INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit -

We have performed an audit of the accompanying financial statements of **Sun West Mortgage Co. 1081.01(d) Plan** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Sun West Mortgage Co. 1081.01(d) Plan** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (mutual funds and guaranteed insurance contract) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Empower Annuity Insurance Company of America (guaranteed insurance contract) and Empower Trust Company, LLC. (investments) as of December 31, 2025 and for the period ended December 31, 2025, stating that the certified investment information, as described in **Note 2** to the financial statements, is complete and accurate.

Opinion -

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion -

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Sun West Mortgage Co. 1081.01(d) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements -

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Sun West Mortgage Co. 1081.01(d) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements -

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Sun West Mortgage Co. 1081.01(d) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Sun West Mortgage Co. 1081.01(d) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA -

The supplemental schedule of Schedule H, Part IV – Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

Other Matter - Unaudited Comparative Information -

The accompanying comparative financial information and notes to the financial statements of the Plan as of and for the year ended December 31, 2024, has not been audited, reviewed, or compiled by us, and, accordingly, we do not express an opinion, a conclusion, nor provide any assurance on it.

1) Description of plan and summary of significant accounting policies -

A) Description of Plan: The following description of the Sun West Mortgage Co. 1081.01(d) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Sun West Mortgage Company, Inc. (the Plan Sponsor) under the provisions of Section 1081.01(d) of the Internal Revenue Code for a New Puerto Rico of 2011, as amended (the Code), which includes a qualified cash or deferred compensation arrangement, for the benefit of eligible employees of the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - All employees aged 21 years and older are enrolled automatically in the Plan with no service requirement. Employees under a collective bargaining agreement, Puerto Rico nonresident employees, and leased employees are not eligible to participate in the Plan.

Contributions - Each participants may contribute a minimum of 1% of his or her eligible compensation on a pre-tax basis subject to limitations ($15,000 for 2025 - normal age) under the "Código de Rentas Internas para un Nuevo Puerto Rico", as amended. Participants are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. All employees automatically enroll in the Plan at a contribution rate of 2%. Contributions are invested in a target date fund until the participant directs investment of the automatic deferrals into another investment option offered by the Plan. The participants may modify their salary deferral elections at each payroll period.

The Plan Sponsor may make contributions in one or more installments for the Plan's year, in such amounts that it determines and are allocated to participants on a pro-rata percentage based on compensation. During the year ended December 31, 2025, the matching contribution was 1% of the employees' compensation, as defined. Additional profit-sharing amounts are not made.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Plan Sponsor contributions are vested as follows: at least 2 years of service 20%, at least 3 years of service 40%, at least 4 years of service 60%, at least 5 years of service 80% and at least 6 years of service 100%.

Notes receivable from participants - A participant may apply for a loan to be made from his or her vested account balance in the Plan not to exceed the lesser of 50% of the participant's vested account balance in the Plan, or $50,000, and a minimum amount of $1,000. Loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. As of December 31, 2025, interest rates ranged from 8%-9.50%, and maturities ranged from 1 to 5 years. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures - As established by Plan document, forfeitures may be used to reduce Plan's administrative expenses or future Plan Sponsor's contributions. As of December 31, 2025, and 2024, forfeiture contributions (invested in a guaranteed insurance contract) amounted to approximately $13,900 and $10,700, respectively.

Plan termination - Although it has not expressed any intent to do so, the Plan's Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Party-in-interest - During the years ended December 31, 2025 and 2024, certain Plan assets are investment funds managed by Empower Annuity Insurance Company (guaranteed insurance contract) and Empower Trust Company, LLC. (investments) which acted as the trustee of the Plan. Accordingly, transactions qualify as party-in-interest under ERISA regulations.

B) Summary of significant accounting policies: The accounting and financial reporting policies followed by the Plan conform with accounting principles generally accepted in the United States of America and to prevailing practices within its industry. The following is a description of the most significant of these policies:

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - Preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's unrealized gains and losses on investments held as of year-end.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of benefits - Benefits are recorded when paid.

Operating expenses - Administrative expenses include participant loan fees, monthly and quarterly assets fees, quarterly contract charges and withdrawal charges. Participants who take a loan from the Plan incur a one-time fee for establishing the loan as well as a quarterly loan administration fee. These fees are charged directly to the individual participant's accounts. All other administrative expenses are paid and absorbed by the Plan Sponsor.

Subsequent events- In accordance with ASC 855 - *Subsequent Events*, the Plan evaluated subsequent events through September 22, 2026, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

2) Information certified by qualified institutions -

The following information included in the accompanying financial statements as of December 31, 2025 and 2024 and in the supplemental schedule as of December 31, 2025, was obtained from data that has been prepared and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. which are a party-in-interest under ERISA regulations.

Investment Description	2025	2024
Mutual funds, at fair value	**$ 1,375,557**	$ 1,084,648
Key guaranteed portfolio fund, at contract value	**13,932**	10,665
	$ 1,389,489	$ 1,095,313

3) Fair value measurements -

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

		Assets at Fair Value as of December 31, 2025		
Investment Description	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Mutual funds	**$ 1,375,557**	**$ 1,375,557**	**$ -**	**$ -**

		Assets at Fair Value as of December 31, 2024		
Investment Description	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 1,084,648	$ 1,084,648	$ -	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following is a description of the valuation methodology used for assets measurement at fair value:

Level 1 fair value measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 fair value measurements - The fair value of investment funds for which quoted market prices are not available are valued based on the market approach which utilizes prices and other relevant information generated by market transactions involving identical assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from independent sources. The availability of observable market data is monitored to assess the appropriate classification of financial instruments with the fair value hierarchy.

The Key Guaranteed Portfolio Fund which is issued by Empower Annuity Insurance Company of America is a fully-benefit responsive contract which is invested in the general account of the insurance company. It has no maturity value. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest credit rate is reset quarterly. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of the transfers between levels based upon the nature of the financial information and size of the transfer relative to total net assets available for benefits. During the years ended December 31, 2025 and 2024, there were no significant transfers into or out levels 1, 2 or 3.

The Plan's fiduciaries set investment policies and strategies for trust. Long-term strategic investment objectives include preserving the funded status of the trust and balancing risk and return. Plan's fiduciary oversees the investment allocation process, which includes selecting investment managers, commissioning periodic asset-liability studies, setting long-term strategic targets and monitoring asset allocations.

4) Investment contract with insurance company -

The Plan entered into a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (EAICA). It maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. As described in the basis of accounting disclosure because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by EAICA represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract approximates the contract value. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. During the years ended December 31, 2025 and 2024, the average yield earned amounted to 1.45% and 1.41%, respectively.

5) Tax status -

The employer adopted a prototype plan that has received a favorable determination letter from the Puerto Rico Department of Treasury (PRTD) in August 2023. The determination stated that the prototype plan was designed in accordance with the applicable sections of the Code and therefore, exempt from income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the PRTD. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6) Risk and uncertainties -

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
