of service, as defined in the plan document. Participants are also fully vested upon reaching normal retirement age (65), death, disability, or termination of the Plan.

Forfeitures of unvested accounts may be used to offset future employer matching contributions or pay Plan expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $817 and $786, respectively. Approximately $1 of the forfeited funds were used to fund employer contributions in 2025.

Benefit Payments

Upon termination of service due to death; separation of service; attainment of normal retirement age (65); or disability, as defined, a participant may elect to receive his/her benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account balance, installment payments, remain in the Plan, or may roll over the amount to another qualified retirement plan or individual retirement account (IRA). Participants that have separated from service with a vested balance of $7,000 or less may be automatically rolled into an IRA, if the participant does not elect another form of distribution. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated for any reason, the participants' accounts will be fully vested and the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as further discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date exit price. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds and the stable value common/collective trust are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Contributions

Participant contributions and any related safe harbor matching and discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective contributions are recorded in the relevant period in accordance with the terms in the plan document. Contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions in the year the excess occurred.

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance. Any accrued, but unpaid interest was de minimis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses of the Plan

Fees are charged directly to the participant's account and are included in administrative fees. Under the service provider agreement with T. Rowe Price, certain revenue-sharing rebates received from certain mutual funds held by the Plan reduce recordkeeping fees. Fees in excess of rebates are charged to the Plan. Investment-related expenses (in the form of an expense ratio) are included in net appreciation in fair value of investments. All other expenses of the Plan for the year ended December 31, 2025, were paid by the Company and have been excluded from these financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee and T. Rowe Price Trust Company, the trustee of the T. Rowe Price Stable Value Common/Collective Trust Fund, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for plan benefits as of December 31, 2025 and 2024.
- Net investment income and interest earned on notes receivable from participants as reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2025.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental Schedule H (Form 5500), Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2025.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure

requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2025.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Government Money Fund – The cash equivalents are valued at $1 per unit, similar to a bank savings account, which approximates fair value, and are fully liquid.

Stable Value Common/Collective Trust Fund – The T. Rowe Price Stable Value Common/Collective Trust Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of the units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the

reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require a 12-to-30-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value fund is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,098,939	$ -	$ -	$ 14,098,939

Investments measured at NAV[(a)]				418,944
Total Investments, at fair value				$ 14,518,700

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,929,248	$ -	$ -	$ 12,929,248
Government money fund	786	-	-	786
Total Assets, in the fair value hierarchy	$ 12,930,034	$ -	$ -	12,930,034
Investments measured at NAV[(a)]				353,525
Total Investments, at fair value				$ 13,283,559

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2025

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value common/collective trust	$ 418,944	None	Daily	12-30 months

December 31, 2024

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value common/collective trust	$ 353,525	None	Daily	12-30 months

5. Party-in-Interest and Related Party Transactions

The Plan invests in shares of mutual funds and units of a common/collective trust managed by T. Rowe Price. Certain investment fees are paid to T. Rowe Price and are reflected within the net investment income for the year, as well as certain other indirect fees from mutual fund companies. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts, and certain loan origination fees are paid to T. Rowe Price. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Income Tax Status

The Plan adopted a DST Retirement Solutions, LLC Pre-Approved Volume Submitter 401(k) Plan and Trust Document, which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that it is designed in accordance with the applicable section of the IRC. The Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Risks and Uncertainties

The Plan provides for various investments. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could

materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. Delinquent Participant Contributions

During the Plan year ended December 31, 2025, participant contributions totaling $291 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The related lost earnings were remitted to the Plan during 2025.

9. Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, other than as noted below.

Effective August 30, 2026, the Company changed its name to Nite Ize, LLC, and accordingly, the Plan was renamed the Nite Ize 401(k) Retirement Savings Plan.
