Independent Auditor's Report

To the Investment Committee
Medical Benefits Plan for Retired Physicians and Salaried Employees of
The Permanente Medical Group, Inc.
Pleasanton, California

Opinion

We have audited the financial statements of the Medical Benefits Plan for Retired Physicians and Salaried Employees of The Permanente Medical Group, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (modified cash basis) of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting described in Note 2 of the financial statements.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2025, are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Medical Benefits Plan for Retired Physicians and Salaried Employees of The Permanente Medical Group, Inc. (the Plan) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

The Plan provides post-retirement medical, dental, prescription and supplemental benefits for certain physicians and salaried employees who retired from The Permanente Medical Group, Inc. (TPMG or the Plan Sponsor) prior to January 1, 1995. Eligibility for benefits is specified in the Plan Document. In general, eligible physicians were required to have 10 years of qualifying service and be at least age 65 or have 15 years of qualifying service and be at least age 60 at the time service ended. Eligible salaried employees were required to have 10 years of qualifying service and be at least age 65, have 15 years of qualifying service and be at least age 55, or the sum of the employee's age plus years of service at the time service ended is no less than 75. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

The Plan provides certain medical and dental benefits as well as self-insured prescription and supplemental benefits and Medicare Part B premium reimbursements to participants, their spouses and dependents. These benefits apply to participants who retired before January 1, 1995. No new participants will be admitted to this Plan other than newly eligible spouses and dependents of current participants.

Effective January 1, 2011, no dental benefits will be paid to physicians out of the Plan. All dental benefits for current and future physician retirees will be paid directly by TPMG.

Effective July 1, 2019, no supplemental medical or PPO benefits will be paid for physicians out of the Plan. All supplemental medical and PPO benefits for current and future physician retirees will be paid directly by TPMG.

The Plan Document allows TPMG to make contributions to the Plan up to certain limits. The Plan's actuary calculates the maximum contribution permitted.

Trustee

State Street Bank & Trust Company (State Street) is the custodian and trustee of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). This basis of accounting is different from GAAP in that contributions are recognized when received, deductions are recognized when paid rather than when incurred, and pending trades are recorded on a settlement date basis.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities, and the benefit obligations at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Basis of Accounting note disclosed above for discussion of income recognition. Interest income is recorded when earned. The Plan records net appreciation/ depreciation including the gain and loss on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis) and the statements of changes in net assets available for benefits (modified cash basis).

The actuarial present value of benefit obligations reported is based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Benefit Obligations

The post-retirement benefit obligations described in Note 3 represent the actuarial present value of the cost of those estimated future benefits that are attributed to eligible participants as of December 31, 2025 and 2024, based on census forecasts using employee data as of January 1, 2025 and 2024, respectively.

Post-retirement benefits include future benefits expected to be paid to currently retired physicians and employees and their beneficiaries and dependents. This obligation has not been recorded in the Plan’s basic financial statements but is disclosed in Note 3.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical medical coverage data to estimate future medical coverage costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Administrative Expenses

TPMG pays substantially all the administrative expenses of the Plan. Expenses paid by TPMG are excluded from these financial statements.

3. Post-Retirement Benefit Obligations

The post-retirement benefit obligations of the Plan, principally insurance benefits, related to the following categories of participants (including their beneficiaries and dependents):

December 31,	**2025**	2024
Current retirees	**$ 7,257,000**	$ 7,290,000

Components of the change in the Plan's post-retirement benefit obligations were as follows:

Year ended December 31,	**2025**	2024
Post-Retirement Benefit Obligations, beginning of year	**$ 7,290,000**	$ 7,446,000
Changes due to:		
Interest cost	**353,000**	354,000
Premiums and claims payments	**(877,000)**	(1,064,000)
Change in discount rate	**150,000**	(156,000)
Change in premiums and healthcare trend rates	**150,000**	644,000
Change in participation	**-**	(522,000)
Change in mortality assumption	**552,000**	-
Demographic and other miscellaneous (gain) loss	**(361,000)**	588,000
Post-Retirement Benefit Obligations, end of year	**$ 7,257,000**	$ 7,290,000

The Plan evaluates its actuarial assumptions on an annual basis. The assumptions used in determining the benefit obligation were:

December 31, 2025	
Assumed discount rate used to measure the benefit obligation	**5.25%**
Annual rate of increase in (pre-65/post-65) medical cost	**8.3%/6.5% in 2026 gradually decreasing/increasing to 4.0% in 2050**
Annual rate of increase in dental cost	**3.0%**
Mortality rate – healthy participants	**Benefit weighted Pri-2012 tables for white collar employees**
Mortality rate – disabled participants	**Pri-2012 disabled table**

December 31, 2024

Assumed discount rate used to measure the benefit obligation	5.58%
Annual rate of increase in (pre-65/post-65) medical cost	6.8%/6.0% in 2025 gradually decreasing/increasing to 4.0% in 2049
Annual rate of increase in dental cost	3.8%
Mortality rate – healthy participants	Benefit weighted Pri-2012 tables for white collar employees
Mortality rate – disabled participants	Pri-2012 disabled table

A 1% increase in the health care medical trend rate would increase the benefit obligation by $500,000. A 1% decrease in the health care medical trend rate would decrease the benefit obligation by $500,000.

4. Fair Value Measurements

The framework used to measure fair value prioritizes the inputs to valuation techniques within a hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *State and Municipal Bonds* – The investments in state and municipal bonds are valued by a third- party pricing source that incorporates market observable data such as reported sales of similar securities, broker quotes and reference data. This includes basing value on yields

currently available on comparable securities of issuers with similar credit ratings. These are considered to be Level 2 investments.

- *Money Market Funds* – Money market funds carrying amounts approximate the fair value because of the short-term nature of such instruments and are considered to be Level 2 investments.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, measured on a recurring basis, as of December 31, 2025 and 2024:

December 31, 2025

	Level 1	Level 2	Level 3	Total
State and municipal bonds	**$ -**	**$ 1,024,577**	**$ -**	**$ 1,024,577**
Money market funds	**-**	**135,844**	**-**	**135,844**
Total Investments, at fair value	**$ -**	**$ 1,160,421**	**$ -**	**$ 1,160,421**

December 31, 2024

	Level 1	Level 2	Level 3	Total
State and municipal bonds	$ -	$ 1,815,346	$ -	$ 1,815,346
Money market funds	-	144,676	-	144,676
Total Investments, at fair value	$ -	$ 1,960,022	$ -	$ 1,960,022

The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan obtained an exemption letter on December 23, 1985, in which the Internal Revenue Service stated that the Plan, as then designed, is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the exemption letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the

financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, TPMG has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, assets are to be used to provide benefits to participants and beneficiaries. No assets of the Plan may revert to the employer or be used for purposes other than for the exclusive benefit of the Plan's participants.

7. Related Party and Party-In-Interest Transactions

During the years ended December 31, 2025 and 2024, the Plan held units of a money market fund managed by SSgA Funds Management, Inc., a wholly-owned subsidiary of State Street. As State Street is the custodian and trustee of the Plan, these transactions qualify as party-in-interest.

While the transactions above are considered party-in-interest transactions under ERISA regulations, they are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Subsequent Events

Plan management has evaluated subsequent events or transactions from the date of the statement of net assets available for benefits through October 2, 2026, the date the accompanying financial statements were available to be issued. During this period, there were no material subsequent events or transactions that require disclosure to or adjustment in the financial statements.
