INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators and Participants
DVCC, LLC Employees Retirement Plan
Chestertown, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

Opinion

We have performed audits of the financial statements of DVCC, LLC Employees Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DVCC, LLC Employees Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DVCC, LLC Employees Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A - Description Of Plan

The following description of DVCC, LLC Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established to provide for retirement income and financial protection in the event of death or retirement of covered employees and to provide for the financial protection and compensation of employees in the event of permanent disability. The Plan is a defined contribution plan covering substantially all employees of the following companies: (collectively, the Sponsor)

- DVCC, LLC
- Bearon Manufacturing, LLC
- Buck Company, LLC (salaried employees and union employees)
- Dixon Valve and Coupling Company, LLC
- Dixon Group Services, LLC
- Hydrasearch Company, LLC
- KRM Development Corporation
- Maiden Lot Farm, LLC
- KRM Construction Company, LLC
- Richmond Foundry, LLC

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Sponsor's 401(k) Investment Committee (Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan adopted the provisions of the CARES Act, SECURE Act, and SECURE 2.0 Act. The Plan document will be formally amended by December 31, 2029 in accordance with the legislation.

Eligibility

All employees of the Sponsor's controlled group are eligible for participation when they have completed three months of service. For non-union employees, a participant must have completed six months of service and must be employed on the last day of the Plan year in order to receive employer contributions. Union employees are eligible to receive employer contributions after three months of service and if they are employed on the last day of the Plan year.

Note A - Description Of Plan (Continued)

Contributions

Employees may elect to contribute up to 100% of compensation, as defined in the Plan. Pre-tax and Roth (after-tax) contributions are allowed under the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Additionally, participants age 50 and older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until changed by the participant. An automatic increase in elective deferrals will occur annually for current and new employees whose deferral rate is below 7%. Automatic elective deferrals will increase 1% per year up to a maximum of 8%. The Sponsor makes a 3% safe harbor contribution for all employees who are eligible for employer contributions. For non-union employees, the Sponsor may make a discretionary profit sharing contribution as a percentage of a participant's eligible compensation. For the year ended December 31, 2025, the Sponsor made a discretionary profit sharing contribution of $4,177,399.

For union employees, the Sponsor matches 50% of employee deferrals subject to a limit of 3% of compensation contributed by the participant. Sponsor contributions are invested in the same investment options and allocation percentages as the participant-directed contributions. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Subsequent to year end, effective January 1, 2026, the Plan was amended to discontinue the Sponsor match for union employees and make union employees eligible for nonelective contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and (b) plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A - Description Of Plan (Continued)

Vesting

Participants are vested immediately in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary or profit sharing matching contributions to their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service as follows:

Year 1	0%
Year 2	25%
Year 3	50%
Year 4	75%
Year 5	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts up to the lesser of $50,000 minus the participant's highest outstanding loan amount during the prior twelve months, 50% of the vested portion of their non-profit-sharing account balance, or the total amount in the participant's employee contribution account and rollover account. A loan is secured by the balance in the participant's account and bears interest at the prime rate plus 2% as advertised daily in the Wall Street Journal. Interest rates range from 4.25% to 10.50%. All loans have a definite repayment period not to exceed five years, unless used for the purchase of a primary residence. For loans originated prior to October 2, 2023, principal and interest is paid ratably through payroll deductions. For loans originated after October 2, 2023, principal and interest is paid ratably by the participant directly to the Plan Recordkeeper, Transamerica Retirement Solutions (TRS).

Payment of Benefits

On termination of service resulting from death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period selected by the participant. Participants become fully vested if actively employed upon death, disability or retirement. The Plan also allows in-service withdrawals for those participants age 59 ½ or older.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $263,517 and $188,659, respectively. These accounts will be used to reduce future Sponsor contributions. During the year ended December 31, 2025, $214,598 were used to reduce Sponsors contributions.

Note B - Summary Of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Note B - Summary Of Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and are allocated to participant accounts

Subsequent Events

The Plan has evaluated events through October 2, 2026, the date the financial statements were available to be issued. See Note A - Contributions

Note C – Information Certified By The Plan's Trustees

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, other income, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by State Street Bank and Trust Company (SSBT) and Transamerica Life Insurance Company (TLIC), the Plan's trustees of the plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

Note D – Guaranteed Investment Option With Insurance Company

In 2023, the Plan entered into a fully benefit-responsive guaranteed investment option (GIO) with TLIC totaling $11,401,148 and $11,185,011 as of December 31, 2025 and 2024, respectively. TLIC maintains the contributions in a general account. The GIO is a stable value product that guarantees principal and interest and is backed by the financial strength of TLIC's general account. The GIO provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Interest accrues at the declared rate established by TLIC. The declared rate shall not be reduced for a period of at least six months from the most recent reset date, but may be increased at any time.

Note D – Guaranteed Investment Option With Insurance Company (Continued)

Because the GIO is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIO because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The GIO is presented on the face of the statements of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported by TLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are unlikely to occur.

During the year ended December 31, 2025, interest was credited at a rate of 3.25%.

Note E – Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurement, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

Note E – Fair Value (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market funds: Valued at quoted market prices on the active market on which the shares are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. In 2023, as part of choosing a new custodian for the Plan, Vanguard announced the expiration of the put period for the remaining assets in the Vanguard Retirement Savings Trust III, which concluded on July 7, 2024. At that time, required notifications were sent to participants, and their balances were transferred into the Transamerica Guaranteed Investment Option..

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
Money market funds	$ 2,229,089	$ 2,229,089	$ -	$ -
Mutual funds	199,128,666	199,128,666	-	-
Fair value	$ 201,357,755	$ 201,357,755	$ -	$ -

Note E – Fair Value (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
Money market funds	$ 1,411,172	$ 1,411,172	$ -	$ -
Mutual funds	166,340,757	166,340,757	-	-
Fair value	$167,751,929	$167,751,929	$ -	$ -

Note F – Related Party and Party In Interest Transactions

Certain Plan investments are managed by SSBT and TLIC with recordkeeping services provided by TRS, an authorized agent for the trustees, therefore, transactions with TRS are party-in-interest transactions. Fees paid to TRS by the Plan totaled $99,599 for the year ended December 31, 2025.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note H – Tax Status

The IRS has determined, and informed the Sponsor by a letter dated June 30, 2020, that the Transamerica Retirement Solutions Non-Standardized Pre-Approved Profit Sharing Plan with CODA that has been adopted by the Sponsor is designed in accordance with the applicable section of the Internal Revenue Code (IRC). The plan administrator believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles general accepting in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note J – Reconciliation Of Financial Statements To Schedule H Of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 218,864,672	$ 184,783,446
