Holland & Knight
Cash Balance Plan - 2019

Financial Statements
Together with Independent Auditors' Report

For the Years Ended December 31, 2025 (in Liquidation)
and 2024 (Ongoing)

Independent Auditors' Report

To the Holland & Knight Cash Balance Plan – 2019
and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Holland & Knight Cash Balance Plan – 2019 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 (in liquidation) and 2024 (ongoing), and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As described in Notes 1 and 2 of the financial statements, the governing body of the Holland & Knight Cash Balance Plan – 2019 approved a plan of liquidation on October 21, 2025, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2024 financial statements to the liquidation basis used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and the schedule of reportable transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Holland & Knight Cash Balance Plan - 2019 (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering certain employees of Holland & Knight LLP (the Firm, Employer, or Plan Sponsor). The Plan was established effective January 1, 2019. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended effective December 31, 2025.

Plan Termination

The Company had the right under the Plan to discontinue its benefits at any time and to terminate the Plan subject to the provisions of ERISA. The Plan was terminated effective December 31, 2025. The accrued benefits of all affected participants became fully vested as of the date of the Plan termination.

Eligibility

Employees who are not partners, or certain non-legal executive staff employees designated by the employer as ineligible to participate in the Plan, are not eligible for participation in the Plan. The partners and executive employees of the Firm who are 21 years of age and have completed one year of service and at least 1,000 hours in a 12-consecutive-month period are eligible to participate in the Plan. New participants otherwise eligible for the Plan enter the Plan on January 1 or July 1 following their completion of one year of service.

Firm Contributions

The Firm made contributions to the Plan in amounts which are actuarially determined to be sufficient to provide the benefits which are earned by participants. Firm contributions totaled $75,139,107 and $70,863,462 for the years ended December 31, 2025 (in liquidation) and 2024 (ongoing), respectively.

Vesting

Participants have full (100%) and immediate vesting in their accrued benefit upon participation.

1. DESCRIPTION OF THE PLAN – continued

Payment of Benefits

Participants are eligible for a distribution generally upon retirement or reaching age 59 ½ (even if continuing in employment). Benefits may also be paid out to a beneficiary upon the death of a participant. The normal retirement benefit is equal to the actuarial equivalent of the participant's account balance, payable as an annuity. A participant with greater than a $5,000 vested benefit may elect to have their benefit paid in the following forms:

- Monthly single life annuity
- Single equivalent lump sum payment
- Rollover of the single equivalent lump sum amount to an IRA or qualified retirement plan

If a participant terminates for any reason other than retirement at or after normal retirement date, early retirement date, disability retirement or death, he or she shall be a terminated participant and shall be entitled to his or her accrued benefit beginning no later than his or her normal retirement date.

Temporary Benefit Restrictions

If the Plan's current value of assets is not at least 110% of the Plan's current liabilities, then the vested amount that is otherwise payable from the Plan will be limited.

Plan Expenses

All administrative expenses are paid with the assets of the Plan, unless paid by the Firm, at its discretion. During the years ended December 31, 2025 (in liquidation) and 2024 (ongoing), the Firm elected to pay all of the expenses related to the Plan. Expenses that are not paid by the Plan are excluded from the Plan’s financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Such estimates include those regarding the fair value of investments and accumulated benefit obligations. Actual results could differ from those estimates.

The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying notes to the financial statements.

Payments of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (Note 4) are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions for services rendered by the partners or employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) certain retired or terminated partners, retired or terminated employees, or their beneficiaries, and (b) certain present partners, employees, or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Risks and Uncertainties – continued

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through September 29, 2026, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Note 8.

3. OBLIGATION FOR PENSION BENEFITS

In the event the Plan terminates, the assets of the Plan, after withdrawal for expenses, will be allocated as prescribed by ERISA and its related regulations generally to provide benefits in the following order: (1) benefits called for under the Plan for those retired participants who have been receiving benefit payments for three years or who have been eligible to receive such payments for three years; (2) other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC); (3) all other vested benefits not insured by the PBGC; and (4) all nonvested benefits under the Plan. Any remaining assets, after making the allocations described above, are to be returned to the Firm.

Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. Whether a particular participant's accumulated plan benefit will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at the time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual’s monthly benefit that the PBGC guarantees.

For Plan terminations occurring during 2025 and 2024, that ceiling was $7,432 and $7,108, respectively. That ceiling applies to pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward. For all benefits greater than the PBGC ceiling, the benefits will not be guaranteed for the difference.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

An actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The accumulated plan benefits are as follows as of December 31,:

	2025	2024
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving benefits	$ -	$ -
Other participants	251,033,415	216,767,516
Total vested benefits	251,033,415	216,767,516
Nonvested benefits	-	-
Actuarial present value of accumulated plan benefits	$ 251,033,415	$ 216,767,516

The changes in accumulated plan benefits are as follows for the years ended December 31,:

	2025	2024
Actuarial present value of accumulated plan benefits at beginning of year	$ 216,767,516	$ 165,019,421
Increase (decrease) during the year attributed to:		
Benefits accumulated	75,139,107	70,863,462
Increase for interest	7,240,268	10,992,210
Benefits paid	(48,113,476)	(30,107,577)
Net increase	34,265,899	51,748,095
Actuarial present value of accumulated plan benefits at end of year	$ 251,033,415	$ 216,767,516

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS – continued

The Plan was terminated effective December 31, 2025. Upon the decision to terminate the Plan, the Plan adopted the liquidation basis of accounting in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 250, *Presentation of Financial Statements* and ASC 960, *Plan Accounting - Defined Benefit Pension Plans*. Accordingly, the going-concern presumption underlying the actuarial assumptions previously used to determine the actuarial present value of accumulated plan benefits is no longer applicable.

For the year ended December 31, 2025, the actuarial present value of accumulated plan benefits has been determined under the liquidation basis of accounting in accordance with ASC 960. The Plan is a market-based cash balance plan and all participants are expected to receive their benefits in the form of a lump sum distribution upon plan termination. Accordingly, the actuarial present value of accumulated plan benefits for all active and terminated participants who have not elected payment equals the actual cash balance account balance as of the benefit information date, as this amount represents the expected cost of settling each participant's obligation. Under this measurement approach, standard actuarial assumptions such as a discount rate and mortality are not required.

For the year ended December 31, 2024, the actuarial present value of accumulated plan benefits was determined on the going-concern basis, as the Plan had not yet been terminated. Actuarial assumptions were based on the presumption that the Plan would continue as a going concern, and the actuarial present value of accumulated plan benefits equaled the actual cash balance account balance due to the market-based nature of the Plan and the assumption that 100% of participants would elect a lump sum. No discount rate or mortality assumption was required under that methodology.

5. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedules, including assets held as of December 31, 2025 (in liquidation) and 2024 (ongoing), interest and dividend income and net realized and unrealized appreciation in fair value of investments for the years ended December 31, 2025 (in liquidation) and 2024 (ongoing), was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by First State Trust Company.

6. FAIR VALUE MEASUREMENT

FASB ASC 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

6. FAIR VALUE MEASUREMENT – continued

Level 2 Inputs to the valuation, methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Valued at amortized cost, which approximates fair value.

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interest in common/collective trust: Valued based on the net asset value (NAV) as determined by the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2025 (in liquidation) and 2024 (ongoing).

6. FAIR VALUE MEASUREMENT – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 (in liquidation):

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 1,494,106	$ -	$ -	$ 1,494,106
Interests in registered investment companies	174,702,755	-	-	174,702,755
Total investments in the fair value hierarchy	176,196,861	-	-	176,196,861
Interest in common/collective trust*	n/a	n/a	n/a	n/a
Total investments, at fair value	$176,196,861	$ -	$ -	$176,196,861

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 (ongoing):

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 4,577	$ -	$ -	$ 4,577
Interests in registered investment companies	127,667,681	-	-	127,667,681
Total investments in the fair value hierarchy	127,672,258	-	-	127,672,258
Interest in common/collective trust*	n/a	n/a	n/a	18,011,590
Total investments, at fair value	$127,672,258	$ -	$ -	$145,683,848

(*) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the investments measured at fair value based on the NAV per share as of December 31,:

	2025	2024	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Alliance Bernstein Collective Investment Trust [(a)]	$ -	$18,011,590	Daily	Daily	n/a

(a) The portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as future contracts and swap agreements), enters into "wrap" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds.

7. PARTY-IN-INTEREST TRANSACTIONS

The Firm provides certain accounting and administrative services to the Plan for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. INCOME TAX STATUS

The Plan obtained its most recent determination letter on January 8, 2026 from the Internal Revenue Service (IRS) in connection with the proposed termination of the Plan effective December 31, 2025. The IRS determination letter stated that the termination does not affect the Plan's qualification of federal tax purposes, conditioned on the adoption of the proposed amendments submitted to the IRS.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2025 (in liquidation) and 2024 (ongoing).

The Plan is subject to routine audits by the IRS and Department of Labor and there are currently no audits in progress.

Holland & Knight Cash Balance Plan - 2019

EIN / PN 59-0663819 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election:	The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).
Applicable month:	The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC
	with stabilization	without stabilization	Funding Target
First segment rate (years 0 to 4):	5.00%	5.00%	4.65%
Second segment rate (years 5 to 19):	5.27%	5.27%	5.28%
Third segment rate (years 20 and after):	5.50%	5.40%	5.63%
Effective interest rate (current year):	5.30%	5.28%	N/A

Interest crediting rate: 2.25%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Holland & Knight Cash Balance Plan - 2019

EIN / PN 59-0663819 / 005

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire at the later of age 65 and one year from the valuation date.

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 66.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2025 Generational Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

EIN / PN 59-0663819 / 005
Schedule SB, Part V - Statement of Actuarial Assumptions/Methods
Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are $0 for 2025, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2025.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
