Independent Auditor's Report

To the Benefits Committee of
Le Moyne College 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Le Moyne College 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Le Moyne College 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2025 Financial Statements

We do not express an opinion on the accompanying 2025 financial statements of Le Moyne College 403(b) Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2025 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2025 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Le Moyne College 403(b) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 and schedule H, Line 4a - Schedule of Delinquent Participant Contributions, as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter - Auditor's Report on the 2024 Financial Statements

Predecessor auditors (Freed Maxick P.C.) performed an audit of the December 31, 2024 financial statements of Le Moyne College 403(b) Plan. On August 1, 2025, Freed Maxick P.C. joined with WithumSmith+Brown, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 1, 2025 disclaimed an opinion on the December 31, 2024 financial statements because the Plan had not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, and because the Plan excluded such contracts and accounts, and the related income and distributions, from the 2024 financial statements as permitted by DOL Field Assistance Bulletin No. 2009-02, whereas U.S. GAAP requires their inclusion. Their report also disclaimed an opinion on the 2024 supplemental schedules.

1. Description of Plan

The following description of Le Moyne College 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1962, as restated January 1, 2021. The Plan covers all employees of Le Moyne College (the "College") excluding students for employee and employer contributions, and excluding adjuncts and employees paid solely by fixed stipend for purposes of employer matching contributions. The Plan was amended effective January 1, 2025 to allow all employees (including part-time employees and adjunct faculty) except student employees to be eligible to make elective deferrals under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the College, which acts as the Plan Sponsor. Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund Plan Sponsor Services ("CREF") (collectively, "TIAA-CREF") are the custodians of the Plan. TIAA-CREF also serves as the Plan’s record keeper.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3.5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The College contributes a discretionary match at the option of the College's Board of Trustees. For the year ended December 31, 2025, the Board of Trustees approved a discretionary match amounting to 9.5% of the participants' base compensation provided those employees' individual elective deferrals equal or exceed 3.5%. This amounted to $3,761,580 for the year ended December 31, 2025.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, College matching contributions, allocations of the College's discretionary contributions, and an allocation of the Plan’s earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the College’s contributions plus actual earnings thereon.

Custodian Loans

Participants may borrow directly from the custodian, subject to certain limitations, by using a portion of their Plan account as security for the Plan loan. These loans do not occur directly within a participant's account but rather through a designated custodian account. Outstanding loan balances were $24,858 and $80,332 at December 31, 2025 and 2024, respectively, and are not reported within the accompanying financial statements of the Plan but serve as collateral against the outstanding plan loan balances. Interest on these loans is paid directly to the custodian.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 for up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

Benefits Paid Directly to Participants
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $5,000, the amount may be automatically distributed in the form of lump-sum cash payment or rollover to an IRA, depending on the balance.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The Plan was established in 1962 and historically was viewed as an amalgamation of individual annuity and custodial accounts, and the Plan and its custodians did not maintain financial information at a plan level. As of December 31, 2008, the Plan's custodians began to provide the Plan Administrator with annual certified statements summarizing the Plan's activities and holdings. Because certain historical records were not maintained or are not available at a plan level, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans (FAB 2009-02); however, U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions are not reasonably determinable.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value or net asset value ("NAV"), which approximates fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company, as applicable. See Note 5 for discussion of fair value measurements.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan's management evaluated events that occurred after December 31, 2025 through October 2, 2026, the date the financial statements were available to be issued, and determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

3. Information Certified by Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, TIAA-CREF, the custodian of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

4. TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA"), Group Retirement Annuities ("GRA"), Supplemental Retirement Annuity ("SRA"), and Group Retirement Supplemental Retirement Annuity ("GSRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rates are as follows for the years ending December 31, 2025 and 2024:

Crediting interest rates	**2025**	**2024**
Accumulating RA contracts	6.50%	5.25%
Accumulating GRA contracts	6.50%	5.25%
Accumulating SRA contracts	5.75%	4.50%
Accumulating GSRA contracts	5.75%	4.50%

The RA contract does not allow lump-sum cash withdrawals and transfers; all withdrawals and transfers from an RA contract must be spread over 10 annual installments. With the GRA contracts, lump sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over 10 annual installments (5 annual installments for withdrawals after termination of employment). The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring. The guaranteed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: The Plan's investment in the TIAA Real Estate Account is valued at the daily accumulation unit value ("AUV") of the account. Contributions to the account purchase accumulation units whose value is calculated each business day and, since October 2014, has been publicly listed on the Nasdaq website and updated for each day Nasdaq is open. Participants transact at the AUV next determined following receipt of a purchase, transfer or withdrawal request. As the Plan's units are valued using publicly available unadjusted quoted unit values for the identical investment, this investment is classified as Level 1.

TIAA Traditional Annuity Non Benefit - Responsive: Investments in non-benefit responsive TIAA Traditional Annuity contracts such as GRA and RA are contract based, therefore observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. Investments in fully benefit-responsive TIAA Traditional Annuity contracts such as SRA and GSRA are not required to be reported at fair value and are reported at contract value. As such, fully benefit-responsive investment contracts are not included in the fair value hierarchy tables below. See Note 4 for discussion of the TIAA Traditional Annuity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its evaluation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 170,403,276	$ -	$ -	$ 170,403,276
Pooled separate accounts	6,283,900	-	-	6,283,900
TIAA Traditional Annuity Non Benefit - Responsive	-	-	49,927,838	49,927,838
Total investments at fair value	$ 176,687,176	$ -	$ 49,927,838	$ 226,615,014

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 149,677,429	$ -	$ -	$ 149,677,429
Pooled separate accounts	6,418,919	-	-	6,418,919
TIAA Traditional Annuity Non Benefit - Responsive	-	-	49,302,678	49,302,678
Total investments at fair value	$ 156,096,348	$ -	$ 49,302,678	$ 205,399,026

Changes in Fair Value of Level 3 Assets
Changes in Level 3 investments were primarily due to participant contributions (purchases), benefit payments and fees (issues), and investment income. There were no transfers into or out of Level 3 during the year.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements
The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2025 and 2024, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	Fair Value December 31, 2025	Fair Value December 31, 2024	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Value
TIAA Traditional Annuity	$ 49,927,838	$ 49,302,678	Discounted Cash flow	Risk-adjusted discount rate applied	RA 3.55% to 6.50%

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment.

Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the College. No such officer or employee receives compensation from the Plan.

7. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4.50%. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

8. Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Tax Status

The College has adopted a volume submitter plan document offered by TIAA that has received an IRS Opinion Letter dated August 7, 2017, stating that the form of the volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2025 and 2024, three investments represented a concentration of greater than 10% of the Plan’s net assets available for benefits.

11. Nonexempt Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately $4,531 of participant contributions within the required time frame as prescribed by the DOL regulations. The delinquent participant contributions were corrected outside of the Voluntary Fiduciary Correction Program ("VFCP") in 2025.
