Independent Auditor's Report

To the Plan Administrator of
MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements
We have performed audits of the accompanying financial statements of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust, an Indiana employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: PLAN DESCRIPTION

The following description of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust (the Plan), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Summary Plan Description.

General: The Plan is a defined contribution 401(k) and profit-sharing plan, established March 11, 2011. The Plan is sponsored by MiraVista Diagnostics LLC (the Employer) for the benefit of its employees who have attained the age of 21 years of age, excluding those employees covered by a collective bargaining agreement, nonresident aliens, and employees resulting from a transaction described in the Internal Revenue Code (IRC) section 410(b)(6)(C). The Plan is subject to the provisions of ERISA.

Contributions: Participants may elect to contribute to the Plan the maximum amount of annual compensation prescribed under the IRC. The Plan allows for pre-tax and Roth 401(k) contributions. Direct rollover contributions, amounts representing distributions from other qualified plans, are also allowed in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions.

Contributions to the Plan by the Employer are provided by safe harbor matching employer contributions. The Employer has elected to make contributions in an amount of 3% of an eligible participant's compensation for the Plan year. The Employer may also make, at its discretion, additional profit-sharing contributions on behalf of eligible participants at the Plan's year end. Discretionary profit-sharing contributions are allocated, pro-rata, based on each qualifying participant's compensation for the Plan year.

The Plan follows Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 326, *Financial Instruments – Credit Losses*. The standard requires recognition of an allowance that reflects a current estimate of credit losses expected to be incurred over the life of the asset. As of December 31, 2025 and December 31, 2024, there were no allowances for uncollectible receivables for either year end.

Participant's Accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, Plan earnings, an allocation of administrative expenses, and charged with withdrawals and loans, if applicable. Allocations are based on participant earnings, contributions or account balances, as defined. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their deferral contributions and earnings. Participants are also immediately vested in the Employer's safe harbor matching contributions and the related earnings, as well as the Employer's discretionary profit-sharing contributions and earnings.

Plan Benefits: The benefits to which a participant is entitled are the benefits that can be provided from the participant's individual accounts. Benefits are payable upon retirement or upon becoming disabled, employment termination, hardships, in-service, or death. Hardship withdrawals are permitted by the Plan of a Participant's deferral and Roth 401(k) contributions, and the Employer's matching and discretionary profit-sharing contributions.

Note 1: PLAN DESCRIPTION (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is lower. However, the $50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. Interest income from participant loans were $2,737 and $1,876 for the years ended December 31, 2025 and December 31, 2024. Participant loans are valued at the amortized cost of the loans as the loans are secured by each respective participant's account balances.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies followed by the Plan are listed below:

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan provides for certain investment options. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and December 31, 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses: Administrative expenses may be paid by the Employer or the Plan, at the Employer's discretion.

Note 3: INVESTMENTS

Investments held by the Plan were as follows at December 31, 2025 and December 31, 2024:

Description:	December 31, 2025	December 31, 2024
Common collective trust funds	$ 6,780,551	$ 5,504,454
Money market fund	1,364,495	1,321,159
Totals	$ 8,145,046	$ 6,825,613

The Plan's investments, (including investments bought, sold, and held during the year) appreciated by $958,896 and $699,108 for the years ended December 31, 2025 and December 31, 2024.

Interest and dividends reported by the Trustee for the years ended December 31, 2025 and December 31, 2024 were $55,267 and $65,751.

Note 4: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements,* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4: FAIR VALUE MEASUREMENTS (continued)

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments, apply to investments held directly by the Plan.

Money market fund and cash equivalents: The fair values are determined by obtaining the closing price reported in the active market in which the individual fund is traded.

Common collective trust funds: Valued based on calculating a unit value on the net assets of the underlying portfolio of securities, as reported by the manager of the fund. The net asset value is used as the practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and December 31, 2024:

	Fair Value Measurements at Reporting Date			
	Level 1	Level 2	Level 3	Total
December 31, 2025				
Money market fund	$ 1,364,495	$ -	$ -	$ 1,364,495
Total assets in the fair value hierarchy	$ 1,364,495	$ -	$ -	1,364,495
Investments measured at net asset value*:				
Common collective trust funds				6,780,551
Total assets				$ 8,145,046

	Fair Value Measurements at Reporting Date			
	Level 1	Level 2	Level 3	Total
December 31, 2024				
Money market fund	$ 1,321,159	$ -	$ -	$ 1,321,159
Total assets in the fair value hierarchy	$ 1,321,159	$ -	$ -	1,321,159
Investments measured at net asset value*:				
Common collective trust funds				5,504,454
Total assets				$ 6,825,613

Note 4: FAIR VALUE MEASUREMENTS (continued)

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the years ended December 31, 2025 and December 31, 2024, there were no significant transfers between levels.

Investments measured using the net asset value per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of the years ended December 31, 2025 and December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated August 31, 2020, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to examinations for a period of three years from the date the Form 5500 was filed.

Notes to Financial Statements

December 31, 2025 and December 31, 2024

Note 6: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. All professional fees for the administration and audit of the Plan are paid by the Plan or the Employer. Fees paid by the Plan during the years ended December 31, 2025 and December 31, 2024, for services rendered by parties-in-interest, as defined by ERISA, were based on contractual and reasonable rates for their services.

Additionally, the Plan held notes receivable totaling $37,013 and $33,382 at December 31, 2025 and December 31, 2024, which qualify as party-in-interest transactions. No loans were deemed in default or uncollectible at December 31, 2025 or December 31, 2024, respectively.

Note 7: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and December 31, 2024, Note 3, and the supplemental Schedule H, line 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2025; and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and December 31, 2024.

Note 8: RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statement to the Form 5500:

	Year Ended December 31, 2025	Year Ended December 31, 2024
Net assets available for benefits per the financial statements	$ 8,717,466	$ 7,354,345

Independent Auditor's Report

To the Plan Administrator of
MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements
We have performed audits of the accompanying financial statements of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust, an Indiana employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: PLAN DESCRIPTION

The following description of MiraVista Diagnostics LLC 401(k) Profit Sharing Plan and Trust (the Plan), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Summary Plan Description.

General: The Plan is a defined contribution 401(k) and profit-sharing plan, established March 11, 2011. The Plan is sponsored by MiraVista Diagnostics LLC (the Employer) for the benefit of its employees who have attained the age of 21 years of age, excluding those employees covered by a collective bargaining agreement, nonresident aliens, and employees resulting from a transaction described in the Internal Revenue Code (IRC) section 410(b)(6)(C). The Plan is subject to the provisions of ERISA.

Contributions: Participants may elect to contribute to the Plan the maximum amount of annual compensation prescribed under the IRC. The Plan allows for pre-tax and Roth 401(k) contributions. Direct rollover contributions, amounts representing distributions from other qualified plans, are also allowed in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions.

Contributions to the Plan by the Employer are provided by safe harbor matching employer contributions. The Employer has elected to make contributions in an amount of 3% of an eligible participant's compensation for the Plan year. The Employer may also make, at its discretion, additional profit-sharing contributions on behalf of eligible participants at the Plan's year end. Discretionary profit-sharing contributions are allocated, pro-rata, based on each qualifying participant's compensation for the Plan year.

The Plan follows Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 326, *Financial Instruments – Credit Losses*. The standard requires recognition of an allowance that reflects a current estimate of credit losses expected to be incurred over the life of the asset. As of December 31, 2025 and December 31, 2024, there were no allowances for uncollectible receivables for either year end.

Participant's Accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, Plan earnings, an allocation of administrative expenses, and charged with withdrawals and loans, if applicable. Allocations are based on participant earnings, contributions or account balances, as defined. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their deferral contributions and earnings. Participants are also immediately vested in the Employer's safe harbor matching contributions and the related earnings, as well as the Employer's discretionary profit-sharing contributions and earnings.

Plan Benefits: The benefits to which a participant is entitled are the benefits that can be provided from the participant's individual accounts. Benefits are payable upon retirement or upon becoming disabled, employment termination, hardships, in-service, or death. Hardship withdrawals are permitted by the Plan of a Participant's deferral and Roth 401(k) contributions, and the Employer's matching and discretionary profit-sharing contributions.

Note 1: PLAN DESCRIPTION (continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is lower. However, the $50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous one-year period. Interest income from participant loans were $2,737 and $1,876 for the years ended December 31, 2025 and December 31, 2024. Participant loans are valued at the amortized cost of the loans as the loans are secured by each respective participant's account balances.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies followed by the Plan are listed below:

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties: The Plan provides for certain investment options. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and December 31, 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2025 and December 31, 2024

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses: Administrative expenses may be paid by the Employer or the Plan, at the Employer's discretion.

Note 3: INVESTMENTS

Investments held by the Plan were as follows at December 31, 2025 and December 31, 2024:

Description:	December 31, 2025	December 31, 2024
Common collective trust funds	$ 6,780,551	$ 5,504,454
Money market fund	1,364,495	1,321,159
Totals	$ 8,145,046	$ 6,825,613

The Plan's investments, (including investments bought, sold, and held during the year) appreciated by $958,896 and $699,108 for the years ended December 31, 2025 and December 31, 2024.

Interest and dividends reported by the Trustee for the years ended December 31, 2025 and December 31, 2024 were $55,267 and $65,751.

Note 4: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements,* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4: FAIR VALUE MEASUREMENTS (continued)

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments, apply to investments held directly by the Plan.

Money market fund and cash equivalents: The fair values are determined by obtaining the closing price reported in the active market in which the individual fund is traded.

Common collective trust funds: Valued based on calculating a unit value on the net assets of the underlying portfolio of securities, as reported by the manager of the fund. The net asset value is used as the practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and December 31, 2024:

	Fair Value Measurements at Reporting Date			
	Level 1	Level 2	Level 3	Total
December 31, 2025				
Money market fund	$ 1,364,495	$ -	$ -	$ 1,364,495
Total assets in the fair value hierarchy	$ 1,364,495	$ -	$ -	1,364,495
Investments measured at net asset value*:				
Common collective trust funds				6,780,551
Total assets				$ 8,145,046

	Fair Value Measurements at Reporting Date			
	Level 1	Level 2	Level 3	Total
December 31, 2024				
Money market fund	$ 1,321,159	$ -	$ -	$ 1,321,159
Total assets in the fair value hierarchy	$ 1,321,159	$ -	$ -	1,321,159
Investments measured at net asset value*:				
Common collective trust funds				5,504,454
Total assets				$ 6,825,613

Note 4: FAIR VALUE MEASUREMENTS (continued)

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the years ended December 31, 2025 and December 31, 2024, there were no significant transfers between levels.

Investments measured using the net asset value per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of the years ended December 31, 2025 and December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated August 31, 2020, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to examinations for a period of three years from the date the Form 5500 was filed.

Notes to Financial Statements

December 31, 2025 and December 31, 2024

Note 6: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. All professional fees for the administration and audit of the Plan are paid by the Plan or the Employer. Fees paid by the Plan during the years ended December 31, 2025 and December 31, 2024, for services rendered by parties-in-interest, as defined by ERISA, were based on contractual and reasonable rates for their services.

Additionally, the Plan held notes receivable totaling $37,013 and $33,382 at December 31, 2025 and December 31, 2024, which qualify as party-in-interest transactions. No loans were deemed in default or uncollectible at December 31, 2025 or December 31, 2024, respectively.

Note 7: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
