INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Long Beverage, Inc. 401(k) Profit Sharing Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Long Beverage, Inc. 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits, as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed, in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions, Principal Trust Company and Empower Trust Company, LLC ("the Trustees"), as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section –

- The amounts and disclosures in the financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audits of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we –

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year, December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by, and certified to by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

A. DESCRIPTION OF PLAN

The following description of the Long Beverage, Inc. ("the Company") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the Company who have met the eligibility requirements. To be eligible to enroll in the Plan and make salary deferrals, an employee must have attained the age of twenty-one (21) and completed ninety (90) days of service. Once an employee meets the age and service requirements, the employee may participate in the Plan on the first day of the next month after meeting or coinciding with meeting the service requirements. The Plan also has a Safe Harbor Matching provision wherein the employer will match participant contributions. To be eligible to receive Safe Harbor Matching contributions, the employee must have attained the age of twenty-one (21) and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company's Board of Directors ("the Board") is responsible for oversight of the Plan, as well as oversight of the Plan's investment offerings and monitors investment performance. The Plan was established on May 1, 1976, and was last amended on February 10, 2021, to allow the years of service accrued by employees of Mims Distributing Company, Inc., which the Company acquired, to count toward eligibility and vesting requirements.

2. Contributions

Each year participants may contribute up to 100% of pre-tax or after-tax annual compensation as defined in the Plan, up to the maximum amount allowable for the Internal Revenue Code ("IRC"). Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company will make a safe harbor matching contribution of 100% of the first 3% of base compensation plus 50% between 3% and 5% of base compensation. The Company contributed $311,433 of safe harbor matching contributions for the year ended December 31, 2025.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings (losses), charged with benefits paid to participants, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. DESCRIPTION OF PLAN *[cont'd]*

4. Vesting

Participants are immediately vested in their contributions, rollover contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's non elective contributions, and contribution portion, prior to January 1, 2018, plus actual earnings thereon, is based on years of continuous service. A participant vests 20% per year of service beginning with year two (2) and is 100% vested after six (6) years of continuous service.

5. Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%, as determined by the Plan Administrator. At December 31, 2025 and 2024, outstanding loans bore an interest rate of 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions. The term of the loan may not exceed five (5) years unless used to purchase a participant's principal residence.

6. Payment of Benefits

Upon termination of service due to death, disability, retirement, or other termination of service, a participant may elect to receive an amount equal to the value of the participant's vested in his or her account in either a lump-sum amount or various installment and annuity options, as provided by the Plan, if the participant has reached a normal retirement age of sixty-five (65). If the participant terminates and takes distribution prior to normal retirement age, then consent is required from the participant to distribute accounts in excess of $5,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may withdraw funds from their account prior to termination if they have attained the age of sixty (60), or they have incurred a financial hardship or disability. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of fifty-nine and one-half (59.5) years.

7. Forfeited Accounts

As of December 31, 2025 and 2024, the balances in the forfeiture accounts were $167 and $165, respectively. Funds in the forfeiture accounts can be used to reduce future Company safe harbor matching contributions or pay Plan expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *[cont'd]*

Use of Estimates

The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value except for fully benefit responsive investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common collective trusts that are not fully benefit responsive, are reported at net asset value ("NAV"). The Plan's management determines the Plan's valuation policies utilizing information provided by Principal Trust Company and Empower Trust Company, LLC ("the Trustees"). See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions from Plan participants are recorded in the year in which the participants' contributions are withheld from compensation. A participant contribution receivable is recorded if participant contributions are withheld in the Plan year but funded to the participant account in the following Plan year. Employer contributions are recorded in the year in which the contributions are funded to the participants' accounts. An Employer contribution receivable is recorded if Employer contributions are determined and approved in the Plan year but are then funded in the following Plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *[cont'd]*

Subsequent Events

The Plan has evaluated subsequent events through September 16, 2026, the date the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, the custodian of the Plan.

	2025	2024
Investment values certified:	$ 8,167,465	$ 7,530,533

Investment income certified:	2025
Net appreciation in fair value of investments	$ 874,434
Interest and dividends	37,875
Total income	$ 912,309

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Codification establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three (3) levels of the fair value hierarchy under FASB Codification are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LONG BEVERAGE, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

D. FAIR VALUE MEASUREMENTS *[cont'd]*

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified as Level 1.

Common collective trusts*:* This investment is a public investment vehicle, valued using NAV provided by the administrator to the fund as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 653,708	$ ---	$ ---	$ 653,708
Total mutual funds at fair value	$ 653,708	$ ---	$ ---	653,708
Common Collective trusts at NAV				6,815,121
Total Assets				$ 7,468,829

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 515,240	$ ---	$ ---	$ 515,240
Total mutual funds at fair value	$ 515,240	$ ---	$ ---	515,240

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

E. GENERAL ACCOUNT ANNUITY CONTRACT & STABLE RETURN FUND

The Plan entered into a traditional fully benefit-responsive group annuity contract with Empower Investments Fixed Account Class II ("the Fund") totaling $698,636 and $774,087 at December 31, 2025 and 2024, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund's issuer is contractually obligated to repay the principal and a specified interest, a rate that is guaranteed to the Plan. The average yield at December 31, 2025 and 2024, was 1.45% and 1.41%, respectively. The crediting rate is based on a formula established by the Fund. The crediting rate is reviewed periodically for resetting. The group annuity contract does not permit the Fund to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit responsive investment contracts criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer: Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that causes a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

F. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by the Trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

LONG BEVERAGE, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

H. TAX STATUS

The Company obtained the latest determination letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company has not obtained a determination letter from the IRS since that date. The Company is relying on the IRS approval of the prototype (or volume submitter) plan that it is utilizing. The IRS has determined and informed the document sponsor by letter dated June 30, 2020, that the prototype (or volume submitter) Plan document was designed in accordance with applicable sections of the IRC. The Plan sponsor believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a), and the related trust is tax-exempt under present income tax law. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As of December 31, 2025, management believes there are no uncertain tax positions.

As of December 31, 2025, and included the previous three (3) years considering extensions, the Plan's Form 5500 is open and subject to examination by tax authorities with relevant jurisdiction. Should such an examination take place, management does not anticipate any significant issues related to the open years.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, markets, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. SECURE 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participation in the retirement system and helping participants accumulate additional retirement assets. These changes have various effective dates starting in 2023 and forward. Because the provisions include both required an optional elements, the Plan Administrator will determine which optional provisions, if any, to adopt.
